Bursting onto the music scene in the 70 s Chas n Dave released songs that spoke about life in London using their own accents rather than the fashionable but fake transatlantic twang They knew that if they wrote and sang about their own experience rather than simply making up the bollocks that was normally expected then people would be interested With hits like Gertcha Rabbit The Sideboard Song and Margate they created a sound that was uniquely British and rockin to boot What most people don t know is that both Chas and Dave had previous careers playing with the likes of Jerry Lee Lewis nor the stories about getting nicked fishing getting cracked onto by dodgy producers going barmy locked in recording studios playing with the Beatles and generally getting pissed and having a laugh If you ve ever wondered what makes this legendary duo tick or even which one is bloody which then this is the book for you Cultural Planning Graeme Evans,2002-09-26

Using an historic and contemporary analysis Cultural Planning examines how and why the cultures have been planned and the extent to which cultural amenities have been considered in town planning From its ancient roots in the cities of classical Athenian Roman and Byzantium empires to the European Renaissance public culture shows both an historic continuity and contemporary response to economic and social change Whilst the arts are considered an extension of welfare provision and human rights the creative industries and cultural tourism are also vital for economic growth and employment in the post industrial age However the new Grand Projects which look to the arts as an element of urban regeneration tend to be at the cost of both local cultural amenities and a culturally diverse society Cultural Planning is the first book on the planning of the arts and culture and the interaction between the state arts policy the cultural economy and town and city planning It uses case studies and examples from Europe North America and Asia The book calls for the adoption of consultative planning policy distributive models and a more integrated approach to both culture and urban design to prevent the reinforcement of existing geographical and cultural divides **The Works of the most Reverend Father in God, John Bramhall ...**
