This Commitment Statement was developed on Kurna Yerta (Kurna Country). We pay our respects to Kurna Yerta and Elders past and present. The artwork in the Commitment Statement depicts traditional Tarntanya (Adelaide) and Mikkawomma (Adelaide Plains).

Our responsibility is to drive a cultural shift to make a systematic difference in mathematics education for Aboriginal and Torres Strait Islander learners. We commit to:

- Truth-telling which recognises the past and builds capacity for the future.
- Building relationships by listening to and learning from and with Aboriginal and Torres Strait Islander Communities.
- Creating sustainable partnerships based on trust and respect.
- Leading and supporting culturally responsive practices.
- Advocating for a shared understanding of success.

In doing so, we agree to be unwavering and accountable in actioning this commitment to achieve positive outcomes for Aboriginal and Torres Strait Islander learners.

Gateway to the New Leadership Martin Mourier, 2012 J rgen Vig Knudstorp CEO LEGO Group says about this book First of all I want to thank you Martin because you took the time and energy and used your intellect to write this book a book which you asked me to write a few comments about Seldom have I to such a degree identified myself with the storyline of a non fictional book and seldom during my recent readings have I thought this this is me or this is exactly how I felt and reacted rightly or wrongly for good or for bad Just as often I thought but that s exactly what I do but it s not working or God my team and my management are really deteriorating or maintaining instead of developing Just as often I thought but that step 2 with the self esteem based characteristics that s what others have made fun of and said I did wrong even though it felt right This is definitely the way forward in future management instead of hanging on to and being stuck in the past The main message for me has been the importance of emotional and relational management of teams and the organisation alongside the rational and contextual The central point being how the relational is just as much a discipline and experience that is hard to learn properly in line with the professional and contextual The book maps out my next ten years as a leader and makes it evident that a gut feeling is actually an ability of its own I find that there is so much material here and so much more to think about This book is just the beginning of much more insight I ve gone back and looked in my notes where I ve written Christ this is really amazing it s just so me to be me I m best when I m just me The better I become the more I m just me and the other way round In an article in the daily B rsen about myself the title This Kierkegaardian self acknowledgement was used So I would like to say thank you so VERY much This book has done me an enormous favour and will be one for many more leaders J rgen Vig Knud The Legal News
