employment business elites market reforms and development aid **Economy, Culture, and Civil War in Sri Lanka** Deborah Winslow, Michael D. Woost, 2004-09-02 Will be of interest to those working on conflict and peace studies economic development cultural studies and women in the modern world A key new publication Chandra R de Silva Old Dominion University offers a superb overview of how a civil war driven by ethnicity can engender a new culture and a new political economy Highly recommended Choice Economy Culture and Civil War in Sri Lanka provides a lucid and up to date interpretation of Sri Lankan society and its 20 year civil conflict An interdisciplinary examination of the relationship between the economy broadly defined and the reproduction of violent conflict this volume argues that the war is grounded not just in the goals and intentions of the opposing sides but also in the everyday orientations experiences and material practices of all Sri Lankan people The contributors explore changing political and policy contexts the effect of long term conflict on employment opportunities and life choices for rural and urban youth life histories memory and narratives of violence the economics of enlisting and individual decisions about involvement in the war and nationalism and the moral debate triggered by women's employment in the international garment manufacturing industry Contributors are Francesca Bremner Michele Ruth Gamburd Newton Gunasinghe Siri T Hettige Caitrin Lynch John M Richardson Jr Amita Shastri Deborah Winslow and Michael D Woost **The Separatist Conflict in Sri Lanka** Asoka Bandarage, 2008-11-19 The book provides a detailed historically based analysis of the origin evolution and potential resolution of the civil conflict in Sri Lanka over the struggle to establish a separate state in its Northern and Eastern provinces This conflict between the Sri Lankan government and the secessionist LTTE Liberation Tigers of Tamil Eelam is one of the world's most intractable contemporary armed struggles The internationally banned LTTE is considered the prototype of modern terrorism It is known to have introduced suicide bombing to the world and recently became the first terrorist organization ever to acquire an air force The iron law of ethnicity the assumption that cultural difference inevitably leads to conflict has been reinforced by the 9 11 attacks and conflicts like the one in Sri Lanka However the connections among ethnic difference conflict and terrorism are not automatic This book broadens the discourse on the separatist conflict in Sri Lanka by moving beyond the familiar bipolar Sinhala versus Tamil ethnic antagonism to show how the form and content of ethnicity are shaped by historical social forces It develops a multipolar analysis which takes into account diverse ethnic groups intra ethnic social class caste and other variables at the local regional and international levels Overall this book presents a conceptual framework useful for comparative global conflict analysis and resolution shedding light on a host of complex issues such as terrorism civil society diasporas international intervention and secessionism International Mediation in Civil Wars Timothy D Sisk, 2009-01-08 This book evaluates the role of international mediators in bringing civil wars to an end and makes the case for powerful peacemaking using incentives and sanctions to leverage parties into peace As internal violence within countries is a hugely significant threat to international peace in the post Cold War era the question of how these wars end has become an urgent research

and policy question This volume explores a critical aspect of peacemaking that has yet to be sufficiently evaluated the turbulent period beyond the onset of formal or open negotiations to end civil wars and the clinching of an initially sustainable negotiated settlement The book argues that the transnational flow of weapons resources and ideas means that when civil wars today end they are more likely to do so at the negotiating table than on the battlefield It uses bargaining theory to develop an analytical framework to evaluate peace processes moving from stalemate in wars to negotiated settlement and it rigorously analyses the experiences of five cases of negotiated transitions from war and the role of international mediators South Africa Liberia Burundi Kashmir and Sri Lanka

The Paradoxes of Peacebuilding Post-9/11 Stephen Baranyi, 2009-02-01 What kind of peace is possible in the post 9 11 world Is sustainable peace an illusion in a world where foreign military interventions are replacing peace negotiations as starting points for postwar reconstruction What would it take to achieve durable peace in contexts as different as Afghanistan Mozambique and Sri Lanka This book presents six provocative case studies authored by respected peacebuilding practitioners in their own societies The studies address two cases of relative success Guatemala and Mozambique three cases of renewed but deeply fraught efforts Afghanistan Haiti and the Palestinian Territories and the case of Sri Lanka where peacebuilding was aborted but where the outlines of a new peace process can be discerned The book also includes original analyses of demobilization disarmament and reintegration processes in three different contexts written by teams of Northern and Southern analysts The Paradoxes of Peacebuilding Post 9 11 bridges the gap between minimalist and maximalist approaches to peacebuilding and gives voice to Southern researchers in Northern dominated debates It will interest practitioners and students of peace security and development studies as well as policymakers at many levels of government

State Failure and State Weakness in a Time of Terror Robert I. Rotberg,2004-05-13 The threat of terror which flares in Africa and Indonesia has given the problem of failed states an unprecedented immediacy and importance In the past failure had a primarily humanitarian dimension with fewer implications for peace and security Now nation states that fail or may do so pose dangers to themselves to their neighbors and to people around the globe preventing their failure and reviving those that do fail has become a strategic as well as a moral imperative State Failure and State Weakness in a Time of Terror develops an innovative theory of state failure that classifies and categorizes states along a continuum from weak to failed to collapsed By understanding the mechanisms and identifying the tell tale indicators of state failure it is possible to develop strategies to arrest the fatal slide from weakness to collapse This state failure paradigm is illustrated through detailed case studies of states that have failed and collapsed the Democratic Republic of the Congo Sierra Leone the Sudan Somalia states that are dangerously weak Colombia Indonesia Sri Lanka Tajikistan and states that are weak but safe Fiji Haiti Lebanon

The Political Economy of Peacemaking Achim Wennmann,2010-12-14 This book focuses on the economic dimensions of peace processes and examines the opportunities and constraints for assisting negotiated exits out of conflict Various works have addressed the economic characteristics and consequences of armed conflicts over the past two decades including issues such as blood diamonds natural resource wars economically motivated armed violence self financing conflict or the complicity of companies and state elites in conflict economies However rather than treating these issues as obstacles for peace this book

explores whether they can be opportunities for peacemaking by adopting a political economy perspective The book looks at income sharing from natural resources as an opportunity for forward looking peacemaking strategies and the implications of deal making in situations in which war economies and insecurity provide strongmen with disproportionate political and economic power The book also highlights that peace processes are not necessarily about the rectification of a conflict's root causes but rather about what matters most to the main stakeholders at the moment when a peace process starts taking shape Finally efforts to establish a lasting peace need to go beyond the traditional set of actors associated with peace processes The strategic involvement of donor agencies companies and diaspora communities can strengthen forward looking peace processes The book will help both student and practitioner audiences to better understand armed conflicts and their belligerents optimize the planning and management of peace initiatives and shape expectations in peace agreements It will be of much interest to students of peacebuilding conflict studies development studies International Political Economy and International Relations in general

South Asia P. R. Kumaraswamy, Ian Copland, 2013-10-18 Since the partition of the subcontinent along communal lines political violence has increased in South Asia Terrorism is one such manifestation of this violence This book witnesses serious assessment of various aspects of terrorism that are affecting South Asia as eight scholars of international repute take a closer look at the problem These essays discuss how terrorist activity in the region during the past few decades can be directly linked to religion centric violence Apart from other events this book looks at prolonged terrorism in Punjab militancy in Kashmir ethnic conflict in Sri Lanka insurgency in northeast India Maoist insurgency in Nepal and sectarian conflict in Pakistan

Sri Lanka in the Modern Age Nira Wickramasinghe, 2006-03-31 Since the late 1970s civil war has left Sri Lanka in an almost permanent state of crisis conventional histories of the country by liberal and Marxist scholars in the last two decades have thus tended to focus on the state's failure to accommodate the needs and demands of the minorities The entire history of the twentieth century has been tied to this one key issue Sri Lanka in the Modern Age offers a fresh perspective based on new research Above all the author has written a history of the peoples of Sri Lanka rather than a history of the nation state
