Law-Making and Legitimacy in International Humanitarian Law Püschmann, Jonas, 2021-10-19 International Humanitarian Law IHL is in a state of some turbulence as a result of among other things non international armed conflicts terrorist threats and the rise of new technologies This incisive book observes that while states appear to be reluctant to act as agents of change informal methods of law making are flourishing Illustrating that not only courts but various non state actors push for legal developments this timely work offers an insight into the causes of this somewhat ambivalent state of IHL by focusing attention on both the legitimacy of law making processes and the actors involved **LBL Newsmagazine**, 1986 **Journal of Business and Technical Communication**, 1989 How to Write for the World of Work Thomas E. Pearsall, Donald H. Cunningham, 1994 How to Write for the World of Work incorporates up to date research and communication practices and many other developments in the work place The long anticipated revision reflects the increased diversification and professionalism of the workforce the globalization of the workplace and the expansion of computers and electronic media that have influenced all aspects of communication *International Journal of Electrical Engineering Education*, 1985 Weinberg on Writing Gerald M. Weinberg, 2006 The author reveals his secrets for gathering organizing and discarding writing ideas Drawing an analogy to the stone by stone method of building fieldstone walls Weinberg shows writers how to construct fiction and nonfiction manuscripts from key insights stories and quotes The elements or stones are collected nonsequentially over time and eventually find logical places in larger pieces The method renders writer s block irrelevant and has proved effective for scores of Weinberg s writing class students who have collectively published more than 100 books If you ve ever wanted to write a book or article or need a fresh approach to your writing career try what works for Weinberg and gather your best ideas into beautiful stone walls *Creating Intelligent Content with Lightweight DITA* Carlos Evia, 2018-12-07 *Creating Intelligent Content with Lightweight DITA* documents the evolution of the Darwin Information Typing Architecture DITA a widely used open standard for structuring technical content DITA has grown in popularity and features since its origins as an internal grammar for structuring technical documentation at IBM This book introduces Lightweight DITA LwDITA which should be read as Lightweight DITA as a proposed version of the DITA standard that reduces its dependence on complex Extensible Markup Language XML structures and simplifies its authoring experience This volume aims to reconcile discrepancies and similarities in methods for authoring content in industry and academia and does so by reporting on DITA s evolution through the lens of computational thinking which has been connected in scholarship and media to initiatives for learning to code and programming Evia s core argument is that if technical communicators are trained with principles of rhetorical problem solving and computational thinking they can create structured content in lightweight workflows with XML HTML5 and Markdown designed to reduce the learning curve associated with DITA and similar authoring methodologies At the same time this book has the goal of making concepts of structured authoring and

intelligent content easier to learn and teach in humanities based writing and communication programs This book is intended for practitioners and students interested in structured authoring or the DITA standard
