Creation Of Meaning In Clinical Social Work:

The Creation of Meaning in Clinical Social Work Carolyn Saari, 1991-09-20 Reflecting the trend of constructivist thinking across the sciences this volume provides a framework for integrating newer ideas with the traditional practice of clinical social work Its underlying assumptions are that construction of a mutual meaning system between therapist and client is essential for treatment and that identity complexity is essential to healthy adaptation Relating to former notions of process and content in treatment this volume by Carolyn Saari illuminates these concepts In her previous book *Clinical Social Work Treatment How Does It Work* Saari demonstrated the importance of a shared meaning system in treatment In this significant new work she offers a detailed examination of the manner in which such meaning is constructed She also shows how this theory more adequately bridges the gaps between the intrapsychic and the interpersonal as well as between the individual and the social structure As she explains in her introduction the adaptive point of view has provided an inadequate foundation for clinical social work theory A theory of meaning in which psychological health is indicated by a constructed personal meaning system or identity that is highly differentiated articulated and integrated is proposed to take the place of conceptualizations about adaptation This theory of meaning which includes the idea that what the child internalizes is his or her experiences with the world is believed to hold more utility for understanding the psychological effects of phenomena such as racism and social oppression In an intellectual climate involving much heated debate between treatment methodologies based upon scientific empiricism and those based on hermeneutics Saari argues that clinical theory must rely on both a causal developmental science and on a theory of meaning that involves the narrative construction of the possible Her work lays the foundation for sorting out the aspects of clinical theory that involve each of these ways of thinking and for exploring their interaction Providing the basis for a deeper understanding of the complexities of human functioning and clinical practice this volume is an enlightening guide for advanced graduate students and an invaluable resource for practicing clinicians

Human Behavior Theory and Social Work Practice Roberta R. Greene, 2017-07-28 Human Behavior Theory and Social Work Practice remains a foundation work for those interested in the practice and teaching of social work Roberta Greene covers theoretical areas and individual theorists including classical psychoanalytic thought Eriksonian theory Carl Rogers cognitive theory systems theory ecological perspectives social construction feminism and genetics She discusses the historical context its philosophical roots and major assumptions of each theory The general theme which distinguishes this volume is that the person in environment perspective has been a central influence in the formation of the profession s knowledge base as well as its approach to practice Greene provides perspective on how individuals and social systems interact This book examines how social workers can use theory to shape social work practice by increasing his or her understanding of and potential for enhancing human well being Greene covers the relationship between human behavior theory and professional social work practice She also explores the challenges and limitations of each theory and addresses

the following issues how the theory serves as a framework for social work practice how the theory lends itself to an understanding of individual family group community or organizational behavior what the implications are of the theory for social work interventions or practice strategies and what role it proposes for the social worker as a change agent Throughout the profession s history social workers have turned to a number of theoretical approaches for the organizing concepts needed to define their practice base The aims of social work to improve societal conditions and to enhance social functioning of and between individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings This third edition completely revised represents a fundamental contribution to the field and like its predecessors will be widely used as a basic text

Human Behavior theory and Social Work Practice, Second Edition Roberta Rubin Greene, Human Behavior Theory Roberta R. Greene, Nancy Kropf, 2017-07-12 As American society becomes increasingly diverse social workers must use a variety of human behavior frameworks to understand their clients culturally complex concerns This text applies specific human behavior theories to diversity practice They show how human behavior theory can be employed in interventions in the life problems of diverse client populations at the individual group social network and societal levels Several groups are examined They include minority groups ethnic groups women older adults members of certain social classes affected by economic and educational disadvantage especially those living in poverty people with developmental disabilities people of varying sexual and gender orientations and religious groups Case studies that illustrate social work practice in the area are highlighted The case studies include Social Work Practice within a Diversity Framework The Social Work Interview Symbolic Interactionism Social Work Assessment Meaning and Language Erikson s Eight Stages of Development Role Theory and Social Work Practice A Constructionist Approach Risk Resilience and Resettlement Addressing Diverse Family Forms Small Group Theory Natural Social Networks Power Factors in Social Work Practice This volume will be a fundamental resource for practitioners and an essential tool for training

Reinventing Human Services Kristine Nelson, Paul Adams, 2011-12-31 Dissatisfaction with a human services system that is unresponsive stigmatizing and ineffective has led to a ferment of experimentation in recent years Reinventing Human Services examines the historical and economic context of current efforts to reinvent human services showing the urgency and the difficulty of the task It draws on successful examples in Britain Canada and the United States to develop a new paradigm for social work practice one that integrates individual family and community levels of practice and reconceptualizes professional community relations The interdisciplinary team of authors includes scholars researchers and practitioners from the disciplines of economics urban planning communications criminal justice psychology marriage and family therapy education and social work

Child Welfare in the Legal Setting Thomas M O'Brien, 2013-04-03 Explore legal issues that often hinder the work of child welfare practitioners Child Welfare in the Legal Setting A Critical and Interpretive Perspective is a revolutionary study of the child welfare system that is essential for practitioners educators and students interested in public child welfare

work It examines the legal system surrounding child welfare workers and highlights their need for agency specific training This insightful book challenges the traditional rules of child welfare and paves the way for alternate methods of conceptualizing and organizing child protection It explores why many family interventions fail and others never even occur By identifying incongruities between the philosophy of child welfare and its function this book advocates a more individualistic and efficient technique for assisting clients Addressing issues and challenges from the initial identification of problems to navigating the legal system this book is also thorough enough for public child welfare workers who want to take their skills to the next level The large system perspective in this book uses the concentric circle model the rational legal model of legal and court action and the ritualized process model to examine child welfare practice Learn why terms such as child abuse and neglect have become social constructions that vary depending on the values of social workers judges attorneys agencies and communities Child Welfare in the Legal Setting A Critical and Interpretive Perspective examines the standardization of the organizational activities of child welfare systems and how this limits professionals ability to accurately recognize unique problems and intervene in the most beneficial manner Child Welfare in the Legal Setting also provides controversial opinions on emerging issues including family investigations sanction for Child Protective Services intervention the legal setting as a host environment the function of the child welfare system rationalization of child welfare intervention trained incapacity of social workers Title IVE programs the court system Child Welfare in the Legal Setting A Critical and Interpretive Perspective identifies vital issues by analyzing the ethical and moral foundations of the child welfare system This insightful book also takes a close look at how practitioners inadvertently devalue their clients by using language that creates stigmatized social categories such as victim and convicted felon Supervisors managers social workers and child welfare practitioners will benefit from this information The vignettes that supplement the narrative also make the book an important resource in any child welfare course

Multicultural and International Approaches in Social Work Practice Kui-Hee Song, 2016-09-26 Building upon the author s integrative and interactive ideas about human services fields this book presents an intercultural perspective of social work education practice and research with culturally linguistically relationally underprivileged minority groups in the local and global communities to show how the synthesis of theories from postmodern social constructionism multiculturalism and international organization empowerment can be applied when working with Asian immigrant families This book also demonstrates how a mutual development model of intercultural organizational institutional collaborative partnership can be relevant when providing an International Experience for Human Services Abroad Course Author Kui Hee Song uses in depth case studies in the culturally linguistic and diverse context of human services fields and in the cross nationally interactive context of host country human services organizations and home university academic administrations Kui Hee Song examines the clinical change process of a Korean immigrant family that is working with Child Protective Services seeking to resolve physical child abuse problems and generate new meanings in

parent child relationships through therapeutic conversational dialogue As the new to this edition a case of Ming s story is especially the cultural differences between the Chinese immigrant client family and American medical setting where practitioner s personal beliefs were challenged Kui Hee Song critically examines specific steps to take in establishing intercultural service learning field placements for an experiential learning education abroad course Song explores the significant leadership roles and responsibilities of host country human services organizations and home university administrators involved with making a new international human services experience abroad program planning implementation and evaluation Specially Song provides a profound understanding of the empowerment process of a Korean family a conversational partnership in dialogue that invites the clients to speak their loud hitherto unheard voices and enhance a personal perception of competency for action and hope Song also gives a thoughtful comprehension of a mutual empowerment process of cross national collaborative partners differential responsibilities but mutually shared power vision and goals in working relationship that allows for each collaborator to stand together in unity of transactional and transformational leadership behaviors and strengthens the sustainability of the effective international human services experience abroad program

Creating Meaning in Funerals William G. Hoy, 2024-08-01 *Creating Meaning in Funerals* is a book about the ways in which bereaved families and communities create meaningful ceremonies against a backdrop of what is culturally appropriate even when their choices might make little economic sense to those outside the culture The culmination of these customs and practices this book maintains is how bereaved individuals families and communities are drawn into significant meaning making in early bereavement Readers will be repeatedly challenged to suspend their own biases observe the customs and beliefs of others thoughtfully and provide counseling support and encouragement to bereaved individuals for whom funerals were or were not effective means of coping with their loss Discussion questions at the end of each chapter make the book useful for educational settings such as funeral service classroom instruction thanatology classes and grief counseling courses Each chapter is also accompanied by its own reference list to make chapters more useful individually

Human Behavior Theory and Social Work Practice Roberta Greene, 2017-09-08 This new edition of *Human Behavior Theory and Social Work Practice* provides a broadly synthetic approach to selecting theoretical concepts crucial to one s activities in casework Centered on the notion of the client as an individual Roberta Greene and the contributing authors examine the biological psychological and social aspects of development and evaluate their utility for social work practice Social work is characterized by a dynamic helping process and a diversity of roles and functions The aims of social work to improve societal conditions for individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings To work in the field it is important to acquire conceptual frameworks that help one understand the complexities of contemporary practice This volume is concerned with the application of knowledge about behavior in the social environment that serves as the theoretical

underpinning for direct practice in social work The chapters explore the ways in which specific theories have contributed to understanding the person in the environment construct and examine the idea that all clinical social work intervention is anchored in reshaping the context of the person in the environment configuration The book explores the challenges and limitations of the various theories in use and addresses many relevant questions What does the theory offer for understanding development across the lifecycle What does each theory suggest about the interaction among biological psychological and sociocultural factors of human development and functioning What does the theory suggest about healthy functional and unhealthy dysfunctional behaviors or wellness Is theory universal in its application and may it lend itself to cross cultural social work practice What role does theory propose for the social worker as an agent of change Human Behavior Theory and Social Work Practice is an original contribution to social work theory and will be mandatory reading for anyone pursuing a career in the field *Beyond Multiculturalism in Social Work Practice* Kui-Hee Song, 2004 Drawn from experience this in depth case study presents an integrated approach to social work practice with culturally linguistically diverse clients to show how theories of postmodernism and multiculturalism can be applied when working with Korean immigrant families BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Making Meanings, Creating Family Cynthia Gordon, 2009-08-12 A husband echoes back words that his wife said to him hours before as a way of teasing her A parent always uses a particular word when instructing her child not to talk during naptime A mother and family friend repeat each other's instructions as they supervise a child at a shopping mall Our everyday conversations necessarily are made up of old elements of language words phrases paralinguistic features syntactic structures speech acts and stories that have been used before which we recontextualize and reshape in new and creative ways In *Making Meanings Creating Family* Cynthia Gordon integrates theories of intertextuality and framing in order to explore how and why family members repeat one another's words in everyday talk as well as the interactive effects of those repetitions Analyzing the discourse of three dual income American families who recorded their own conversations over the course of one week Gordon demonstrates how repetition serves as a crucial means of creating the complex shared meanings that give each family its distinctive identity *Making Meanings Creating Family* takes an interactional sociolinguistic approach drawing on theories from linguistics communication sociology anthropology and psychology Its presentation and analysis of transcribed family encounters will be of interest to scholars and students of communication studies discourse analysis sociolinguistics linguistic anthropology and psychology especially those interested in family discourse Its engagement with intertextuality as theory and methodology will appeal to researchers in media literary and cultural studies *Human Behavior Theory* Roberta Greene, 2017-09-29 In recent years advocates for civil rights for minorities women and gays and lesbians have become more informed consumers of mental health services As a result social work practitioners need to prepare themselves to serve diverse constituencies for who previously held behavioral and cultural assumptions have proven

not to be universally applicable The purpose of Greene s book is to help students and practitioners better understand how social workers have used human behavior theories to more competently address variations in group and community membership within the social worker client encounter The book s approach is largely thematic Most of the chapters explore how particular assumptions of a human behavior theory psychoanalytic theory psychodynamic ego psychology theory systems theory behavioral theory symbolic interaction theory feminist theory constructionist theory small group theory and an ecological perspective have been used to answer issues related to cultural diversity The challenges and limitations of each theory s applications across varying client constituencies are discussed throughout What sorts of new conceptual issues for the practitioner of family services are raised in work with minority families for example or with lesbian families How does a specific theory help or not help in group specific interventions and evaluations Intended as a companion volume to the widely adopted human behavior text by Greene and Ephross Greene s new book fills the need for a wide synthetic reading of the recent literature

Enhancing Psychodynamic Therapy with Cognitive-behavioral Techniques Terry Brumley Northcut,Nina Rovinelli Heller,1999 Defending theoretical areas may be one way to cope with external impingements on clinical practice but advancements are needed to enhance and improve the work This text explores an approach based on applying cognitive behaviour techniques in psychodynamic clinical practice It aims to help understand theoretical and practical of the strengths and limitations of the approach as well as how to determine when to combine approaches when treating couples children adolescents older adults even cases of abuse and

chemical dependency **The Neuropsychodynamic Treatment of Self-Deficits** Joseph Palombo, 2016-12-19 The Neuropsychodynamic Treatment of Self Deficits examines how to work psychoanalytically with patients to address the problems that result from neuropsychological impairments exploring the latest advances in understanding and treatment while also addressing the concerns that clinicians may have in providing treatment Patients with disorders such as ADHD dyslexia and executive function disorders can often feel shame and develop defenses as a result of their disorders These defenses can then become overgeneralized and lead to future dysfunctional feelings thoughts and behaviors For therapists the challenge is to find ways of responding to these patients and to help them deal with their issues at the level of the multiple domains of self experience rather than at the single level of their intrapsychic dynamics This book proposes a new neuropsychodynamic perspective that is bound together by a metatheory deriving from dynamic systems theory Joseph Palombo breaks new ground in his consistent application of non linear dynamic systems theory and a levels of analysis perspective The framework suggested conceives of the therapeutic process as a collaborative effort in which each member of the dyad makes a unique contribution to the process Change agents that permit patients to benefit from therapeutic interventions include the relationship between patient and therapist the understanding that emerges from the identification of the self deficits and the proactive engagement of the patient s sense of agency The great advantage of Palombo s framework is that it permits the integration of a broad set of domains of experience that include the neuropsychological the introspective and the interpersonal This book will allow the reader to become familiar with the types of patients that have neuropsychological deficits providing an understanding of the psychodynamics of these conditions and enabling better preparedness to address psychological needs More important Palombo also makes the underlying case that an understanding of brain function is critical to any assistance such patients may need Covering work with children adolescents and adults The Neuropsychodynamic Treatment of Self Deficits is the first book to offer a guide to understanding and working with patients with a range of neuropsychological disorders from a broadly psychoanalytic perspective It will appeal to psychoanalysts psychotherapists and clinical psychologists as well as clinical social workers family therapists and mental health nurses
