Dreaming Of Eve:

The Nightly Act of Dreaming Ryan Curtis Friesen, 2019-05-28 The search for a shared practice of storytelling around which a popular study of cognitive narratology might form need look no further than our nightly experience of dreams Dreams and memories are inseparable complicating and building upon one another reminding us that knowledge of ourselves based on our memories relies upon fictionalized narratives we create for ourselves Psychologists refer to confabulation the creation of false or distorted memories about oneself and the world we inhabit albeit without any conscious intention to deceive This process and narrative inherent in the dreamlife of all people is at odds with the daily menu of cultural myths and politicized fictions fed to the Western world through print and social media and for which there is constant divisiveness and disagreement Cognitive Narratology and the Shared Identity of Myth uses insights gained from the scientific study of dreaming to explain how the shared experience of dreamlife can work in service to the common good Primary texts and literary works chosen for their influence on contemporary thinking provide a rationale and historical background From Artemidorus a professional diviner and Aristotle to the Church fathers Tertullian St Augustine Gregory of Nyssa Sinesius of Cyrene to The Wanderer Old English poem and Chaucers Book of the Duchess to Coleridges writings and R L Stevensons A Chapter on Dreams and to twentieth century dream theory and dream use in film The purpose is to enable readers through subjective self analysis to recognize what they share with their fellow dreamers shared identity in formation of a shared act of dreaming creation is a universal across centuries and throughout Western culture albeit currently misrepresented and rarely acted upon

critics with a definite predilection one or the other poet The author of this systematic comparison has approached the task without partisanship but with a warm admiration for both poets It is her contention that although Dante was generally out of favor during the seventeenth century even in Italy Milton had read the Divina Commedia sympathetically and with care by the time he came to write Paradise Lost In substantiation Professor Samuel cites many parallel uses of language imagery theme and method while also taking note of divergences Source materials are given in the appendixes including Milton s references to Dante and a list of previously published comparisons

Reverberating Song in Shakespeare and Milton Erin Minear,2016-04-08 In this study Erin Minear explores the fascination of Shakespeare and Milton with the ability of music heard imagined or remembered to infiltrate language Such infected language reproduces not so much the formal or sonic properties of music as its effects Shakespeare s and Milton s understanding of these effects was determined she argues by history and culture as well as individual sensibility They portray music as uncanny and divine expressive and opaque promoting associative rather than logical thought processes and unearthing unexpected memories The title reflects the multiple and overlapping meanings of reverberation in the study the lingering and infectious nature of musical sound the questionable status of audible earthly music as an echo of celestial harmonies and one writer s allusions to another Minear argues that many of the qualities that seem to us characteristically Shakespearean stem from Shakespeare s engagement with how music works and that Milton was deeply influenced by this aspect of Shakespearean poetics Analyzing Milton s account of Shakespeare s warbled notes she demonstrates that he saw Shakespeare as a peculiarly musical poet deeply and obscurely moving his audience with language that has ceased to mean but nonetheless lingers hauntingly in the mind Obsessed with the relationship between words and music for reasons of his own including his father s profession as a composer Milton would adopt adapt and finally reject Shakespeare s form of musical poetics in his own quest to join the angel choir Offering a new way of looking at the work of two major authors this study engages and challenges scholars of Shakespeare Milton and early modern culture

Paice,2023-04-25 This book is about the multiple loves of Paradise Lost and Paradise Regained sanctioned loves and outlawed loves sincere loves and false loves Christian loves classical loves humanist loves and love as emotion In showing how these loves motivate the most significant actions of the Paradise epics it reveals Milton to have made creative use of the tensions between philosophical ideals social conventions and the rather messier ways in which love emerges in practice Love so central to Milton s view of Edenic joy and obedience to God unsettles earthly and heavenly communities and is the origin of Miltonic transgression Milton s Loves sheds new light on some of the most prominent concerns of Milton scholarship including why Milton s God is so difficult for readers to connect to Satan s apparent heroism Milton s radical theology and the nature of Milton s muse It is a book that will appeal to students and scholars of Milton and early modern studies more broadly and is structured in a way that will aid easy reference **Poems** Edward Robert Bulwer Lytton Earl of Lytton,1881
