Dreams Come Due Government And Economics As If Freedom Mattered:

Dreams Come Due John Galt, 1986 A libertarian bible a guide to the nationally emerging political philosophy that stresses individual freedom and property rights over government Cover flap **Realism, Standards and Performances** Richardson K. Noback, 2005 These essays draw upon the historical record observations of others data from credible sources and personal experience Both generalizations and specifics are displayed to make reading and thinking more productive Many specifics come from a lifetime of work in health care services consulting roles civic affairs organized medicine education at the university level and observations as a studious visitor to over fifty other nations There are many difference between much behavior today and the standards when the country was younger There are many current disagreements over national policies and procedures The principled judgments and actions of thoughtful informed individuals contain much more potential for constructive responses to important challenges than the reactions of those who act in haste with fragments of information without serious consideration of the consequences of actions or under the influence of strong emotions Differences of beliefs and opinions are part of the experiences of living The dispassionate examination of such differences is more likely to advance understandings and progress than unwillingness to consider views of others My fundamental purpose is to stimulate thoughtful individuals to reexamine their assumptions information reasoning and value systems as a prelude to their conclusions about important contemporary issues The well being of our country is the well being of every family for together we are the nation There is no place for comfortable illusions dodges of reality or escapes from the consequences of our actions Our families and our nation need the best efforts of all of us **The Voluntarist**, 1987 Applied Wisdom Alexander Ineichen, 2021-11-16 Applying wisdom and avoiding foolishness are two sides of the same coin Slipping away from either can lead to risky and uncertain situations Luckily author Alexander Ineichen has been collecting witticisms for thirty five years that have made him successful in his career and life In Applied Wisdom he collects an anthology of wit and wisdom containing over 700 quotations from sources as wide ranging as Thomas Aquinas and Frank Zappa He provides entertaining food for thought for businesspeople and the general audience alike and enables readers to think outside the box to find wisdom These nuggets along with his commentary for each are the valuable words needed for those facing risk and uncertainty The witticisms provide a full range of being level headed truth seeking brutally heretical wonderfully insightful refreshingly politically incorrect and other intellectual treats and provocations The advice blending economics politics history philosophy psychology risk management and much more provides a winning mix of humor intellectual heft and economic survival tips Publishers Weekly, 1986 The Publishers Weekly, 1986 **The New York Times Book Review**, 1986-07 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback *Bibliographie der Staats- und Wirtschaftswissenschaften*, 1988 Bibliographie der Wirtschaftswissenschaften, 1988 *Kirkus Reviews*, 1986 Adult

Restoring the American Dream Robert Ringer,2010-08-03 Completely updated edition of one of the classic works of conservative literature Long before the advent of conservative talk radio and Fox News Robert Ringer was an outspoken advocate for the cause of freedom and free enterprise In this classic work updated for the 21st century Ringer s basic premise is that liberty must be given a higher priority than all other objectives The economic and political calamity that he warned about in the late seventies is now upon us and his new edition of *Restoring the American Dream* is sure to resonate with the feelings of today s angry voters In his book Ringer explains that The American Dream is not about increased government benefits and government created rights but rather about individualism self responsibility and freedom including the freedom to succeed or fail on one s own The barbarians are not at the gates they are already inside Ordinary citizens no longer tell their elected officials what to do Rather government tells them what to do and backs it up with force The desire of people to band together to bring about quick short term solutions to their problems through government intervention has perpetuated a cycle that has nearly destroyed the American Dream With Washington continuing to expand government power and spending at a record pace *Restoring the American Dream* is a voice of sanity in a world gone mad

American Politics in the Media Age Thomas R. Dye,Luther Harmon Zeigler,S. Robert Lichter,1992

Lincoln and the Economics of the American Dream G. S. Boritt,1994 This unique exploration of Lincoln s economic beliefs shows how they helped shape his view of slavery his conduct of the war and most fundamentally his understanding of what the United States was and could become
