Jacob Boehme and the Spiritual Roots of Psychotherapy Glenn J. McCullough, 2025-04-14 Jacob Boehme 1574 1624 was a wildly creative mystical writer whose extraordinary revelations of God the soul and the universe have been consigned to obscurity In this original book Glenn J McCullough argues that Boehme is the ultimate source of a key modern movement psychotherapy Bringing clarity to Boehme's revelations McCullough shows how he anticipates the pioneering concepts of Sigmund Freud and C G Jung including their ideas of the unconscious mind and its remarkable potentials At the centre of Boehme's thought is the figure of Sophia divine Wisdom and her seven drives which guide the soul on a journey of expanded awareness and rebirth While Boehme has been dismissed as an esoteric outsider McCullough situates him in the mainstream Western tradition of Augustine and Luther while highlighting his unique approach to the ecstatic dream world of Wisdom

The Leprechaun's Story Tanis Helliwell,2023-01-03 A story like no other Welcome to THE LEPRECHAUN S STORY In his autobiography Lloyd an Irish leprechaun invites us into his world of friendly goblins inept elves clever leprechauns well of course and you see through his eyes the magical world of nature spirits that exists only a blink away from the human world Join Lloyd as he recounts his childhood courting and handfasting an Irish wake and how he got the gold and meet his emancipated lass and non conformist son Great good humor rolls through his story interlaced with wisdom about how he and other elementals want to partner with humans to create a wonderful world Tanis Helliwell met Lloyd many years ago and wrote the cherished classic *Summer with the Leprechauns* about the experience Here however she remains fully in the background only recounting his words Tanis's other books include *Pilgrimage with the Leprechauns* *Hybrids* so you think you are human and *Good Morning Henry* an in depth journey with the body intelligence PRAISE FOR TANIS HELLIWELL S BOOKS Tanis Helliwell is a spiritual evocateur and deep seer who opens us up to other voices other realms Jean Houston author of *A Mythic Life* ambassador to the UN This delightful book *Summer with the Leprechauns* is not only great fun to

read but makes most interesting and intelligent suggestions about the reality and work of this particular branch of the nature world It can help us to open our minds to fascinating dimensions that do exist on the planet Dorothy MacLean co founder of Findhorn and author of To Hear the Angels Sing Astral Planes and Your Other Realities Valentin Matcas,2016-04-20 Can you visit other planes and realities But can you live other lives there in your other planes and realities People can always tell beautiful paranormal stories or who knows you might have already been there yourself saw them felt them and now this is why you search through all higher knowledge to learn more about your experience But was it real Are your other worlds real as real as this world All realities are real in a rather trivial manner And even more all realities are objectively real but only as long as you are there Since existence defines them similarly determining closely your continuous firsthand experience Furthermore many realities are part of life part of this life that we have here in this world And now if you have found your way into these other planes of existence in a conscious manner it might have been a natural process altogether and not exactly a random experience It had a purpose while you might have missed fulfilling it and now it is certainly meaningful to know everything that you can ever discover Yet if you have never had a paranormal experience yourself and now you simply wonder what is going there are very powerful drugs that you take regularly with your food drinks drugs and medicine meant to hold you forcefully in this world And now this is exactly what you do you remain here nicely for life And it happens with everybody or almost depending on where you live or depending on your development and genetic background There is a difference between astral planes the natural human environment and your other realities Because existence comes in three distinct levels used to distinguish between your higher and lower realities While you can understand all your realities through your mind reasoning awareness and imagination since even this world makes sense to you only as part of your reasoning awareness mind and imagination and not exactly directly as anyone may expect And this is the case because there is no other way to experience anything in life and in the wider world but through your perception reasoning and understanding and through the multitude of your selves intelligences and identities present throughout all your realities And this is why you cannot understand astral planes along with your other realities if you do not understand your cognitive system first along with your intelligences selves memories and expectations since everything is interconnected This interesting entanglement of meanings and constraints causes the ultimate truth of your wider existence to remain hidden beneath strong consensual conditions and within tedious loops of reasoning remaining inaccessible in this manner to the ignorant and to the unconditional follower of common ideologies while allowing the truth only to those living life freely consciously and in full awareness and understanding of the wider world through the fulfillment of all natural higher level needs and meanings Because these are your developmental opportunities that you experience in each one of your worlds and realities while following the fulfillment of your natural intelligent human needs for higher experience and higher development This book studies you and your life and existence throughout all your realities that you employ encounter

inhabit create and co create throughout your wider existence helping you understand who you are through all your selves and intelligences as you live your life throughout all your worlds and realities If you seek to gain wider understanding of who you truly are this book is for you **Experience Tomorrow Today: Dreams that come True** Mary Barton,2011

humanity astray from our individual ascension The power and connection to the soul has never been so limited and continues to create a world that is predominately living in their minds We all have the power to become magical We all have the power to live out our dreams and find a true soulmate Working with sexual energy in tantric relationships is required to have an energetic impact on the non physical astral planes to create astrally a future we wish to create rather than face the destiny that the matrix or time has in store for us We entered this world choosing our character knowing how our life would begin and how it will end Ascension means creating our future astrally before we experience our fixed destiny This is what magic and our lesson as humans is all about The Rain's Secret Vijay Rathi,2024-02-09 Embark on an enchanting journey in The Rain s Secret Celestial Odyssey Follow Riya and her friend as they navigate the mystical realms of Mumbai wielding the power of the Monsoon Stone From ethereal gardens to temporal tapestries they unravel cosmic mysteries confront discordant forces and harness celestial harmonies As Astral Stewards they strive to preserve the delicate balance between astral realms and earthly dreams unveiling the profound connection that binds the cosmic tapestry of existence Will their celestial odyssey bring everlasting harmony or plunge the realms into chaos Explore the boundless wonders of this celestial adventure The Esoteric Collections The Magical Keys of Solomon Book II vashisht Vaid,2013-10-19 This book of The Esoteric Collections Part II came to be in existence as the previous Part I could not contain all the esoteric articles which I wished to compile in that book so I decided to compile the remaining articles in this second book which happens to be the 12th book in the esoteric knowledge series written by me Although the science and technology has much advanced in the last few hundred years which all humanity of planet earth has willingly accepted with open arms the indwelling personality nature of the evolving human beings have continued their age old selfish nature based on prejudice due to their unwilling to give up age old beliefs and established orders which is unfortunately an attribute of so called false pride attachments and greed and which exists due to their polarization of evolving consciousness in the emotional plane of feelings and desires known as the Astral Plane Kama Manas **Spellcast Diary** burzel, **Real dreams are actions of the true Self** Helena Petrovna Blavatsky,2018-01-03 Dreams are images of hopes and fears Somnambulism premonitions and second sight are a disposition energised by the power of the imagination to perceive and guess by intuition reflections from the Astral Light In sense dreams the mind is always asleep The sensual tendencies of the dreamer are readily impressed by pictures from the Astral Light and thus the direction of such dreams is always towards the animal plane We should therefore train ourselves to wake up when a sense dream occurs and the instantaneous rejection of impure thoughts during the period of waking consciousness will tend to set up a habit of rejection which will act automatically in sleep There is no simple answer to the question what is it that dreams for it depends entirely on each individual what principle will be the chief motor in dreams and whether they will be remembered or forgotten When the material man dreams all he sees with his eyes shut and in or through his mind is of course subjective But the Inner Man who is the silent spectator of the life of the dreamer all he sees is

as objective as he is himself to himself The dream state is common not only to all men but also to all animals from the highest mammalia to the smallest birds and even insects Every being endowed with a physical brain or organs approximating thereto must dream Human dreams do not differ much from those of the animals But that which is entirely terra incognita for science is the real dreams and experiences of the immortal Ego overshadowing mortal man which thinks and acts independently of the physical body What we often regard as dreams or idle fancies may be stray pages torn out from the life and experiences of the Inner Man the dim recollection of which at the moment of awakening becomes more or less distorted by our physical memory Every night when the Inner Man is freed from the trammels of matter he lives a separate life within his prison of clay But the outer man cannot be conscious of the Inner Man for his brain and thinking apparatus are paralyzed more or less completely Ordinary dreams are caused by sensuously desirous consciousness awakened into chaotic activity by the slumbering reminiscences of the lower mind The combined action of desires and animal soul is purely mechanical It is instinct not reason which is active in them But as a rule our memory registers only the fugitive and distorted impressions which the brain receives at the moment of awakening Among the vast number of meaningless dreams there are some in which presages are given of coming events When such dreams come true they may be termed prophetic In the case of individuals who have truly prophetic dreams it is because their physical brains and memory are in closer relation and sympathy with their Higher Ego than in the generality of men The Adept however does not dream he just paralyzes his lower self during sleep and becomes perfectly free Dreams are illusions and the Adept is beyond illusion Imagination is the best guide of our blind senses We see through our imagination and that is the natural aspect of the miracle But we also see actual and true things and it is in this that lies the marvel of the natural phenomenon Those of a nervous temperament whose sight is weak and imagination vivid are the fittest persons for this kind of divination The stronger the spirituality of the dreamer the easier it will be for the Higher Ego to impress on the brain a vivid picture of the dream In the materialistic man in one whose proclivities and passions have severed his astral soul from her spiritual counterpart and master in him whose labour has so worn out the body as to render him temporarily insensible to the voice of his soul such persons rarely if ever will have any dreams at all On the other hand highly spiritual people will see visions and dreams when asleep and even in their hours of wakefulness Messages sent by one soul to another are perceived as premonitions dreams and visions Facts are generally inverted in dreams and this can be explained by the law of introverted mental vision The Higher Ego does not think as its evanescent personality does Its thoughts are vivid pictures and visions of past and future scenes of wonderful living acts and heroic deeds which are all present in the eternal now even as they were when speech expressed in sounds did not exist when thoughts were things and men did not need to express them in speeches for they instantly realised themselves in action by the power of Kriyashakti that mysterious power which transforms instantaneously ideas into visible forms In persons of a very materialistic mind because the Ego is so trammelled by matter it can hardly give all its attention to one s actions even

though the latter may commit sins for which that Ego will have to suffer conjointly in future True dreams being actions of the Higher Ego they produce effects which are recorded on their own plane Ordinary dreams by and large are the waking and hazy recollections of such actions Between the inner man and the physical brain there is a kind of conscious telegraphic communication going on incessantly day and night When the brain is asleep the physical memory and imagination are also asleep and all cognitive functions are at rest Our mundane life is a dream to the Higher Ego while the inner life or what we call the dream plane is the real life for it The will of the common man is dormant in dreams and therefore inactive A sick person especially just before death is very likely to see in dream or vision those whom he loves and is continually thinking of and so also is a person awake but intensely thinking of a person who is asleep at the time In cases of consumption or other emaciating diseases dreams become pleasant because the astral soul of the patient has begun detaching from the physical body and therefore becomes more clairvoyant in proportion As death approaches the body wastes away and ceases to be an impediment or barrier between the brain of the ailing man and his Higher Ego In Black Magic it is no rare thing to evoke the spirit of a sleeping person Thus the sorcerer may learn from the apparition any secret he chooses while the sleeper remains ignorant of what is going on A nightmare arises from oppression and difficulty in breathing and the latter will always create a feeling of oppression and a sensation of impending calamity By cultivating the power of dreaming clairvoyance is developed But only one s clairvoyant faculty aided by spiritual intuition can interpret one s dreams The only one who profits from a dream book is its author If you could remember your dreams in deep sleep when the spiritual consciousness is active you would be able to remember all your past incarnations That exalted state of remembrance is the Memory of the Heart and the capacity to impress itself on the brain so that it becomes part of its consciousness marks the opening of the Third Eye
