Carroll,2006 A Basic Course in Moroccan Arabic is a textbook in spoken Moroccan Arabic that is written for beginners who are unfamiliar with the Arabic language alphabet pronunciation vocabulary and grammar Written in Latin transcription it is carefully designed to present these elements in a progressive user friendly step by step manner Following the initial pronunciation introductions and practice there are 130 lessons consisting of a text where a small number of phrases and sentences illustrate grammatical points These sections also contain exercises in new grammar and vocabulary Each lesson is structured in a way that guides the learner naturally and comfortably into an understanding of the structure of Moroccan Arabic From there the course progresses into ninety seven short conversational dialogs that place the student in a variety of social situations First introduced to Arabic language students in the 1960s A Basic Course in Moroccan Arabic still has no equal for clarity and ease of use An audio CD of MP3 files that further aid and enhance the lessons is now bound into this volume **English American Literature (MJC-5) Language and Linguistics (MJC-6) British Poetry**
