Mayer,2007-01-29 The subject of human origins is a topic that not only feeds our curiosity it also offers to be a topic that can bring us greater meaning to our lives It has been assumed by many scientists and biblical scholars that the human race emerged from a single nucleus Could this have been a wrong assumption New evidence has come to light indicating that Adam and Eves descendants married into an existing race Where did this existing race come from When and where did these two races merge This book provides a thesis which answers all these questions and in so doing harmonizes the teaching of the Bible and the true teachings of science **Empowerment and Disciplines** Prop R a Flowers,2012-11-21 What Really Happened in the Garden of Eden? Ziony Zevit,2013-11-26 A provocative new interpretation of the Adam and Eve story from an expert in Biblical literature The Garden of Eden story one of the most famous narratives in Western history is typically read as an ancient account of original sin and humanity s fall from divine

grace In this highly innovative study Ziony Zevit argues that this is not how ancient Israelites understood the early biblical text Drawing on such diverse disciplines as biblical studies geography archaeology mythology anthropology biology poetics law linguistics and literary theory he clarifies the worldview of the ancient Israelite readers during the First Temple period and elucidates what the story likely meant in its original context Most provocatively he contends that our ideas about original sin are based upon misconceptions originating in the Second Temple period under the influence of Hellenism He shows how for ancient Israelites the story was really about how humans achieved ethical discernment He argues further that Adam was not made from dust and that Eve was not made from Adam s rib His study unsettles much of what has been taken for granted about the story for more than two millennia and has far reaching implications for both literary and theological interpreters Classical Hebrew in the hands of Ziony Zevit is like a cello in the hands of a master cellist He knows all the hidden subtleties of the instrument and he makes you hear them in this rendition of the profoundly simple story of Adam Eve the Serpent and their Creator in the Garden of Eden Zevit brings a great deal of other biblical learning to bear in a surprisingly light hearted book Jack Miles author of *God A Biography*
