Drogas Sin Fronteras:

Drogas sin fronteras Luis Alejandro Astorga Almanza, 2003 Basado en el acervo documental en los Archivos Nacionales de Estados Unidos en College Park Maryland este libro describe la relación entre México y Estados Unidos sobre el asunto de las drogas durante el periodo que va de 1916 a 1970

Drogas sin fronteras Luis Astorga, 2015-04-16 Los expedientes de una guerra permanente México de diez a os después de su primera edición este libro se revela como un clásico fundamental para comprender el proceso histórico que derivó en la llamada guerra contra las drogas Los expedientes de una guerra permanente México de diez a os después de su primera edición este libro se revela como un clásico fundamental para comprender el proceso histórico que derivó en la llamada guerra contra las drogas

Drogas sin fronteras describe la relación entre México y Estados Unidos sobre el narcotráfico durante el periodo que va de 1916 a 1970 La investigación de Luis Astorga basada en el monumental acervo de los Archivos Nacionales de College Park Maryland reafirma su vigencia en el marco de una potencial reorientación de la política de seguridad y drogas del gobierno mexicano cuyos alcances siempre han estado dramáticamente subordinados a los intereses de Estados Unidos en la agenda binacional El libro que abarca las primeras seis décadas del siglo XX muestra las condiciones que hicieron posible la consolidación de un esquema prohibicionista de ciertas drogas en México así como los argumentos prejuicios, mitos y chantajes diplomáticos que lo fundamentaron Es un referente para entender mejor el proceso de sedimentación jurídica social y psicológica de categorías y esquemas de percepción sobre algunas sustancias psicoactivas y sobre quienes se dedican a producirlas, comercializarlas y consumirlas Seguir los lineamientos impuestos por Estados Unidos y actuar convencidos de que son los mejores sin margen para una política independiente o sin un consenso internacional previo ha llevado a México a un callejón sin salida con costos sociales, económicos, políticos y culturales muy altos Un siglo de fracasos no es suficiente para buscar y ensayar nuevas vías

Drogas sin fronteras / Drugs without borders, 2015

Violence, Coercion, and State-Making in Twentieth-Century Mexico Wil G. Pansters, 2012-05-30 Mexico is currently undergoing a crisis of violence and insecurity that poses serious threats to democratic transition and rule of law This is the first book to put these developments in the context of post revolutionary state making in Mexico and to show that violence in Mexico is not the result of state failure but of state making While most accounts of politics and the state in recent decades have emphasized processes of transition, institutional conflict resolution and neo liberal reform this volume lays out the increasingly important role of violence and coercion by a range of state and non state armed actors Moreover by going beyond the immediate concerns of contemporary Mexico this volume pushes us to rethink longterm processes of state making and recast influential interpretations of the so called golden years of PRI rule

Violence, Coercion, and State Making in Twentieth Century Mexico demonstrates that received wisdom has long prevented the concerted and systematic study of violence and coercion in state making not only during the last decades but throughout the post revolutionary period The Mexican state was built much more on violence and coercion than has been acknowledged until now

El Chapo Noah

Hurowitz,2023-10-31 This is the true story of how El Chapo built the world s wealthiest and most powerful drug trafficking operation based on months worth of trial testimony and dozens of interviews with cartel gunmen Mexican journalists and political figures Chapo s family members and the DEA agents who brought him down Over the course of three decades El Chapo was responsible for smuggling hundreds of tons of cocaine marijuana heroin meth and fentanyl around the world becoming in the process the most celebrated and reviled drug lord since Pablo Escobar El Chapo waged ruthless wars against his rivals and former allies plunging vast areas of Mexico into unprecedented levels of violence even as many in his home state of Sinaloa continued to view him as a hero Amazon Women Drug Traffickers Elaine Carey,2014-11 The first full length study of female drug traffickers The lives of these women are fascinating and skillfully analyzed by the author The book will be pleasurable reading to general readers and specialists alike Howard Campbell author of Drug War Zone Frontline Dispatches from the Streets of El Paso and Ju rez Histories of Drug Trafficking in Twentieth-Century Mexico Wil G. Pansters,Benjamin T. Smith,2024-11-15 This work brings together a new generation of drug historians and new historical sources to uncover the history of the drug trade and its regulations While the US and Mexican governments developed anti drug discourses and policies which criminalized both high profile traffickers and small time addicts these authorities also employed the criminals and cash connected to the drug trade to pursue more pressing political concerns The politics socioeconomic relations and criminal justice system of modern Mexico have been shaped by these public and covert policies as well as by subnational histories of drug production and trafficking The essays in this study explore this complicated narrative and provide insight into Mexico s history and the wider contemporary global drug trade The Oxford Handbook of Organized Crime Letizia Paoli,2014 This handbook explores organized crime which it divides into two main concepts and types the first is a set of stable organizations illegal per se or whose members systematically engage in crime and the second is a set of serious criminal activities that are typically carried out for monetary gain The Nexus Between Organized Crime and Terrorism Paoli, Letizia,Fijnaut, Cyrille,Wouters, Jan,2022-02-18 In the post 9 11 era the nexus between organized crime and terrorism has raised much concern and has been widely discussed in both academic and policy circles but is still largely misunderstood This critical book contributes innovatively to the debate by distinguishing three types of nexus interaction transformation imitation and similarities and identifying the promoting factors of each type

Drugs, Violence and Latin America Joseph Patteson,2021-12-01 This book undertakes a psychotropic analysis of texts that deal with the violence of drug trafficking and interdiction especially in Mexico While most critics of so called narcoculture have either focused on an aesthetic sobriety in these works or discounted them altogether as exploitative and unworthy of serious attention Drugs Violence and Latin America illuminates how such work may reflect and intervene in global networks of intoxication Theorizing a dialectics of intoxication that illustrates how psychotropy may either solidify or destabilize the self and its relationship to the other it proposes that these tendencies influence human behavior in distinct

ways and are leveraged for social control within both licit and illicit economies A consideration of a countercultural genealogy in Latin America provides a contrastive psychotropic context for contemporary novels that exposes links between narcoviolence and consumerism challenging our addictions of thought and feeling about ourselves and our relationships to drugs and narco violence

Failure of the State Lene Guercke, 2025-03-29 This Open Access book explores an issue that has received little attention in human rights research organised criminal groups OCGs as perpetrators of human rights violations especially disappearances It takes an interdisciplinary approach combining doctrinal legal research with a qualitative study on present day disappearances in Mexico Disappearances are a complex human rights violation that impacts not only the disappeared person but also their relatives who are left in a limbo of uncertainty about their loved one's fate Originally part of state led repression today disappearances occur in varied contexts often involving OCGs and other non state actors However disappearances committed by non state actors are not human rights violations under International Human Rights Law IHRL thereby potentially leaving a gap in the legal protection of victims The book first analyses state obligations and case law involving state responsibility for human rights violations committed by non state actors and applies the analysis to OCGs This internal legal perspective is complemented by an external study based on interviews with human rights practitioners working on disappearances in Mexico which often involve OCGs The qualitative study offers a unique perspective on human rights protection in reality The book adds to scholarship on non state actors and disappearances and to incipient international legal scholarship on the issue of organised crime and international law Moreover the study on Mexico provides a richer understanding of challenges faced by practitioners on the ground where OCGs commit human rights violations alongside or in collusion with state forces and against the backdrop of an overall failure of the state The book may be of interest to a diverse audience including legal scholars and practitioners human rights scholars in fields such as political science international relations or socio legal studies as well as funders supporting the work of NGOs in Mexico and similar contexts and NGOs themselves

Traditional Organized Crime in the Modern World Dina Siegel, Henk van de Bunt, 2012-03-20 Despite strenuous efforts from local national and international law enforcement organized crime continues to thrive and prosper even centuries old crime outfits are surviving the global forces of mass migration and multinational business and finance From traditional gangland enterprises such as narcotics gambling and prostitution the world's mafias have moved into new sources of illegal income including high tech arms smuggling money laundering and identity fraud Traditional Crime in the Modern World tracks these organizations the Italian and Mexican mafias Columbian drug cartels Chinese triads and others across five continents as they adapt to change and assesses their prospects in the short and long term World events such as the collapse of the Soviet Union and the 9 11 terror attacks are discussed in the context of contributing to emerging markets for illicit goods and services and to evolving partnerships among criminal entities This timely volume Provides a comprehensive overview of how mafia like structures function today Analyzes in depth national

crime situations with global implications Examines the migration of organized crime groups and their operations in their new countries Gauges the influence of digital and other technologies on organized crime Where applicable notes the links between organized crime and national political institutions Describes the impact of the global financial crisis on crime organizations Concise compelling and deeply documented Traditional Crime in the Modern World is an eye opening resource for researchers in Criminology and Criminal Justice particularly with an interest in organized crime and trafficking as well as related topics of Demography Political Science and International Relations *Agenda pública* ,2006 *Drug War Mexico* Peter Watt,Roberto Zepeda,2012-06-14 Mexico is a country in crisis Capitalizing on weakened public institutions widespread unemployment a state of lawlessness and the strengthening of links between Mexican and Colombian drug cartels narcotrafficking in the country has flourished during the post 1982 neoliberal era In fact it has become one of Mexico s biggest source of revenue as well as its most violent with over 12 000 drug related executions in 2011 alone In response Mexican president Felipe Calder n armed with millions of dollars in US military aid has launched a crackdown ostensibly to combat organised crime Despite this human rights violations have increased as has the murder rate making Ciudad Ju rez on the northern border the most dangerous city on the planet Meanwhile the supply of cocaine heroin marijuana and methamphetamine has continued to grow In this insightful and controversial book Watt and Zepeda throw new light on the situation contending that the war on drugs in Mexico is in fact the pretext for a US backed strategy to bolster unpopular neoliberal policies a weak yet authoritarian government and a radically unfair status quo *Journalism, Satire, and Censorship in Mexico* Paul Gillingham,Michael Lettieri,Smith T. Benjamin,2018-12-15 Since the 2000 elections toppled the PRI over 150 Mexican journalists have been murdered Failed assassinations and threats have silenced thousands more Such high levels of violence and corruption question one of the fundamental assumptions of modern societies that democracy and press freedom are inextricably intertwined In this collection historians media experts political scientists cartoonists and journalists reconsider censorship state press relations news coverage and readership to retell the history of Mexico s press

Crime, Violence, and Justice in Latin America Carlos Solar,Carlos A. Pérez Ricart,2022-12-23 This book asks why crime and violence persist in Latin America at extreme levels and why the states have not been able to more effectively solve this problem that dominates the lives of many millions of Latin Americans Informed by diverse disciplinary backgrounds the book brings together a team of regional experts to discuss research based explanations on some of Latin America s most pressing criminal and violent issues distressing the rule of law First it examines old and new forms of observing crime upon perpetrators and victimized communities Second it explores the geographies of urban and rural violence and the entangled politics following organized criminality Third it questions how the transfer of policy knowledge and expertise reshapes local security governance and more importantly critically examines the problems in implementing foreign models and paradigms in the Latin American context Finally it exposes the everchanging scenario of policy making and prosecuting crime and

homicide Crime Violence and Justice in Latin America provides new themes and novel trends on what crime and violence mean in the eyes of observers perpetrators policymakers governmental officials and victims It is an important acquisition for policy makers and academics alike

Home Grown Isaac Campos,2012-04-23 Historian Isaac Campos combines wide ranging archival research with the latest scholarship on the social and cultural dimensions of drug related behavior in this telling of marijuana s remarkable history in Mexico Introduced in the sixteenth century by the Spanish cannabis came to Mexico as an industrial fiber and symbol of European empire But Campos demonstrates as it gradually spread to indigenous pharmacopoeias then prisons and soldiers barracks it took on both a Mexican name marijuana and identity as a quintessentially Mexican drug A century ago Mexicans believed that marijuana could instantly trigger madness and violence in its users and the drug was outlawed nationwide in 1920 Home Grown thus traces the deep roots of the antidrug ideology and prohibitionist policies that anchor the drug war violence that engulfs Mexico today Campos also counters the standard narrative of modern drug wars which casts global drug prohibition as a sort of informal American cultural colonization Instead he argues Mexican ideas were the foundation for notions of reefer madness in the United States This book is an indispensable guide for anyone who hopes to understand the deep and complex origins of marijuana s controversial place in North American history

International Criminal Law, Transnational Criminal Organizations and Transitional Justice Héctor Olásolo,2018-08-07 Parties negotiating the end of authoritarian regimes or armed conflicts are almost inevitably left in a situation of legal uncertainty Despite their overlapping scope of application the differences between the approaches of International Criminal Law ICL and Transitional Justice TJ are so profound that unless dogmatism is left aside and a process of dialogue is entered into it will not be possible to harmonize the current legal regime of international crimes with the need to articulate transitional processes that are capable of effectively overcoming authoritarian regimes and armed conflicts The serious material limitations shown by national international and hybrid ICL enforcement mechanisms should be acknowledged and the goals pursued by ICL should be redefined accordingly A minimum level of consensus on the scope of application goals and elements of TJ should also be reached Situations of systematic or large scale violence against the civilian population by transnational criminal organizations increase the challenge

A Sense of Brutality Carlos Alberto Sánchez,2020-09-18 Contemporary popular culture is riddled with references to Mexican drug cartels narcos and drug trafficking In the United States documentary filmmakers journalists academics and politicians have taken note of the increasing threats to our security coming from a subculture that appears to feed on murder and brutality while being fed by a romanticism about power and capital Carlos Alberto Sánchez uses Mexican narco culture as a point of departure for thinking about the nature and limits of violence culture and personhood A Sense of Brutality argues that violent cultural modalities of which narco culture is but one call into question our understanding of violence as a concept The reality of narco violence suggests that violence itself is insufficient to capture it that we need to redeploy and reconceptualize brutality as a concept

that better captures this reality Brutality is more than violence other to cruelty and distinct from horror and terror all concepts that are normally used interchangeably with brutality but which as the analysis suggests ought not to be In narco culture the normalization of brutality into everyday life is a condition upon which the absolute erasure or derealization of people is made possible The study is original bringing a wide range of voices into dialogue to present a problem that is pressing and deserving of careful analysis The study will contribute to the field of Latin American philosophy in important ways This is the only book by a philosopher on the topic of narco culture and I think it s an important contribution to a topic that should be addressed by philosophers Elizabeth Mill n DePaul University The Cuban Connection Eduardo Sáenz Rovner,2009-06-01 A comprehensive history of crime and corruption in Cuba The Cuban Connection challenges the common view that widespread poverty and geographic proximity to the United States were the prime reasons for soaring rates of drug trafficking smuggling gambling and prostitution in the tumultuous decades preceding the Cuban revolution Eduardo Saenz Rovner argues that Cuba s historically well established integration into international migration commerce and transportation networks combined with political instability and rampant official corruption to help lay the foundation for the development of organized crime structures powerful enough to affect Cuba s domestic and foreign politics and its very identity as a nation Saenz traces the routes taken around the world by traffickers and smugglers After Cuba the most important player in this story is the United States The involvement of gangsters and corrupt U S officials and businessmen enabled prohibited substances to reach a strong market in the United States from rum running during Prohibition to increased demand for narcotics during the Cold War Originally published in Colombia in 2005 this first English language edition has been revised and updated by the author

Eventually, you will very discover a additional experience and expertise by spending more cash. nevertheless when? realize you endure that you require to acquire those every needs afterward having significantly cash? Why dont you try to acquire something basic in the beginning? Thats something that will lead you to understand even more approaching the globe, experience, some places, once history, amusement, and a lot more?

It is your unconditionally own mature to sham reviewing habit. along with guides you could enjoy now is **Drogas Sin Fronteras** below.

Drogas Sin Fronteras Introduction

Drogas Sin Fronteras Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Drogas Sin Fronteras Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Drogas Sin Fronteras : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Drogas Sin Fronteras : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Drogas Sin Fronteras Offers a diverse range of free eBooks across various genres. Drogas Sin Fronteras Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Drogas Sin Fronteras Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Drogas Sin Fronteras, especially related to Drogas Sin Fronteras, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Drogas Sin Fronteras, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Drogas Sin Fronteras books or magazines might include. Look for these in online stores or libraries. Remember that while Drogas Sin Fronteras, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Drogas Sin Fronteras eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Drogas Sin Fronteras full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Drogas Sin Fronteras eBooks, including some popular titles.

FAQs About Drogas Sin Fronteras Books

1. Where can I buy Drogas Sin Fronteras books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Drogas Sin Fronteras book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Drogas Sin Fronteras books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Drogas Sin Fronteras audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Drogas Sin Fronteras books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
