Gaetano,2011-02-25 For beginning drum students of all ages this book progresses quickly but methodically beginning with simple rhythms and sticking patterns and concluding with advanced rhythmic and stylistic study the etudes contain a part for bass drum the book contains 35 lessons and 28 etudes Also included is information on snare drum maintenance tuning drumsticks drum heads snares etc [Numbered Sheet Music for 8-Note Steel Drum with Simple Traditional African Songs: Beginner's Level](#) Helen Winter, The steel tongue drum and the handpan are percussion musical instruments designed to help you focus on your feelings sensations and body No previous training or skills are necessary to enjoy these fascinating instruments Playing drums can relieve stress and disappointment Because most tongue drums include and are tuned to involve the notes of the main octave all songs from this book are possible to play in one octave If you have less than one octave of keys on your drum you may need to skip some songs If you have more than 8 keys for example an 11 or 15 note handpan this book would be a great start to your drum experience Yet each tongue drum is very different and it is impossible to accommodate songs for all kinds of tongue drums in one music book This songbook was written to help the absolute beginner whether child or adult learn to play in a simple and easy way that requires no knowledge of reading music If you

are a beginner playing by note can be difficult It is easier to follow number coded circles with note numbers In Africa singing always involves dancing so the emphasis is placed more firmly on rhythms than on melody or harmony Due to their clear rhythmic patterns African songs are an ideal material for any musician Its main task is not to be reproduced but to get everyone involved since music by definition is the expression of emotional states with the help of sounds of a certain frequency and rhythm An indication of the country of origin of the song in this tongue drum meditation music book is an approximation because many traditional cultures cross current national borders The language in which the song is sung is more important and it can be used in various countries Most songs have been simplified for adult beginners Since African music assumes improvisation and variation we recommend using this sheet music only as a guide The most important thing is to listen and repeat the recordings linked to the QR code NEXT GENERATION STUDENT'S BOOK, LEVEL 1 Eoin Higgins,2012-04-05 Student s Book 1 has eight units In each unit a Get started section helps students with strategies needed for effective language learning Grammar sections provide systematic practice and revision while the vocabulary syllabus covers a wide variety of lexical areas A focus on phrasal verbs provides support in this challenging area Authentic texts give practice in understanding real English while comprehension exercises focus on exam style practice A step by step approach to writing guides students towards effective process writing Exam strategies further prepare students for exam success Speaking and Listening sections offer the opportunity to develop these language skills beyond the Bachillerato syllabus
