fresh historical perspectives on the diversity of women's contributions to social and political change in prairie Canada in the twentieth century including but looking beyond the era of suffrage activism In our current time of revitalized activism against racism colonialism violence and misogyny this volume reminds us of the myriad ways women have challenged and confronted injustices and inequalities The women and their activities shared in *Compelled to Act* are diverse in time place and purpose but there are some common threads In their attempts to correct wrongs achieve just solutions and create change women experienced multiple sites of resistance both formal and informal The acts of speaking out of organizing of picketing and protesting were characterized as unnatural for women as violations of gender and societal norms and as dangerous to the state and to family stability Still as these accounts demonstrate prairie women felt compelled to respond to women's needs to challenges to family security both health and economic and to the need for community They reacted with the resources at hand and beyond to support effective action joining the ranks of women all over the world seeking political and social agency to create a society more responsive to the needs of women and their children

CONFRONTATION Greg Franke,2019-01-15 There have been many thrilling and memorable sports rivalries But none has ever combined such drama and excitement over such an extended period of time and against such a gripping background as the Cold War hockey rivalry between Canada and Russia known at that time as the Soviet Union or USSR For decades Canada had reigned unchallenged as the dominant country at the sport and the pride that came with knowing that their beloved national game was one thing at which they were unquestionably the world s best was a major part of the self image and esteem of nearly all Canadians Until suddenly an interloper appeared that was like no other competitor Canada had ever met It was a far off country that lacked advanced equipment and facilities had only recently taken up the sport and had even brazenly decided not as other countries had done to learn the game as mere pupils of the Canadian masters Rather largely through the genius of one remarkable leader this newcomer would blaze its own trail audaciously inventing an entirely new style of play along with a unique approach to skills development and physical conditioning that led to a breathtakingly exciting and effective spectacle that even the game s creators had never conceived Finally and perhaps most significantly this new competitor represented a political system that was openly hostile to the freedom and values taken for granted in the West and openly proclaimed its superiority predicting that it would one day spread throughout and dominate the world Thus to Canadians overcoming this unexpected threat became not only a matter of national honor but also a crusade for the Free World This newcomer was Russia the USSR and the seeming life and death struggle that ensued for four decades is an unbelievable tale that became the greatest sports drama ever known Here is the never before told full story of this historic confrontation told from both sides from the people who lived it and from what was being reported as the events were happening **Progress in Rational Emotive Behaviour Therapy** Windy Dryden,1994-03-22 This book which celebrates Albert Ellis s eightieth birthday outlines eighty ways in which rational emotive behaviour therapists can develop their effective practice Elinor Dryden's probation Katharine Sarah Macquoid,1867 *On the Frontier* Richard Hallion,1984
