The British Country House Revival Ben Cowell, 2024 British country houses have experienced a renaissance since the early 1970s A new accord is needed today recognising the increasingly contested contribution of country houses to British cultural life Fifty years ago the future for country houses in Britain looked bleak The Victoria Albert Museum s exhibition *The Destruction of the Country House* which opened in October 1974 charted the loss of over a thousand country houses in the preceding century The makers of the exhibition warned that history could be about to repeat itself because of the threats besetting mansion properties principally from higher taxation Houses faced the prospect of having to be stripped of their collections and sold for use as offices hotels or hospitals with their parks and gardens turned into golf clubs Government might afford to save just a handful of the most significant of these places working in tandem with charities such as the National Trust The rest would be consigned to history This book traces the history of country houses in Britain from the *Destruction* exhibition to the present day The wave of country house losses anticipated in 1974 never actually happened Instead over the next five decades Britain s country houses experienced a renaissance Fiscal rules changed in the mid 1970s to make it easier for owners to hold on to their assets Economic improvements in the 1980s and 1990s allowed many houses and estates to develop profitable commercial businesses All of this was achieved only after dedicated campaigning from heritage organisations in support of the country house cause The book argues that a new accord is needed today to recognise and value the ongoing if increasingly contested contribution of country houses to British life and culture in the twenty first century *Country Houses in Great Britain* Yale Center for British Art, Mary Spivy, Ellen D'Oench, Joy Breslauer, 1979-01-01

Great Houses of England & Wales Hugh Montgomery-Massingberd, Christopher Simon Sykes, 1994 Records thirty two of the most important estates in words and photographs **The British Country House in the Eighteenth Century** Christopher Christie, 2000 This work explores the British country house between 1700 1830 and looks at the lives of the noblemen and the servants who inhabited them Reference is made to the whole of the British Isles and there is a discussion of their political significance *Life in the English Country House* Mark Girouard, 1978-01-01 Based on the author s Slade

lectures given at Oxford University in 1975 76 **Great Houses of Scotland** Hugh Montgomery-Massingberd, Christopher Simon Sykes, 1997 26 houses photographed in colour and accompanied by informative text about their history The Story of the Country House Clive Aslet, 2021-09-14 The fascinating story of the evolution of the country house in Britain from its Roman precursors to the present The Story of the Country House is an authoritative and vivid account of the British country house exploring how they have evolved with the changing political and economic landscape Clive Aslet reveals the captivating stories behind individual houses their architects and occupants and paints a vivid picture of the wider context in which the country house in Britain flourished and subsequently fell into decline before enjoying a renaissance in the twenty first century The genesis style and purpose of architectural masterpieces such as Hardwick Hall Hatfield House and Chatsworth are explored alongside the numerous country houses lost to war and economic decline We also meet a cavalcade of characters owners with all their dynastic obsessions and diverse sources of wealth and architects such as Inigo Jones Sir John Vanbrugh Robert Adam Sir John Soane and A W N Pugin who dazzled or in some cases outraged their contemporaries The Story of the Country House takes a fresh look at this enduringly popular building type exploring why it continues to hold such fascination for us today **Country Houses of England** Geoffrey Tyack, Steven Brindle, John Flower, 1994 This guide covers nearly 400 historic country houses in England County by county descriptions cover most of the houses regularly open to the public and details of the architects artists craftsmen and families responsible for them *Country Houses Open to the Public* Country Life Limited, 1962 *The Country Houses of Shropshire* Gareth Williams, 2021 A gazetteer of the many fine Shropshire country houses which covers the architecture the owners family history and the social and economic circumstances that affected them Shropshire is the largest English inland county and has a wide variety of important landed country houses with owners from diverse social groups with links to trade in Liverpool Manchester and London as well as the local gentry This book is not simply about the houses they built but also about the people who lived in them and the context in which the houses are set The architecture is of course fully covered What is distinctive about the author s approach is that he treats the histories of the families their artistic tastes and their estates as an integral part of the character of each house Country houses can serve as a barometer of national tastes and of the social and economic times in which they were built The work includes reference to the important sporting associations fine and decorative art collections and to important guests and social networks Unlike most architectural guides this aims at a wider readership and will be an important resource for social historians genealogists and local historians The Country Houses of Shropshire considers the history of 347 identified houses of varying importance those with a significant or influential history are given a main entry of up to 6000 words whilst lesser houses are treated with an entry of less than 1000 words All houses have footnoted entries enabling the reader to refer directly to source and to undertake further research themselves rtant guests and social networks Unlike most architectural guides this aims at a wider readership and will be an important resource for social historians genealogists and local
