Key Ideas in Criminology and Criminal Justice Travis C. Pratt, Jacinta M. Gau, Travis W. Franklin, 2010-10-20 By focusing on key ideas in both criminology and criminal justice this book brings a new and unique perspective to understanding critical research in criminology and criminal justice heretofore the practice has been to separate criminology and criminal justice However given their interconnected nature this book brings both together cohesively In going beyond simply identifying and discussing key contributions and their effects by giving students a broader socio political context for each key idea this book concretely conceptualizes the key ideas in ways that students will remember and understand *The People The Sovereigns*

Kaminski, 2005 The elegant prose of America's Revolutionary generation is found in this series of chapbook biographies by US Constitution historian John P. Kaminski who adds dimension to the historic dramas of revolution and nation making Unlike traditional biographies these chapbooks emphasize the character mannerisms and physical appearance of the subjects as they were known to their contemporaries In a unique way the illuminating vignettes and behind the curtain glimpses of both well known and obscure events provide a new perspective on the Founding generation Titles include George Washington The Man of the Age 978 1 893311 99 2 117 pages 5 x 9 Thomas Jefferson Philosopher and Politician 978 1 893311 59 6 94 pages

Kaminski, 2010-03-01 As the largest oldest and wealthiest of the original thirteen colonies Virginia played a central role in the fight for independence and as a state in the new republic This importance is reflected in the number of Virginians who filled key national leadership positions Three remarkable Virginians stand out in their service to the new nation George Washington as commander in chief during the Revolutionary War Thomas Jefferson as the philosophic voice of the country and James Madison as the chief architect of the nation's new constitutional system In *The Great Virginia Triumvirate* John Kaminski presents a series of biographical portraits that bring these three men remarkably to life for the modern reader The passage of time coupled with the veneration so often surrounding historical figures has obscured the subtleties and complexities of the founding fathers' characters To cut through this fog of myth Kaminski relies on the words of the three Virginians themselves sharing with us a trio of eloquent and often candid voices Jefferson once told John Adams that he had not written a history of his times because that history was to be found in his correspondence where he could be especially direct and honest Kaminski also turns to the people who personally knew the three great Virginians their friends family acquaintances and enemies Through their public and private writings as well as the observations of their contemporaries the subjects' distinctive qualities as individuals can be glimpsed with depth and immediacy Taken from letters speeches diaries and memoirs the quotations and vignettes included here shed light on the actual person behind each public image George Washington offering a bowl of hot tea at night to a guest at Mount Vernon who has a cold Thomas Jefferson extending condolences to John Adams on the death of his wife Abigail and James Madison bequeathing the silver hilted walking cane left him by Jefferson in turn to the third president's grandson Thomas Jefferson Randolph such moments reveal personality and character in a way that no official act ever could Much is known to one which is not known to the other Jefferson wrote and no one knows everything The cumulative effect of many voices however can create a portrait of invaluable insight *Remarkable Trials of all Countries: With the Evidence and Speeches of Counsel, Court Scenes, Incidents, &c.* Thomas Punphy, 2021-11-04 Reprint of the original first published in 1882
