Dance with Me Julia A. Ericksen, 2011-11 Click here to listen to Julia Ericksen's interview about Dance with Me on Philadelphia NPR's Radio Times Rumba music starts and a floor full of dancers alternate clinging to one another and turning away Rumba is an erotic dance and the mood is hot and heavy the women bend and hyperextend their legs as they twist and turn around their partners Amateur and professional ballroom dancers alike compete in a highly gendered display of intimacy romance and sexual passion In Dance With Me Julia Ericksen a competitive ballroom dancer herself takes the reader onto the competition floor and into the lights and the glamour of a world of tanned bodies and glittering attire exploring the allure of this hyper competitive difficult and often expensive activity In a vivid ethnography accompanied by beautiful photographs of all levels of dancers from the world's top competitors to social dancers Ericksen examines the ways emotional labor is used to create intimacy between professional partners and between professionals and their students illustrating how dancers purchase intimacy She shows that while at first glance ballroom presents a highly gendered face with men leading and women following dancing also transgresses gender *Alone, Together* Linda A. Cooney, 1986 *In Course of True Love* Sanjeev Ranjan, 2017-10-30 Some say all love stories are the same A boy meets a girl and they fall in love eventually But is that where the story ends What about the journey they make together the feelings they share and the moments they live Aarush is a reticent boy who has dreams of making it to a premier engineering college Staying away from home and working hard towards his dreams he falls in love under strange circumstances That too truly madly deeply Can love happen at sixteen or is it just a passing infatuation A true yet unusual emotional love saga In Course of True Love explores the reality of puppy love and plumbs its depth its warmth and its true meaning **Waltzing Through Europe: Attitudes towards Couple Dances in the Long Nineteenth-Century** Egil Bakka, Theresa Jill Buckland, Helena Saarikoski, Anne von Bibra Wharton, 2020-09-10 From folk devils to ballroom dancers Waltzing Through Europe explores the changing reception of fashionable couple dances in Europe from the eighteenth century onwards A refreshing intervention in dance studies this book brings together elements of historiography cultural memory folklore and dance across comparatively narrow but markedly heterogeneous localities Rooted in investigations of often newly discovered primary sources the essays afford many opportunities to compare sociocultural and political reactions to the arrival and practice of popular rotating couple dances such as the Waltz and the Polka Leading contributors provide a transnational and affective lens onto strikingly diverse topics ranging from the evolution of romantic couple dances in Croatia and Strauss's visits to Hamburg and Altona in the 1830s to dance as a tool of cultural preservation and expression in twentieth century Finland Waltzing Through Europe creates openings for fresh collaborations in dance historiography and cultural history across fields and genres It is essential reading for researchers of dance in central and northern Europe while also appealing to the general reader who wants to learn more about the vibrant histories of these familiar dance forms **The Dance of 17 Lives** Mick Brown, 2010-11-15 In January

2000 two Ambassador taxis twisted their way up the narrow road leading towards Dharamsala in the Himalayan foothills of northern India the home in exile of the Dalai Lama In one taxi was a fourteen year old boy the 17th Karmapa one of the most important figures in Tibetan Buddhism The boy's arrival in Dharamsala was the culmination of an extraordinary escape which had brought him 900 miles across the Himalayas in conditions of high danger from the monastery in Tibet where he had lived since he was seven years old Fascinated by this charismatic young figure Mick Brown travelled to Dharamsala to meet him and found himself drawn into the labyrinthine not to say surreal web of intrigue surrounding the 17th Karmapa's recognition and young life

Barnes, 1986 Black women says Dr Barnes are known to have a number of strengths in varied settings They are often the focus of home life and make enormous contributions to the community and workplace Hence this work is about the interpersonal relations of Black women in these environments This is an important topic because interpersonal relations impact the quality of life in each social setting Because of these factors I am particularly appreciative to those respondents who made this study possible by generously revealing the nature of interpersonal relations in these various social settings the workplace the home and the community The findings were combined with scholarly research by anthropologists economists psychologists and sociologists to present a comprehensive picture of interpersonal relations involving Black women in today's world
