The Courthouse at Edenton Marc D. Brodsky,1989 *The Courthouses of Early Virginia* Carl Lounsbury,2005 With abundant drawings photographs and maps and a checklist of important public buildings in early Virginia Lounsbury s study will fascinate and delight architectural historians architects students and Virginians involved in law and government Colonial Williamsburg Studies in Chesapeake History and Culture *Cruising World* ,1979-01 **Library of Congress Subject Headings** Library of Congress,1997 **The Brethren** Brendan McConville,2021-09-28 The dramatic account of a Revolutionary era conspiracy in which a band of farmers opposed to military conscription and fearful of religious persecution plotted to kill the governor of North Carolina Less than a year into the American Revolution a group of North Carolina farmers hatched a plot to assassinate the colony s leading patriots including the governor The scheme became known as the Gourd Patch or Llewellen Conspiracy The men called themselves the Brethren The Brethren opposed patriot leaders demand for militia volunteers and worried that enlightened deist principles would be enshrined in the state constitution displacing their Protestant faith The patriots attempts to ally with Catholic France only exacerbated the Brethren s fears of looming heresy Brendan McConville follows the Brethren as they draw up plans for violent action After patriot militiamen threatened to arrest the Brethren as British sympathizers in the summer of 1777 the group tried to spread false rumors of a slave insurrection in hopes of winning loyalist support But a disaffected insider denounced the movement to the authorities and many members were put on trial Drawing on contemporary depositions and legal petitions McConville gives voice to the conspirators motivations which make clear that the Brethren did not back the Crown but saw the patriots as a grave threat to their religion Part of a broader Southern movement of conscription resistance the conspiracy compels us to appreciate the full complexity of public opinion surrounding the Revolution Many colonists were neither loyalists nor patriots and came to see the Revolutionary government as coercive The Brethren tells the dramatic story of ordinary people who came to fear that their Revolutionary leaders were trying to undermine religious freedom and individual liberty the very causes now ascribed to the Founding generation **North Carolina** ,1939 *Library of Congress Subject Headings* Library of Congress. Carolina Comments ,2005 The Buildings of Peter Harrison John Fitzhugh Millar,2014-10-20 Perhaps the most important architect ever to have worked in America Peter Harrison s renown suffers from the destruction of most of his papers when he died in 1775 He was born in Yorkshire England in 1716 and trained to be an architect as a teenager He also became a ship captain and soon sailed to ports in America where he began designing some of the most iconic buildings of the continent In a clandestine operation he procured the plans for the French Canadian fortress of Louisbourg enabling Massachusetts Governor William Shirley to capture it in 1745 This setback forced the French to halt their operation to capture all of British America and to give up British territory they had captured in India As a result he was rewarded with commissions to design important buildings in Britain and in nearly all British colonies around the world and he became the first person ever to have designed buildings on six continents He designed mostly in a neo Palladian style and invented a way of building wooden structures so as to look like carved stone wooden rustication He also designed some of America s most valuable furniture including inventing the coveted block front and introducing the bombe motif In America he lived in Newport Rhode Island and in New Haven Connecticut where he died at the beginning of the War of Independence 100
