Stonehouse, 2018-10-29 Looking for work Having difficulty in landing your dream job or any job Don't know how to do it You're Hired Job Search Strategies That Work provides powerful strategies and tactics to land your next job

Searching for and landing a job can be a stressful demoralizing experience especially if you don't know how to do it properly. The old ways of finding a job often don't work anymore. Finding rewarding work is work. You're Hired: Job Search Strategies That Work puts you to work in learning how to use best practices to land your dream job. This easy to read book is a systematic program providing strategic tactics to maximize your job searching effectiveness. Did you know there is a psychology behind the process of job searching? You're Hired: Job Search Strategies That Work helps you understand the psychology of job searching and sets you up for envisioning your success. Resumes: It is often said that resumes are your ticket to job searching success. Resumes are still the not so secret weapon to landing a job. You won't win a lottery if you don't have a ticket and you are unlikely to be invited for a job interview if you don't have a dynamic effective resume that features you as the solution to a problem. Your resume is your ticket that leads to being invited for an interview where you can expand upon your value. An effective eye catching resume will get you an interview. We show you how to craft and fine tune a magnetic resume that will attract an employer's attention. Are you networking? Many job search industry professionals say that networking is the single most effective strategy for landing your next job. You may think you don't know anyone who can help you with your job search. But you know more people than you think and they are willing to help you. However you need to reach out and connect with them first. It's not who you know it's who knows you know. You're Hired: Job Search Strategies That Work helps you build upon your existing network of contacts and take it to the next level an opportunity creating machine. References: Do you have your professional and personal references in place? Are they primed to be your personal cheerleaders? No. Well they should be. You're Hired: Job Search Strategies That Work provides you with proven tactics to leverage your references to help nail the job for you. Job Interviewing: While looking for a new job and going through hiring interviews can be exciting for some people for many of us it can be a stressful experience. Is the thought of a job interview keeping you awake at night? You're Hired: Job Search Strategies That Work systematically builds your skills to excel at interview questions and help you sleep at night. From our experience one of the biggest problems job seekers often face is they feel they are coming from an inferior position and they don't have a lot of personal power. The belief being that the Employer has the superior position and has all the power. Sound familiar? Yes they have the job and they have the power to give you the job or not. What you may not realize is many Hiring Managers are under similar pressures as you the job seeker. They are accountable to their superiors should the person they hire not work out. They have the pressure of finding the right candidate for the vacancy they need to fill. You're Hired: Job Search Strategies That Work levels the playing field between you and the employer. Your task is to become the only choice. The right choice.
