Couples Scenes From The Inside:

Weird Scenes Inside The Canyon David McGowan,2014-03-19 The very strange but nevertheless true story of the dark underbelly of a 1960s hippie utopia Laurel Canyon in the 1960s and early 1970s was a magical place where a dizzying array of musical artists congregated to create much of the music that provided the soundtrack to those turbulent times Members of bands like the Byrds the Doors Buffalo Springfield the Monkees the Beach Boys the Turtles the Eagles the Flying Burrito Brothers Frank Zappa and the Mothers of Invention Steppenwolf CSN Three Dog Night and Love along with such singer songwriters as Joni Mitchell Judy Collins James Taylor and Carole King lived together and jammed together in the bucolic community nestled in the Hollywood Hills But there was a dark side to that scene as well Many didn't make it out alive and many of those deaths remain shrouded in mystery to this day Far more integrated into the scene than most would like to admit was a guy by the name of Charles Manson along with his murderous entourage Also floating about the periphery were various political operatives up and coming politicians and intelligence personnel the same sort of people who gave birth to many of the rock stars populating the canyon And all the canyon's colorful characters rock stars hippies murderers and politicians happily coexisted alongside a covert military installation *The Magic Couple* S. Authenticity and Belonging in the Northern Soul Scene Sarah Raine,2020-06-29 This book which builds on a three year immersive ethnographic study argues that what scene participants do and say within the northern soul scene constitutes a claim to belong For younger members making claims to belong is problematic in a scene where dominant notions of authenticity held by insiders are rooted in a particular past the places people events and soundscapes of particular venues during the 1970s In order to engage with this past young men and women participate in a range of discursive practices This book argues that these practices and the ways they intersect and deviate from dominant notions of authenticity represent shared and individual negotiations of the true soulie In doing so it reveals the rich experiences of the younger generation of this multigenerational music scene and the ways they establish a claim to belong to a scene first formed before they were born Andrew Davies Sarah Cardwell,2005-07-22 Andrew Davies is the creator of the British TV programs *Pride and Prejudice* *Othello* and *The Way We Live Now* Although best known for his adaptations of the work of writers such as Jane Austen and George Eliot he has written numerous original drama series single plays films stage plays and books This volume offers a critical appraisal of Davies's work and assesses his contribution to British television *CSI: Crime Scene Investigation Companion* Mike Flaherty,Corinne Marrinan,Anthony E.
