Murder on the Largo: Eleanor Williams,2024-12-15 In western New Mexico in 1905 there rode a notorious outlaw from the Mexican border named Henry Coleman With a Colt 45 strapped to his hip Coleman alias Street Hudspeth from the well to do Texas family came to be either despised as a deceitful rustler and ruthless murderer or admired as a man of honor and great courage a popular and charismatic cowman who was fast with a gun No one seemed indifferent In less than a decade Coleman who was fluent in Spanish and popular with many of the Hispanics of the area became as famous in the western part of the state as Billy the Kid was in Lincoln County Sheriff Elfego Baca of Socorro County who was careful not to confront Coleman referred to him as the last of the bad men of New Mexico Especially spellbinding are the recollections of how Coleman came to be associated with several murders Also intriguing is how he died so violently at the hands of a posse of cattlemen in October 1921 From her ranch on Largo Creek not far from where Coleman was said to have committed more than one murder Eleanor Williams worked hard to interview anyone who had known him or had any knowledge of his daring deeds Williams first published Coleman s story in the New Mexico Electric News a monthly electrical co op magazine from 1964 to 1965 Award winning historian Jerry Thompson edited and annotated it with additional historical context also included is a short biography of Williams by her daughter Helen Cress *The Deadliest Outlaws* Jeffrey Burton,2009 In the late nineteenth century Tom Ketchum and his brother Sam formed the Ketchum Gang with other outlaws and became successful train robbers In their day these men were the most daring of their kind and the most feared Eventually Tom Ketchum was caught and sentenced to death for attempting to hold up a railway train He became the first individual and the last ever to be executed for a crime of this sort Jeffrey Burton has been researching the story of the Ketchum Gang for more than forty years He sorts fact from fiction to provide the definitive truth about Ketchum and numerous other outlaws including Will Carver and Butch Cassidy *The Deadliest Outlaws* initially was published in a limited run of one hundred paperback copies in England This second edition in hardcover contains additional material and photographs not found in the earlier printing *Dynamite and Six-shooter* Jeff Burton,2007 Thomas E Ketchum better known as Black Jack Ketchum and his small gang were on the run in Texas New Mexico and Arizona for less than four years and their career of banditry lasted for little more than two years At his hanging in 1901 he declared Hurry up boys I m due in Hell for dinner **Firearms of the Texas Rangers** Doug Dukes,2020-08-14 From their founding in the 1820s up to the modern age the Texas Rangers have shown the ability to adapt and survive Part of that survival depended on their use of firearms The evolving technology of

these weapons often determined the effectiveness of these early day Rangers John Coffee Jack Hays and Samuel Walker would leave their mark on the Rangers by incorporating new technology which allowed them to alter tactics when confronting their adversaries The Frontier Battalion was created at about the same time as the Colt Peacemaker and the Winchester 73 these were the guns that won the West Firearms of the Texas Rangers with more than 180 photographs tells the history of the Texas Rangers primarily through the use of their firearms Author Doug Dukes narrates famous episodes in Ranger history including Jack Hays and the Paterson the Walker Colt the McCulloch Colt Revolver smuggled through the Union blockade during the Civil War and the Frontier Battalion and their use of the Colt Peacemaker and Winchester and Sharps carbines Readers will delight in learning of Frank Hamer s marksmanship with his Colt Single Action Army and his Remington along with Captain J W McCormick and his two 45 Colt pistols complete with photos Whether it was a Ranger in 1844 with his Paterson on patrol for Indians north of San Antonio or a Ranger in 2016 with his LaRue 7 62 rifle working the Rio Grande looking for smugglers and terrorists the technology may have changed but the gritty job of the Rangers has not

Twelve Hundred Miles by Horse and Burro Harley Shaw, Mara E. Weisenberger, 2022-05-31 J Stokley Ligon s work in bird conservation habitat protection and wildlife legislation during the mid twentieth century is well documented in his own writing and the writing of others But hovering in the background of Ligon s life story has always been the rumor of a trip he made alone as a young man in 1913 in which he covered much of New Mexico alone on horseback Details of the trip had faded into history and Ligon a self effacing man had never published the story As it turns out the trek was Ligon s first job with the US Biological Survey and it did not go entirely undocumented The breeding bird population report that eventually resulted from the journey photographs from glass plate negatives and perhaps most enticingly Ligon s own personal diary from these travels are presented here Not just a compelling account of the expedition itself the materials and insights found in this volume also reveal aspects of Ligon s family history his early interest in wildlife and the development of the wilderness skills needed to undertake such a survey Using his original itinerary and handwritten report the authors of this book revisited many of the places that Ligon surveyed and in a few cases were even able to locate and repeat Ligon s early photographs Combined with a discussion of the conditions of birds and other wildlife then and now this volume serves as a useful tool for understanding how wildlife numbers distribution and habitats changed in New Mexico over the course of the twentieth century Birding enthusiasts historians naturalists and even armchair adventurers will all find something to love in this chronicle of a young man from a West Texas ranching family with a driving ambition to be a professional naturalist and writer
