International Sport: A Bibliography, 1995-1999 Richard William Cox,2004-04-22 There has been an explosion in the quantity of sports history literature published in recent years making it increasingly difficult to keep abreast of developments The annual number of publications has increased from around 250 to 1 000 a year over the last decade This is due in part to the fact that during the late 1980s and 90s many clubs leagues and governing bodies of sport have celebrated their centenaries and produced histories to mark this occasion and commemorate their achievements It is also the result of the growing popularity and realisation of the importance of sport history research within academe This international bibliography of books articles conference proceedings and essays in the English language is a one stop for the sports historian to know what is new

The Art and Aesthetics of Boxing David H. T. Scott,2008-01-01 What separates the chaos of fighting from the coherent ritual of boxing According to author David Scott it is a collection of aesthetic constructions including the shape of the ring the predictable rhythm of timed rounds the uniformity of the boxers glamorous attire and the stylization of the combatants posture and punches In *The Art and Aesthetics of Boxing* Scott explores the ways in which these and other aesthetic elements of the sport have evolved over time Scott comprehensively addresses the rich dialogue between boxing and the arts

suggesting that boxing not only possesses intrinsic aesthetic qualities but also has inspired painters graphic designers surrealist poets and modern writers to identify expand and respond to the aesthetic properties of the sport Divided into three parts the book moves from a consideration of the evolution and intrinsic aesthetics of boxing to the responses to the sport by cubist and futurist painters and sculptors installation artists poster designers photographers and finally surrealist poets and modernist writers With distinctive illustrations and photographs in nine short chapters Scott creates a visual as well as a textual narrative that supplements and concretely demonstrates the deep dynamic relationship between the art of boxing and the world of art and literature

Globalizing Boxing Kath Woodward, 2015-08-27 This book uses boxing as a vehicle for exploring social cultural and political change in a global context It considers to what degree and in what ways boxing reflects social transformations and how it contributes to those transformations Woodward provides new ways of thinking critically about our everyday assumptions and social world
