Matthew Gallman,2003-06-19 Between 1845 and 1855 2 million Irish men and women fled their famine ravaged homeland many to settle in large British and American cities that were already wrestling with a complex array of urban problems In this innovative work of comparative urban history Matthew Gallman looks at how two cities Philadelphia and Liverpool met the challenges raised by the influx of immigrants Gallman examines how citizens and policymakers in Philadelphia and Liverpool dealt with such issues as poverty disease poor sanitation crime sectarian conflict and juvenile delinquency By considering how two cities of comparable

population and dimensions responded to similar challenges he sheds new light on familiar questions about distinctive national characteristics without resorting to claims of American exceptionalism In this critical era of urban development English and American cities often evolved in analogous ways Gallman notes But certain crucial differences in location material conditions governmental structures and voluntaristic traditions for example inspired varying approaches to urban problem solving on either side of the Atlantic **Shaw's union officers' manual of duties [afterw.] Shaws' (The) Local government manual and directory** Local government manual,1876 *The Dublin Review* Nicholas Patrick Wiseman,1864

Liverpool's Children in the Second World War Pamela Russell,2011-11-30 This is the untold story of Liverpool s children in the Second World War Whilst everyone is familiar with the tales of evacuees who were rushed out of the cities once the bombs started falling many of us are unaware that many stayed behind either by choice or necessity as the city of their childhood disintegrated and burned around them In the words of those who experienced the Liverpool Blitz first hand we hear of their adventures and misadventures the fun and games and ever present danger and the humor and sorrow of those wartime years This is an important and revealing look at the war as seen through the eyes of these children This book not only explores the memories of a childhood ravaged by war but also the formative effect this had on individuals lives It reflects the collective spirit of a city that refused to be crushed even at the darkest hours of the Luftwaffe s bombing campaign Ideal for anyone who lived through those times or who is fascinated by experiences and the legacy of the wartime generation this new title pays tribute to the war s forgotten children *Wiseman Review* ,1864 *Report of the Inspector ...* ,1875 **Report of the Committee of Council on Education (England and Wales), with Appendix** Great Britain.
