

BRAHMS

HIS LIFE AND WORK

Brahms A Study Of His Life And Work

Murray Steib

Brahms A Study Of His Life And Work:

Johannes Brahms Heather Platt, 2012-07-26 First published in 2011 Johannes Brahms A Research and Information Guide is an annotated bibliography concerning both the nature of primary sources related to the composer and the scope and significance of the secondary sources which deal with him his compositions and his influence as a composer and performer The second edition will include research published since the publication of the first edition and provide electronic resources

The Cambridge Companion to Brahms Michael Musgrave, 1999-05-27 This Companion gives a comprehensive view of the German composer Johannes Brahms 1833-97 Twelve specially commissioned chapters by leading scholars and musicians provide systematic coverage of the composer's life and works Their essays represent recent research and reflect changing attitudes towards a composer whose public image has long been out of date The first part of the book contains three chapters on Brahms's early life in Hamburg and on the middle and later years in Vienna The central section considers the musical works in all genres while the last part of the book offers personal accounts and responses from a conductor Roger Norrington a composer Hugh Wood and an editor of Brahms's original manuscripts Robert Pascall The volume as a whole is an important addition to Brahms scholarship and provides indispensable information for all students and enthusiasts of Brahms's music

Brahms Studies David Lee Brodbeck, 1998-12-01 The eight essays in Brahms Studies 2 provide a rich sampling of contemporary Brahms research In his examination of editions of Brahms's music George Bozarth questions the popular notion that most of the composer's music already exists in reliable critical editions Daniel Beller McKenna reconsiders the younger Brahms's involvement in musical politics at midcentury The cantata Rinaldo is the centerpiece of Carol Hess's consideration of Brahms's music as autobiographical statement Heather Platt's exploration of the twentieth century reception of Brahms's Lieder reveals that advocates of Hugo Wolf's aesthetics have shaped the discourse concerning the composer's songs and calls for an approach more clearly based on Brahms's aesthetics In his examination of the rise of the great symphony as a critical category that carried with it a nearly impossible standard to meet Walter Frisch provides a rich context in which to understand Brahms's well-known early struggle with the genre Kenneth Hull suggests that Brahms used ironic allusions to Bach and Beethoven in the tragic Fourth Symphony in order to subvert the enduring assumption that a minor key symphony will end triumphantly in the major mode Peter H. Smith examines Brahms's late style by concentrating on Neapolitan tonal relations in the Clarinet Sonata in F Minor Finally David Brodbeck delineates the complex evolution of Brahms's reception of Mendelssohn's music

Brahms and His World Walter Frisch, Kevin C. Karnes, 2009-07-06 Since its first publication in 1990 Brahms and His World has become a key text for listeners performers and scholars interested in the life work and times of one of the nineteenth century's most celebrated composers In this substantially revised and enlarged edition the editors remain close to the vision behind the original book while updating its contents to reflect new perspectives on Brahms that have developed over the past two decades To this end the original essays by leading experts are

retained and revised and supplemented by contributions from a new generation of Brahms scholars Together they consider such topics as Brahms s relationship with Clara and Robert Schumann his musical interactions with the New German School of Wagner and Liszt his influence upon Arnold Schoenberg and other young composers his approach to performing his own music and his productive interactions with visual artists The essays are complemented by a new selection of criticism and analyses of Brahms s works published by the composer s contemporaries documenting the ways in which Brahms s music was understood by nineteenth and early twentieth century audiences in Europe and North America A new selection of memoirs by Brahms s friends students and early admirers provides intimate glimpses into the composer s working methods and personality And a catalog of the music literature and visual arts dedicated to Brahms documents the breadth of influence exerted by the composer upon his contemporaries

Brahms Studies David Brodbeck,1994-01-01 Examines the broad range of current Brahms research including documentary studies historical and critical essays and case studies of individuals works

Brahms's Elegies Nicole Grimes,2019-01-24 A unique insight into the relationship between Brahms s music and his philosophical and literary context from a modernist perspective

Reader's Guide to Music Murray Steib,2013-12-02 The Reader s Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology

Brahms Studies Brahms Studies,2001-01-01 A publication of the American Brahms Society Brahms Studies publishes essays on the life work and artistic milieu of Johannes Brahms Each volume collects the best in Brahms scholarship including criticism analysis theory biography archival and documentary studies and translations of important studies that have appeared in foreign languages

The Organ Music of Johannes Brahms Barbara Owen,2007-06-25 Influenced by Robert and Clara Schumann and Joseph Joachim Johannes Brahms not only learned to play the organ at the beginning of his career but also wrote significant compositions for the instrument as a result of his early counterpoint study He composed for the organ only sporadically or as part of larger choral and instrumental works in his subsequent career During the final year of his life however he returned to pure organ composition with a set of chorale preludes though many of these are thought to have been revisions of earlier works Today the organ works of Johannes Brahms are recognized as beautifully crafted compositions by church and concert organists across the world and have become a much cherished component of the repertoire Until now however most scholarly accounts of Brahms s life and work treat his works for the organ as a minor footnote in his development as a composer Precisely because the collection of organ works is not extensive the pieces composed at different times during Brahms s lifetime help to map his path as a composer pinpointing various stages in his

artistic development In this volume Barbara Owen offers the first in depth study of this corpus considering Brahms's organ works in relation to his background methods and overall artistic development his contacts with organs and organists the influence of his predecessors and contemporaries and analyses of each specific work and its place in Brahms's career Her expert history and analysis of Brahms's individual organ works and their interpretation also investigates contemporary practices relative to the performance of these pieces The book's three valuable appendices present a guide to editions of Brahms's organ works a discussion of the organ in Brahms's world that highlights some organs the composer would have heard and a listing of the organ transcriptions of Brahms's work Blending unique insights into composition and performance practice this book will be read eagerly by performers students and scholars of the organ Brahms and the music of the Nineteenth Century

Brahms and the German Spirit Daniel Beller-McKenna, 2004-07-15 Beller McKenna counters music historians's reluctance to address Brahms's Germanness wary perhaps of fascist implications He gives an account of the intertwining of nationalism politics and religion that underlies major works and enriches both our understanding of his art and German culture

A Practical Guide for Performing, Teaching, and Singing the Brahms "Requiem" Leonard Van Camp, Jerold Ottley, This book is intended to help those who are contemplating performing or studying the Brahms Requiem It provides historical information performance considerations musical analysis and resource material for all who enjoy the musicology behind this magnificent work It is especially directed toward conductors but it is also useful for choristers and soloists as well A wonderful instructional tool

The second practice of nineteenth-century tonality William Kinderman, Harald Krebs, 1996-01-01 In 1861 a half century before Arnold Schoenberg's break with tonality a young composer associated with Liszt saw a threshold to musical modernism as lodged in the suspension of the main key As the unified tonal perspective of earlier music yielded increasingly to dualistic key structures often laden with chromaticism the language of music was transformed In *The Second Practice of Nineteenth Century Tonality* nine prominent theorists and historians explore aspects of this musical evolution from Schubert to the end of the nineteenth century Many works discussed are masterpieces of the performance repertory ranging from Chopin's piano pieces and Wagner's music dramas to the symphonies of Bruckner The integration of analytical and historical approaches in the essays seeks to avoid narrow specialization as well as the polemic stance of some recent studies A critical assessment of issues including intertextuality narrative and dramatic symbolism enriches this investigation of what may be described as the second practice of nineteenth century tonality

Brahms Karl Geiringer, Irene Geiringer, 1982 Karl Geiringer's biography of Brahms is generally regarded as the finest study of the composer ever published in any language It is based upon the great body of material in the archives of the Vienne

Brahms and the Principle of Developing Variation Walter Frisch, 1990-04-20 This volume is an analytical study of 18 works by Brahms making skillful use of Schoenberg's provocative concept of developing variation It traces a genuine evolution through Brahms's compositions considering their relationship to each other

The Biography

Book Daniel S. Burt, 2001-02-28 From Marilyn to Mussolini people captivate people A E s Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals

Nineteenth-century Choral Music Donna Marie Di Grazia, 2013 Nineteenth Century Choral Music is a collection of essays studying choral music making as a cultural phenomenon one that had an impact on multiple parts of society Rather than merely offering a collection of raw descriptions of works the contributors focus their discussions on what these pieces reveal about their composers as craftsmen women Major works as well as other equally rich parts of the repertoire are discussed including smaller choral works and contributions by composers such as Fanny Mendelssohn Amy Beach Charles Stanford

From Grieg to Brahms: Studies of Some Modern Composers and Their Art Daniel Gregory Mason, 2023-11-14 Daniel Gregory Mason s book From Grieg to Brahms Studies of Some Modern Composers and Their Art is a comprehensive analysis of the works of Grieg Brahms and other modern composers exploring their artistic styles and influences Mason s writing is characterized by meticulous research and insightful commentary making this book a valuable resource for music enthusiasts and scholars alike By delving into the cultural and historical contexts in which these composers created their masterpieces Mason offers readers a deeper understanding of the music of the late 19th and early 20th centuries His discussions of specific compositions provide a nuanced interpretation of the emotions and ideas expressed through the music Daniel Gregory Mason a respected musicologist and composer himself brings a unique perspective to the study of these composers drawing on his own experiences in the music industry and academic research In From Grieg to Brahms Mason s expertise and passion for music shine through making this book a must read for anyone interested in the evolution of classical music and the creative processes of renowned composers

Allusion as Narrative Premise in Brahms's Instrumental Music Jacquelyn Sholes, 2018-05-24 Who inspired Johannes Brahms in his art of writing music In this book Jacquelyn E C Sholes provides a fresh look at the ways in which Brahms employed musical references to works of earlier composers in his own instrumental music By analyzing newly identified allusions alongside previously known musical references in works such as the B Major Piano Trio the D Major Serenade the First Piano Concerto and the Fourth Symphony among others Sholes demonstrates how a historical reference in one movement of a work seems to resonate meaningfully musically and dramatically with material in other movements in ways not previously recognized She highlights Brahms s ability to weave such references into broad movement spanning narratives arguing that these narratives served as expressive

outlets for his complicated sometimes conflicted attitudes toward the material to which he alludes Ultimately Brahms's music reveals both the inspiration and the burden that established masters such as Domenico Scarlatti J S Bach Haydn Mozart Schubert Schumann Wagner and especially Beethoven represented for him as he struggled to emerge with his own artistic voice and to define and secure his unique position in music history *Brahms 2* Michael Musgrave, 1987-04-16 Half of these twelve original essays by international authorities are critical analyses of Brahms's music while the remainder discuss influences the reception of his music and his place in history **The American Music Teacher** , 1992

This Captivating World of Kindle Books: A Detailed Guide Unveiling the Advantages of Kindle Books: A World of Convenience and Flexibility E-book books, with their inherent portability and simplicity of access, have liberated readers from the constraints of hardcopy books. Gone are the days of lugging cumbersome novels or carefully searching for specific titles in shops. E-book devices, sleek and lightweight, effortlessly store an extensive library of books, allowing readers to indulge in their preferred reads anytime, everywhere. Whether traveling on a busy train, lounging on a sunny beach, or simply cozying up in bed, Kindle books provide an exceptional level of convenience. A Reading World Unfolded: Exploring the Vast Array of E-book Brahms A Study Of His Life And Work Brahms A Study Of His Life And Work The Kindle Store, a digital treasure trove of bookish gems, boasts an extensive collection of books spanning varied genres, catering to every readers preference and preference. From gripping fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the Kindle Shop offers an exceptional variety of titles to explore. Whether seeking escape through engrossing tales of fantasy and adventure, delving into the depths of historical narratives, or expanding ones understanding with insightful works of science and philosophical, the E-book Shop provides a gateway to a literary universe brimming with endless possibilities. A Revolutionary Force in the Literary Scene: The Enduring Influence of Kindle Books Brahms A Study Of His Life And Work The advent of Kindle books has unquestionably reshaped the literary landscape, introducing a paradigm shift in the way books are released, disseminated, and consumed. Traditional publication houses have embraced the digital revolution, adapting their approaches to accommodate the growing demand for e-books. This has led to a surge in the accessibility of Kindle titles, ensuring that readers have access to a vast array of bookish works at their fingertips. Moreover, Kindle books have democratized access to books, breaking down geographical barriers and offering readers worldwide with similar opportunities to engage with the written word. Irrespective of their place or socioeconomic background, individuals can now immerse themselves in the captivating world of literature, fostering a global community of readers. Conclusion: Embracing the E-book Experience Brahms A Study Of His Life And Work Kindle books Brahms A Study Of His Life And Work, with their inherent ease, flexibility, and wide array of titles, have certainly transformed the way we encounter literature. They offer readers the liberty to discover the limitless realm of written expression, anytime, anywhere. As we continue to travel the ever-evolving online landscape, E-book books stand as testament to the lasting power of storytelling, ensuring that the joy of reading remains accessible to all.
