Surfing the Urban Wave Richard Segal, 2014 Anyone can change the world we were out to fix it Four years removed from a successful campaign to steer the United States in a new more equitable direction it was time to shake Europe's entrenched establishment and bring forth leaders for the people starting with London and with a foreign born leader no less However in departing at the American apex not only left behind were co collaborators co workers and friends unaware of his secret political activities he betrayed and deserted some of them We were hiding behind a Big Smokescreen as well he feared It may take more than one mea culpa dance to rake over the past but does it matter the source of true inspiration and determination Surfing the Urban Wave combines pragmatic solutions to municipal drift with antidotes to the throw away society and confronts one of the most open and democratic public elections with scarcely an opinion poll in sight
