Branson Memories:

Transforming Pastoral Leadership Quentin P. Kinnison, 2016-05-20 For many congregations change creates discomfort Pastoral leaders are often expected to be experts who manage and control realities beyond their expertise experience and ability That expectation a product of modern approaches to leadership views the pastor as responsible for maintaining the status quo Transforming Pastoral Leadership responds to this context by challenging readers to rediscover key biblical themes around the shepherding metaphor as well as key theological themes steeped in our historical faith narratives Readers are challenged to consider the origins of our dominant leadership practices and to reconsider how Christ's preeminence as the leader of his church requires us to reconstruct leadership practices that are faithful to his preeminence To assist congregations Transforming Pastoral Leadership suggests two processes that might help congregations discern God's missional promptings as they move forward into God's future and experience conflict as opportunities for transformation

Memories of the Light

Toni Maguire,2012-02 Even as a young child Toni Maguire had the ability to remember the unique moments of planning and discussions about a future physical life before she was born In her autobiography Maguire not only shares her recollections of an existence as a spirit before birth but also her memories of her childhood and how it led her to learn diverse lessons experience a variety of mistakes and ultimately discover her true destiny In a simple and honest style Maguire reveals how the effects of her unique memories moved her life in an unexpected direction and motivated her to separate from her husband when she was in her twenties and move to Nashville Tennessee where she would try to achieve musical success in what is often times an unforgiving and difficult industry Always believing she was born to serve a special purpose Maguire offers an introspective glimpse into her life s journey as she recognizes her imperfections learns to forgive herself for her mistakes and grows within in order to find her purpose in life Memories of the Light shares a universal message coupled with the true story of one woman s spiritual pilgrimage that allows others to imagine life in a new and different way **Dancing**

in the Dark, Revised Edition Graham Buxton,2016-11-08 Christians are often tempted to encapsulate God in their own little boxes as if God could be tied down to our finite way of thinking But we can neither domesticate nor fully understand God for theology has a lot to do with coming to terms with the mystery of God This revised edition of Dancing in the Dark shaped as in the first edition by the two overarching themes of God as Trinity and a theology of participation embraces the notion of mystery in presenting a compelling vision of seeing all things finally united within the inner life of God As we engage in Christian ministry we are summoned to participate as grace filled faith communities in the triune God s immeasurably loving and healing work in the world leading those who are in darkness into an awareness of the God who imparts life in all its glorious abundance that which is so and a journey into the mystery of that which is to come The liberating ministry of the gospel is both a declaration and an invitation an invitation to the dance *An Uncertain Certainty*

Graham Buxton,2015-03-26 Many people in Christian ministry are tired of simplistic certainties what they need is permission to live with uncertainty with mystery ambiguity and paradox Because we live in a world that is far removed from the modernist version of reality with its rational clinical and superficial presentation of life we need the courage and wisdom to embrace the presence of uncertainties in the midst of certainty In this book the author offers snapshots of a number of central Christian topics God the gospel the church salvation ministry inviting us to treat them as features of a landscape to explore rather than a set of propositional statements to sign up to Each chapter short enough to provoke interest and curiosity will be a catalyst for deeper reflection and enquiry inviting us to discover a new freedom in ministry as we embrace a more generous both and perspective in place of a more narrow either or interpretation of the Christian faith In the process we may find ourselves rediscovering the Life we have lost in living as we imaginatively participate in the life ministry and mystery of the triune God of grace in our midst Blessed and Beautiful

Lisa Washington Lamb,2014-06-05 Colleges can do it Hospitals can do it Workplaces can do it Why does the church in the United States still find it so difficult to integrate across

racial and ethnic divides In *Blessed and Beautiful* Lisa Lamb trains her sights on one often overlooked facet of forging life together the magnetic power of shared memories Those common narratives bind ethnic groups together and keep them apart This book explores the sociological and theological dimensions of social memory and considers the particularly powerful tool preaching could be for shaping individuals who are willing to risk remembering their people's past in church and for shaping churches capable of hearing those stories While keenly aware of the complex dynamics involved Lamb ultimately gives pastors and other church leaders a glimmer of hope as they seek to build reconciled communities of faith

Ignored Jinna Sil Lo Jin, 2022-03-11 America gets more diverse than ever before and it is our responsibility to respect this diversity before us Although many people claim that diversity matters there are so many marginalized people who have not been heard yet Korean speaking young people are one of them They have been marginalized not only by the main culture but also by their own community This study illuminates this hidden population and their stories as emerging adults with socially emotionally and spiritually unstable status With a practical theology approach this study provides not only about who are the Korean speaking young adults but also what is the current praxis and how the immigrant community can have different imaginations about their future with these young people Including data gathered survey and in depth interviews *Ignored* is the first comprehensive study that addresses Korean speaking young people By sharing unheard stories this book invites us to understand our diverse community Furthermore this book brings new imagination of listening others who have been ignored

Jeff Woods, 2016-03-08 Have you ever been frustrated with or perhaps even frightened about writing a religious research proposal This book demythologizes the religious research design process by beginning with the writer's passion for ministry and then guiding the writer through a series of questions and exercises that lead toward a stress free research proposal The entire research process including the description of context literature review data collection and presentation and significance of the study are covered in this book Through practical exercises writers learn how to read research abstracts choose between quantitative and qualitative methods and identify themes and patterns in data There is even a section that helps the writer transform an interesting study into an intriguing study Students who have previously engaged this funnel approach to research design have found the process not only productive but also enjoyable This unique process of proposal development has been employed in various ecumenical as well as international contexts and works well in a wide variety of religious contexts including congregations nonprofit agencies hospitals and educational institutions If you want to learn to love data and write an appealing religious research proposal this book is for you

A Spiritual Companion to How to Get Along with Your Church Beverly A. Thompson, 2010-01-01 If you are like most pastors you earnestly thought you knew what the congregation you are serving was like when you answered God's call to serve them Something has opened your eyes and now you know that you really don't know The good news is you are ready to find out from Day One I thought I knew When churches are in crisis pastoral leadership is under attack and pastors and

church officials struggle to find a way to better understand why things happen or don't happen Thompson's own pastoral experience led her to look beyond the popular family systems model to seek something that helps churches grow strong and pastors to become leaders She found solutions in George B Thompson Jr's book *How to Get Along with Your Church Creating Cultural Capital for Doing Ministry* and was inspired to develop a spiritual guide that strengthens the usefulness and effectiveness of his book Specifically keyed to *How to Get Along with Your Church* this spiritual companion provides 100 days of daily meditation and journaling for pastors who are learning with a culture model to lead their churches into a new understanding and rediscovery of their corporate calling

Creating a Missional Culture JR Woodward, 2013-09-20

Missiologist and church planter JR Woodward offers a blueprint for the missional church not small adjustments around the periphery of the infrastructure but a radical revisioning of how a church ought to look that entails changing how we think about leadership and what we expect out of discipleship

Missional Life in Practice and Theory Christopher L.

Flanders, Greg McKinzie, 2024-01-19 Few missiologists have impacted mission theory and practice among Churches of Christ as significantly as has Dr Gailyn Van Rheezen yet his global missiological influence has extended far beyond the boundaries of his denominational heritage This Festschrift in honor of Gailyn Van Rheezen contains original missiological contributions from colleagues and former students Most chapters were presentations at the inaugural Gailyn Van Rheezen Sessions in Mission and World Christianity at the 2021 Christian Scholars Conference in Nashville Tennessee The volume is organized to parallel the phases of Van Rheezen's career Africa academic missiology and Mission Alive a North American church planting organization His legacy is one that wonderfully embodies critical theory and robust practice

A Tale of Two Churches

Troy D. Ehlke, 2012-03-20 *A Tale of Two Churches* examines the complexities of resurrecting a congregation postmortem While conflict is a natural occurrence in all communities it can lead to organizational implosion The warning signs become blaring sirens when mistrust goes viral rumors escalate uncontrolled and the people discontinue their participation Pastor Ehlke attempts to generate new life in the corpse of a dying church through means of spiritual transformation Using the Scripture as a guidepost for reform the pastor starts a small group designed for the sole purpose of loving the people Trusting this will spark a revolution of compassion the leadership embarks on breathing new life into a community declared

all but dead by many in observance Having worked at St John Lutheran Church in Winter Park perhaps this paradigm will breathe life into other faith communities who are staring into the darkness of death *Cultivating Sent Communities* Dwight Zscheile, Dwight J. Zscheile, 2012-03-15 *Cultivating sent communities* reimagines spiritual formation through the lens of mission covering such topics as the role of Scripture congregational discernment and short term missions and drawing on case studies from diverse contexts including Ethiopia England Leipzig and San Francisco Back cover **The Impact of Church Consultancy** Ian G. Duncum, 2019-01-14 This book follows the journey of ten churches who underwent church consultancies and explores in depth both the consultancy and its outcomes Pre consultancy and post consultancy snapshots four to five years apart of vitality indicators and attendance figures using National Church Life Survey and other data are used to compare these with churches that have not undertaken church consultancies Theologies of church consultancy church health and church growth are also developed and examined intersecting with a wide body of literature including contemporary ecclesiologies Consultancy outcomes are examined in detail This includes interviews with pastors of some of those churches reflecting on their perceptions of whether and how the church consultancy impacted the health and growth of their church Conclusions are drawn about the efficacy of church consultancy in influencing the health and growth of churches as well as contexts for the best use of church consultancy This is a significant book for denominational leaders theological lecturers pastors and church leaders as they encounter lack of health in churches and seek ways forward for greater health and impact in their local communities *People of the Way* Dwight J. Zscheile, 2012-05 By exploring the Episcopal Church's mission and precepts in the context of 21st century and its challenges this thoughtful book deepens the Church's relationship with its people and makes the faith more relevant Society and culture are constantly evolving so must religion and its mission to remain meaningful The legacies of establishment benefactor approaches to mission and the national church ideal are no longer adequate for the challenges and opportunities facing the 21st century church But if the Episcopal Church is no longer the Church of the Establishment and the benefactor model of church is dead what is the heart of Episcopal mission and identity Scholar and Episcopal priest Dwight Zscheile draws on multiple streams of Anglican thought and practice plus contemporary experience to craft a vision for mission that addresses the church's post establishment post colonial context With stories practices and concrete illustrations Zscheile engages readers in reenvisioning what it means to be Anglican in America today and sends readers out to build new relationships within their local contexts **Recovering Abundance** Andy Stanton-Henry, 2022-03-29 *Recovering Abundance Twelve Practices for Small Town Leaders* invites readers to live a new story to join a movement of renewal for small towns and rural communities Andy Stanton Henry provides twelve civic spiritual practices rooted in Jesus's miracle among the multitude that rural and small town leaders can use to renew their congregations and communities Each chapter explores how one practice was demonstrated in the story has been embodied in small town and rural leaders and communities and can be applied today

Through these twelve practices Stanton Henry helps readers tune in to an alternative story one he discovered in his own rural Ohio community Yes he saw the commonly lamented decline and devastation that have brought suffering to rural Americans and that seem to foster resentment and despair However as he dug deeper into the stories of his neighbors he began to notice that small towns and rural regions are working They are working to build inclusive thriving local economies to weave a welcoming social fabric in their region to cocreate a positive future following the practices he explores in this book *Recovering Abundance* is a new story about the agency and creativity of what Stanton Henry calls ordinary leaders not a story about scarcity and deprivation but one of abundance and generosity **Beyond Accompaniment** William A.

Nordenbrock, 2011-02-01 When a community experiences a fracture in its communal life what tools can be used to foster reconciliation How can right relationship be restored when there is conflict in the Body of Christ In *Beyond Accompaniment* William Nordenbrock proposes the use of a process that is based in the theory of Appreciative Inquiry as a ministerial method to guide a community from brokenness to communion His practical application of this process in his work with St Agatha Catholic Church in Chicago A community whose pastor had been accused and convicted of sexually abusing minors in the parish Will be beneficial for communities experiencing conflict of any kind Nordenbrock helps us focus on the positive aspects of our communities in order to discover that our redemption and reconciliation with God won for us by Christ is inseparable from the reconciliation and communion that Christians are to live with one another William A Nordenbrock CPPS is an ordained member of the Missionaries of the Precious Blood He is on staff at the Precious Blood Ministry of Reconciliation in Chicago pbmr.org Nordenbrock has served his congregation in a number of administrative roles and is currently a member of their General Council *Contesting the Body of Christ* Myles Werntz, 2025-08-05 The church changed

tremendously in the twentieth century with new churches emerging and old churches being renewed This period encompassed the birth of the World Council of Churches the rise of American evangelicalism the Second Vatican Council the coming of age of charismatic Christianity and more In this book Myles Werntz explores the landscape of twentieth century ecclesiology and shows how the four marks of the church were remade contested and reaffirmed in surprising and innovative ways in the course of this turbulent century Werntz asks what it means to say that the church is one holy catholic and apostolic amid so many diverse alternatives He explains how the many dynamics of the twentieth century posed both theological and ethical challenges for confessing the marks of the church but also what promise comes from expanding our vision of how God might be at work across traditions Werntz shows that the four marks of the church can help us see what the last century brought and what we might learn from it now He also provides guidance for the future of the twenty first century church The book includes a foreword from Ephraim Radner
