The second practical section comprises a series of diverse methods and didactical means of Foreign Language Pedagogy which are creatively adapted to fit in language and translation interpreting teaching for translation interpreting trainees aiming at fostering their translational sub-competences. The volume's overarching aim is to clearly emphasise that foreign language teaching for translation and interpreting trainees has to be approached and structured differently than conventional language teaching in other academic disciplines. Language Attrition among Immigrant Teachers of Spanish Ivonne Lerner, 2025-02-14. Language Attrition among Immigrant Teachers of Spanish is the first book devoted entirely to Spanish language attrition in all language areas and specifically among language professionals. Based on original research awarded the ASELE Routledge prize in 2022, this volume presents an interdisciplinary and pioneering study on native language attrition among Spanish L1 immigrants in Israel, though its insights can be easily applied in any immigration setting.
