Brazil Emerging World Power

**Carleton Sprague Smith, Israel J.
Katz, Malena Kuss, Richard J. Wolfe**

Brazil Emerging World Power:

Brazil, Emerging World Power Jordan M. Young, 1982 **The Political Economy of an Emerging Global Power** L. Casanova, J. Kassam, 2014-06-03 Is Brazil ready to take its place among the world's leading powers? The authors examine Brazil's hard power and soft power resources, assessing the challenges the country will need to overcome in order to build its own Brazilian dream and project itself on the international stage.

Emerging Powers in Global Governance Andrew F. Cooper, Agata Antkiewicz, 2010-10-30 The early twenty-first century has seen the beginning of a considerable shift in the global balance of power. Major international governance challenges can no longer be addressed without the ongoing cooperation of the large countries of the global South: Brazil, Russia, India, China, South Africa, ASEAN states, and Mexico wield great influence in the macro-economic foundations upon which rest the global political economy and institutional architecture. It remains to be seen how the size of the emerging powers translates into the ability to shape the international system to their own will. In this book, leading international relations experts examine the positions and roles of key emerging countries in the potential transformation of the G8 and the prospects for their deeper engagement in international governance. The essays consider a number of overlapping perspectives on the G8 Heiligendamm Process, a cooperation agreement that originated from the 2007 summit and offer an in-depth look at the challenges and promises presented by the rise of the emerging powers. Co-published with the Centre for International Governance Innovation.

The New World Power Robert E. Hannigan, 2013-07-17 From the era of the Spanish American War onward, the United States found itself increasingly involved in the affairs of countries beyond North America. *The New World Power* offers an interpretive framework for understanding U.S. foreign policy during the first two decades of America's emergence as a world power. Robert E. Hannigan describes the aspirations of American leaders, explores the bedrock social views and ideological framework they held in common, and shows how the approach of U.S. policymakers overseas mirrored their attitudes toward domestic progressivism. While the vast bulk of work on U.S. foreign policy has been concerned with the period from World War II to the present, this comprehensive examination of American policy at the turn of the twentieth century is of vital importance to the comprehension of subsequent events. Hannigan relates U.S. foreign policy to domestic society in ways that are new; in particular, he examines how issues of class, race, and gender were combined in the ideology held by policy makers and how this shaped their approaches to foreign affairs. His study reveals a fundamental unity to U.S. activity throughout the period, not only toward the Caribbean and China regions that have been the traditional focus of historians, but toward the rest of North and South America as well. It also relates these regional activities to American policy toward the British Empire, European great power rivalries, and international institutions, arbitration, and law, culminating in a reinterpretation of U.S. involvement in World War I. Based on exhaustive research in the writings of presidents, secretaries of state, and key diplomats and advisers, *The New World Power* draws parallels between the methods by which policy makers sought to shape

international society and the methods by which many of them hoped to secure the conditions they wanted within the United States Most important the book describes how an international search for order constituted the fundamental strategy by which American leaders sought to ensure for the United States a position of what they saw as wealth and greatness in the coming twentieth century world *The Department of State Bulletin* United States. Department of State,1976

1985-1986 John Paxton,2021-06-21 No detailed description available for 1985 1986 **The Statesman's Year-Book 1986-87** J.
