Bread Of Stone:

Church tracts for the times , The Second Coming Cyrene,2014-04 The Second Coming takes a fresh look at the Gospel of Matthew through the unconditioned eyes of a truth seeker The book reinterprets the Gospel of Matthew from a non dualistic perspective and brings out spiritual insights totally unexpected The book also brings to the forefront the forgotten character of Joseph as the tekton of the Gospel The distinctive feature of the book is that it redefines abstruse or undefined biblical terms such as the Father the Son the Holy Spirit God heaven hell Serpent Satan sin etc in a new light that makes the interpretation internally consistent and also consistent with the external reality According to the book the message of the Gospel is straightforward The human body is the Savior Therefore turn to the body The book goes beneath the literal content of the Gospel of Matthew to discover its soul *A Rabbinic Commentary on the New Testament* Samuel Tobias Lachs,1987

Hunting for the word of God Sami Ameri,2017-12-09 Almost a century ago scholars were debating the authenticity of some passages of the New Testament After a revolutionary renaissance in the field of biblical textual criticism however they began to doubt the genuineness of the entire text No longer are we able to claim the authenticity of even one passage from the New Testament The whole Christian edifice is now in danger Conversely today the authenticity of the Qur nic text is also being challenged by questioning the Islamic version of the preservation of the Muslim holy book and the preservation of the canonical readings of the original text In the last decade some missionaries started using the recent discovery of Qur nic manuscripts in Sana a Yemen to claim that there had been an early corruption of the text This book aims at taking its readers on a journey through the latest academic research on the topic in the hope of bringing them as close as possible to the heart of the debate It also has as its objective to provide the most satisfactory

Howard Marshall, 1978-11-14 The Gospel of Luke was written says its author as an historical account of the ministry of Jesus Not only would it serve as the basis for a sound faith on the part of professing Christians but it would also claim a place for Christianity in history Christ's ministry as Luke shows is realized prophecy it is that time during which God's promise of salvation was fulfilled His teachings healing and acts of compassion are all part of the good news In Luke's Gospel Christ's message of salvation is directed to the weak poor and needy with an emphasis on the importance of self-denial and of wholehearted discipleship Thus while Luke is the most conscious historian of the Gospel writers his history is a vehicle of theological interpretation in which the significance of Jesus is expressed In this commentary I Howard Marshall calls attention to the theological message of Luke the Evangelist His primary purpose is to exegete the text as it was written by Luke so that the distinctiveness of Luke's Gospel may be seen Basing his commentary on the third edition of The Greek New Testament Dr Marshall also refers to many variant readings which are significant in this study He provides fairly full information on the meanings of the Greek words used by Luke and shows which words and constructions occur frequently and are therefore characteristic of his style It is by this meticulous analysis of the Greek that Luke's theological intentions can be objectively determined Parliamentary Papers Great Britain.
