Bourlon Wood:

A Wood Called Bourlon William Moore, 1989-01-01 After the great victory in the famous tank battle at Cambrai in 1917 the church bells having been silent for three years rang out joyously all over Britain But within ten days triumph turned to disaster How did this hapPen thousands of British troops were captured and hundreds of guns were lost Seventy years after these events Mr Moore has studied the evidence much of it previously unpublished contained in the inevitable enquiry that followed the disaster and he seeks to answer a number of questions Was Field Marshal Haig really as dour as he has been portrayed or was he a reckless gambler and was General Byng whose troops and guns were captured really a brilliant planner or a haughty aristocrat dedicated to proving that cavalry still had a place on the battlefield And why were they both obsessed with capturing Bourlon Ridge on which stood the sinister Bourlon Wood A Highland Division a Welsh Brigade a Yorkshire Division twice the Guards Ulstermen Lancashire men Londoners and Midlanders all were drawn into the maelstrom in an attempt to consolidate the Cambrai victory They failed It was left to the Canadians to carry the Bourlon position in one of the finest feats of arms of the Great War The British are always reputed to take a perverse interest in their own military blunders This strange episode is one that most people have been happy to forget All those involved in high places sought to make excuses some indulged in a profound exercise of duplicity implying that the soldiers themselves were to blame Mr Moore's book throws new light on a dark episode in British Military History **The Harp and Crown, the History of the 5th (Royal Irish) Lancers, 1902 - 1922** Ciaran Byrne, 2007-04-01 The history of the 5th Royal Irish Lancers during the Great War and through to their disbandment and eventual amalgamation with 16th The Queens Lancers in 1922 Includes never before published photographs and Includes a list of Officers and other ranks killed in action as well as medal recipients **Bourlon Wood** Nigel Cave, Jack Horsfall, 2008-03-05 In 1917 Bourlon Wood on the Western Front was the scene of fierce back and forth fighting between the British and the Germans with British gains on at least one occasion thrown away by lack of proper follow up The Wood formed the left flank of the massive British tank attack at Cambrai the first of its kind on November 20 1917 Bourlon Wood once again came into prominence in September 1918 with the attack of the Canadian Corps against the German defenders an action that rivaled the Canadian assault on Vimy Ridge *Bourlon Wood*, 2014 Description A view across a battle scarred landscape with a ditch in the centre foreground that may be the remains of a trench There is a hill in the background Bourlon Wood Jack Horsfall, Nigel Cave, 2002 In 1917 Bourlon Wood on the Western Front was the scene of fierce back and forth fighting between the British and the Germans with British gains on at least one occasion thrown away by lack of proper follow up The Wood formed the left flank of the massive British tank attack at Cambrai the first of its kind on November 20 1917 Bourlon Wood once again came into prominence in September 1918 with the attack of the Canadian Corps against the German defenders an action that rivaled the Canadian assault on Vimy Ridge Swifter Than the Arrow Peter Holland, 2009-01-01 This book is a biography of footballer Wilfred Bartrop It

provides a fascinating insight into sport before 1914 and the strained relationship that grew up between professional sport and the demands of a country at war Military Operations, France and Belgium, 1917 Sir James Edward Edmonds,1948

Victoria Crosses on the Western Front - Battles of the Hindenburg Line - Canal du Nord Paul Oldfield,2023-10-12 In the past while visiting the First World War battlefields the author often wondered where the various Victoria Cross actions took place He resolved to find out In 1988 in the midst of his army career research for this book commenced and over the years numerous sources have been consulted Victoria Crosses on the Western Front Battles of the Hindenburg Line Canal du Nord is designed for the battlefield visitor as much as the armchair reader A thorough account of each VC action is set within the wider strategic and tactical context Detailed sketch maps show the area today together with the battle lines and movements of the combatants It will allow visitors to stand upon the spot or very close to where each VC was won Photographs of the battle sites richly illustrate the accounts There is also a comprehensive biography for each recipient covering every aspect of their lives warts and all parents and siblings education civilian employment military career wife and children death and burial commemoration A host of other information much of it published for the first time reveals some fascinating characters with numerous links to many famous people and events **The Ironclads of Cambrai** Bryan Cooper,2010-06-15 When tanks the newly invented British weapon were used for the first time in a mass attack on November 20 1917 they not only achieved one of the most remarkable successes of the First World War but set the pattern for the future of mechanized warfare For the first time in three years of bloody trench warfare epitomized by the slaughter at Passchendaele which was then reaching its climax tanks brought about a breakthrough of the massive German defense system of the Hindenburg Line followed up by British infantry and cavalry divisions They were supported for the first time by low flying fighter aircraft of the Royal Flying Corps The initial victory at Cambrai brought cheering crowds into the streets of London and the ringing of church bells in celebration It seemed possible that the success might bring about the final defeat of Germany But the British High Command failed to exploit the success Generals who still dreamt of massive cavalry charges had not had much faith in this strange new weapon that had been brought to them funded initially by the Royal Navy at the behest of Winston Churchill who was then First Lord of the Admiralty and did see its value The High Command did not really believe the breakthrough was possible and tragically miscalculated the necessary steps to follow it up Within days the Germans counterattacked and regained much of the ground that the British had won What could have been the final victory was delayed for another year

The Story of the Great War, Volume 7 Churchill, Miller, and Reynolds, 2016-02-19 World War I WWI or WW1 also known as the First World War or the Great War was a global war centred in Europe that began on 28 July 1914 and lasted until 11 November 1918 More than 70 million military personnel including 60 million Europeans were mobilised in one of the largest wars in history Over 9 million combatants and 7 million civilians died as a result of the war including the victims of a number of genocides a casualty rate exacerbated by the belligerents technological and industrial sophistication and the tactical stalemate caused by trench warfare a grueling form of warfare in which the defender held the advantage It was one of the deadliest conflicts in history and paved the way for major political changes including revolutions in many of the nations involved The war drew in all the world's economic great powers assembled in two opposing alliances the Allies based on the Triple Entente of the United Kingdom British Empire France and the Russian Empire versus the Central Powers of Germany and Austria-Hungary Although Italy was a member of the Triple Alliance alongside Germany and Austria-Hungary it did not join the Central Powers as Austria-Hungary had taken the offensive against the terms of the alliance These alliances were reorganised and expanded as more nations entered the war Italy Japan and the United States joined the Allies while the

Ottoman Empire and Bulgaria joined the Central Powers The trigger for the war was the assassination of Archduke Franz Ferdinand of Austria heir to the throne of Austria Hungary by Yugoslav nationalist Gavrilo Princip in Sarajevo on 28 June 1914 This set off a diplomatic crisis when Austria Hungary delivered an ultimatum to the Kingdom of Serbia and entangled international alliances formed over the previous decades were invoked Within weeks the major powers were at war and the conflict soon spread around the world On 28 July the Austro Hungarians declared war on Serbia and subsequently invaded As Russia mobilised in support of Serbia Germany invaded neutral Belgium and Luxembourg before moving towards France leading the United Kingdom to declare war on Germany After the German march on Paris was halted what became known as the Western Front settled into a battle of attrition with a trench line that would change little until 1917 Meanwhile on the Eastern Front the Russian army was successful against the Austro Hungarians but was stopped in its invasion of East Prussia by the Germans In November 1914 the Ottoman Empire joined the Central Powers opening fronts in the Caucasus Mesopotamia and the Sinai Italy joined the Allies in 1915 and Bulgaria joined the Central Powers in the same year while Romania joined the Allies in 1916 followed by United States in 1917 The Russian government collapsed in March 1917 and a subsequent revolution in November brought the Russians to terms with the Central Powers via the Treaty of Brest Litovsk which constituted a massive German victory After a stunning German offensive along the Western Front in the spring of 1918 the Allies rallied and drove back the Germans in a series of successful offensives On 4 November 1918 the Austro Hungarian empire agreed to an armistice and Germany which had its own trouble with revolutionaries agreed to an armistice on 11 November 1918 ending the war in victory for the Allies By the end of the war the German Empire Russian Empire Austro Hungarian Empire and the Ottoman Empire had ceased to exist National borders were redrawn with several independent nations restored or created and Germany's colonies were parceled out among the winners During the Paris Peace Conference of 1919 the Big Four Britain France the United States and Italy imposed their terms in a series of treaties The League of Nations was formed with the aim of preventing any repetition of such a conflict This however failed with economic depression renewed European nationalism weakened member states and the German feeling of humiliation contributing to the rise of Nazism These conditions eventually contributed to World War II

The Story of the Great War (Complete)
Various Authors, What lesson will America draw from the present Great War Must she see the heads of her own children at the foot of the guillotine to realize that it will cut or will she accept the evidence of the thousands which have lain there before Will she heed the lesson of all time that national unpreparedness means national downfall or will she profit from the experience and misfortunes of others and take those needed measures of preparedness which prudence and wisdom dictate In a word will she draw any valuable lessons from the Great War This is the question which is so often asked As yet there is no answer It is the question uppermost in the minds of all those who are intelligently interested in our country's welfare and safety It is the question which vitally concerns all of us as it concerns the defense and possibly the very existence of our

nation The answer must be Preparedness If we are to live preparedness to oppose the force of wrong with the strength of right Will it be That s the question Or will America drift on blind to the lessons of the world tragedy heedless of consequences concerned with the accumulation of wealth satiated with a sense of moral worth which the world does not so fully recognize planning to capture the commerce of the warring nations and expecting at the same time to retain their friendship and regard Let us hope that in the light of what is and as a preparation against what may be the answer will be characteristic of a great people peaceful but prudent and foreseeing that it will be thorough carefully thought out preparedness preparedness against war A preparedness which if it is to be lasting and secure must be founded upon the moral organization of our people an organization which will create and keep alive in the heart of every citizen a sense not only of obligation for service to the nation in time of war or trouble but also of obligation to so prepare himself as to render this service effective An organization which will recognize that the basic principle upon which a free democracy or representative government rests and must rest if they are to survive the day of stress and trouble is that with manhood suffrage goes manhood obligation for service not necessarily with arms in hand but for service somewhere in that great complex mass which constitutes the organization of a nation s might and resources for defense organization which will make us think in terms of the nation and not those of city State or personal interest organization which will result in all performing service for the nation with singleness of purpose in a common cause preparedness for defense preparedness to discharge our plain duty whatever it may be Such service will make for national solidarity the doing away with petty distinctions of class and creed and fuse the various elements of this people into one homogeneous mass of real Americans and leave us a better and a stronger people Once such a moral organization is accomplished the remaining organization will be simple This will include an organization of transportation on land and sea and of communications An organization of the nation s industrial resources so that the energy of its great manufacturing plants may be promptly turned into making what they can best make to supply the military needs of the nation By military needs we mean all the complex requirements of a nation engaged in war requirements which are many of them requirements of peace as well as of war It will also include a thorough organization of the country s chemical resources and the development thereof so that we may be as little dependent as possible upon materials from overseas At present many important and essential elements come from overseas nations and would not be available in case of loss of sea control

(2d Baron.), Lord Carnock, 1932 The Canada Gazette Canada, 1919 *Silent General* Don Farr, 2007 This biography assesses Henry Horne's relationship with Haig and the Canadian Corps. It also evaluates his contribution to the technical advances of the artillery during the war and describes the battles which he conducted. It attempts to accord to Henry Horne the recognition and credit that he deserves but which has been withheld. Whether or not Henry Sinclair Horne was the silent General he might lay claim to being the forgotten General of the Western Front. His self-effacement in a profession not renowned for shrinking violets undoubtedly made its contribution to his relative anonymity; he wrote no memoirs nor kept anything more than sketchy diaries.

The Grenadier Guards in the Great War of 1914-1918 Vol 1, 2, 3 Frederick Ponsonby, 2021-08-30 Excerpt When the Archduke Francis Ferdinand of Austria was assassinated at Sarajevo in Serbia on June 28 1914 it never for a moment occurred to any one in this country that the crime could in any way affect the destinies of the First or Grenadier Regiment of Footguards. No one dreamed that before another year had passed not only would the three Battalions be fighting in a European war but there would even be a 4th Battalion at the front in addition to a 5th Reserve Battalion of almost unwieldy proportions. Even when Austria began to show her teeth it still seemed an incident quite beyond our horizon. If Austria and Serbia did come to blows Great Britain was not even indirectly involved and the British Army therefore remained unmoved. The Balkan peoples were constantly in a state of warlike commotion but their troubles hardly affected the great British Empire. The war clouds that from time to time darkened the European sky had hitherto always been dispersed. More than once of late years the German Emperor had rattled his sword in the scabbard and talked or telegraphed to the very limits of indiscretion but nothing had ever come of it nor did it seem at all probable that the assassination of an Austrian Archduke could be made the pretext for a European conflagration.
