Shiva Samhita Anonymous, 2018-03-09 The Shiva Samhita an ancient Sanskrit text about yoga by an unknown author is one of the three most important surviving classical treatises not about Hatha Yoga but describes the tantric awakening of the Kundalini The other two writings are the Gheranda Samhita and Hatha Yoga Pradipika which are also partially immersed in the tantric system of exercise but the Shiva Samhita has its origin in the tantric system and is therefore a hermetic Indian fundamental work The Hindu god Shiva communicated the text in a conversation with his wife Parvati which points to this form of Shastras scripts The Shiva Samhita is considered the most comprehensive and step by step treatise on yoga All subsequent works on yoga are based on this book although few people mention it The Shiva Samhita talks about the complex physiology of yoga of 84 different asanas of which only four are described more precisely and are hermetically correct describes five specific types of Prana which are subordinate to the 5 deeds and provides techniques to master them It also deals with abstract yoga philosophy mudras tantric practices and meditation The Shiva Samhita emphasizes that even an ordinary individual can practice yoga and benefit from it in the spirit of Franz Bardon *Shiva Samhita* Swami Vishnuswaroop, 2017-07-04 iva Samhit is an unparalleled and unique Sanskrit text on classical yoga It explains the concept of yoga its principle and practice in detail Lord iva the expounder of yoga has declared this science of yoga for the welfare and liberation of all creatures in all the three worlds There are five chapters in this text in which the teachings are primarily focused on the philosophy of creation and dissolution of the universe bondage and liberation the right knowledge of the reality and the ultimate aim of human life Mok a or liberation iva Samhit clearly elaborates the ways of attaining perfections the Ku alin and its awakening the various forms and techniques of yoga It also discusses the human body the microcosm as a mirror of the macrocosm the principles and importance of yogic way of life and the importance of the practice of various limbs of yoga For the first time readers have access to this important work in English accompanied by the original Sanskrit text in Roman transliteration the only full translation of this classical yogic text During the Victorian era an English translation was published in India but a number of key sections were censored by that translator because in his words they have to do with obscene practices promoted by low class tantrics Swamii Vishnuswaroop feels that it is important to share the full teachings of Lord Shiva He first translated the book into Nepali and then into English Swami Vishnuswaroop has chosen to include transliterations of the original Sanskrit text along with the English enabling those who cannot read devan gari script to pronounce and hear the text as other practitioners have for millennia This new translation by Swamii Vishnuswaroop is to our knowledge the only full English translation of this classic yogic text

worshipped spiritual master in India and Nepal. The followers of the Natha Tradition worship him as the incarnation of Lord Iva and say that the nine Nathas and eighty-four Siddhas belong to Adinatha Lord Iva. So he is also called Iva Gorakha, the founder of the Natha Siddha tradition. Originally the science of Hatha Yoga was discovered for the expansion and evolution of human consciousness and for the accomplishment of the ultimate goal of human life and yoga moksha, a liberation and samadhi, the super-conscious state respectively. According to Gorakha Samhit, the objective of Hatha Yoga is to create a harmonious balance between the physical body, prana, the vital energy and the mind. It is said that when the impulses generated by this harmonious balance stimulate the awakening of the Kundalini, only then is the evolution of consciousness or union between Iva and akti possible. This accomplishment is the sole objective of the teaching of Gorakha Samhit by Guru Gorakhanatha. It is hoped that this compilation will be helpful to all yoga lovers, yoga sadhakas, yoga teachers and yoga professionals to understand the traditional yoga, its objective and practice for attaining peace, harmony and spiritual development for one and all.

Unlike some other reproductions of classic texts: 1. We have not used OCR (Optical Character Recognition) as this leads to bad quality books with introduced typos. 2. In books where there are images such as portraits, maps, sketches etc. We have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
