

BRANDY AND HER SUPER HERO

Brandy For A Hero

William F. Woods

Brandy For A Hero:

Brandy for a Hero William O'Farrell, 1949 **A Natural History of the Romance Novel** Pamela Regis, 2003 The romance novel has the strange distinction of being the most popular but least respected of literary genres While it remains consistently dominant in bookstores and on best seller lists it is also widely dismissed by the critical community Scholars have alleged that romance novels help create subservient readers who are largely women by confining heroines to stories that ignore issues other than love and marriage Pamela Regis argues that such critical studies fail to take into consideration the personal choice of readers offer any true definition of the romance novel or discuss the nature and scope of the genre Presenting the counterclaim that the romance novel does not enslave women but on the contrary is about celebrating freedom and joy Regis offers a definition that provides critics with an expanded vocabulary for discussing a genre that is both classic and contemporary sexy and entertaining Taking the stance that the popular romance novel is a work of literature with a brilliant pedigree Regis asserts that it is also a very old stable form She traces the literary history of the romance novel from canonical works such as Richardson s *Pamela* through Austen s *Pride and Prejudice* Bront s *Jane Eyre* and E M Hull s *The Sheik* and then turns to more contemporary works such as the novels of Georgette Heyer Mary Stewart Janet Dailey Jayne Ann Krentz and Nora Roberts

The Hero's Mortal Walls William F. Woods, 2024-01-04 The heroes of early narrative are the faces of an older world In constant retellings their stories hold the memory like members of an extended family Gilgamesh Odysseus Beowulf Gawain Roland Yvain Genji in their colorful often exaggerated ways they show how the people of their own time and place liked to know themselves The heroes embody their identity and reflect their culture Because their world was difficult and dangerous every hero needed defensive strengths This book analyzes seven iconic heroes and compares each champion to a walled town or castle hardened against an outer threat These defenses are the mortal walls of their identity their strengths against the world as well as their dealings within it and are exemplified in their actions as warriors distinct rhetoric complex relationships with women and devotion to the divine By delving into some of early narrative s most renowned heroes the book reveals the pieces of their inner selves that even they cannot keep outside the walls but must finally accept with firm humility
