Mixed Martial Arts: Analyses of Techniques and Usage Michael DeMarco, M.A., et al.,2015-10-23 In retrospect all martial arts are mixed but MMA has taken on a mystique of its own in the newest wave of combative experimentation This book presents an encompassing perspective of this phenomenon in eight chapters written by experts in the field In their individual chapters they provide analyses of the techniques utilized during many of the leading competitive events mainly the Ultimate Fighting Championships UFC and give practical how to instruction This book pulls together some of the best writings published in the Journal of Asian Martial Arts regarding modern mixed martial arts Daniele Bolelli uses a scholarly approach to produce two excellent chapters as does Rhadi Ferguson with his two chapters Bolelli provides a superb overview by analyzing 176 matches that took place between 1993 and 1999 under the UFC umbrella He also highlights the different ways in which grappling techniques are currently used in mixed martial arts competition While utilizing a comprehensive approach Dr Ferguson zeros in on armbar and chokehold submissions to conclude just how often these were utilized in 1 263 UFC bouts His works here can assist mixed martial arts professionals with analytical information to help them in training practices and winning strategies What do the analyses show Well one thing is that all the techniques used are found in many old martial traditions Some techniques are extremely old Certainly cavemen used chokes Many are from the previous millennium as hinted by the numerous Japanese terms used since the samurai sipped sake Fundamental techniques are discussed by Andrew Zerling and Steve Scott Four other chapters provide insightful text and the photographic detail to present the theory and practice of the major techniques utilized by mixed martial artists chokes armlocks and leg locks Zerling offers three chapters with the precious help of his teacher Renzo Gracie Scott s chapter is a highly detailed piece on the cross body armlock giving four primary applications all will appreciate as vital to MMA practice The eight chapters are filled with analytical text helpful

for the pursuit of combat expertise There is enough here to find of great value But there is more In the chapters you ll also find perspective and insight that illuminate what is occurring in the evolution of MMA competition Read closely and you ll see that beneath the hype changing competitive rules and dollar amounts play a role in the outcome of championship belts and competitive crowns We need to factor these aspects into our quest to understand the rich variety of martial traditions

There is nothing in the world like grappling It is primal and in its very essence it is what life is all about the chase fun struggle and survival It teaches you how to cope with trying situations teaches you to always search for options and that you can triumph even when the odds are against you This combat art puts you on the Quixotic hunt for the real you the champ lurking inside It wants you to find that inner beast that allows you to rip off your shirt look your opponent in the eye and utter those immortal fighting words made famous by Kimbo Slice Run it And that is the spirit in which this book was written

Tapmonster was written for that grappler who is looking for an extra edge and alternative approaches to grappling In my decade of grappling I have used many ideas to increase my skills And since my inspiration has come from many sources I did not hesitate to include ideas from academic research other sports and from the ordinary man on the street in this book I also know that the best way to learn is from those who do it the best That is why Tapmonster is also filled with ideas from the champions of our sport Tapmonster covers How to deal with FNGs The Pump Fake The Hands Off Approach Snatching and Tripping Ambidextrous Thinking Shaquille O Neal and Grappling The Importance of Gimmicks Belt Chasing Grappling Finance How the movie Money Ball can help your grappling ADCC and BJJ World Champ Robert Drysdale s key to training What Felipe Costa BJJ World Champion says about getting good How to use the flipped classroom in the grappling environment How does Tito Ortiz s thoughts on MMA relate to grappling The Power of Love and Hate in Grappling What can

Arnold Schwarzenegger do for your grappling game What s the secret behind BJJ World Champ JT Torres s smile What made Eddie Bravo so confident that he would whisper Are you ready into an opponent s ear And much more so much more Reader Review BUY THIS BOOK I don t ordinarily write reviews but I am notorious for reading and using reviews to make purchases This will be my second review ever That alone should tell you that this book was able to motivate me to actually write this Wherever you are at in your grappling game BUY THIS BOOK I am currently preparing for my first BJJ tourney had a horrible class and could not stop thinking about all I had done wrong earlier on the mats After about 3 hours of tossing and turning I thought maybe I ll find a book of some kind some nugget of wisdom that will rescue whatever BJJ game I had left I had purchased one of this author s other books and this one seemed somewhat new While I understand that this review seems contrived in that this book ended up being just what I needed but it truly was I don t know if it will rescue my game but it assuredly got me motivated to get back to work on it Whatever level in your grappling journey this book will help you It will more specifically tell you things that no one ordinarily talks about on or off the mats It s a quick read but the true take away is that you re not alone in the feelings the blood sweat and tears and just plain difficulty that is the grappling arts You will not be disappointed with this purchase And though I haven t written reviews yet I have also purchased 20 ways to improve your Grappling and Grappling for Newbies both by this author both highly highly recommended Hope this review helps Walt Tapmonster is funny thought provoking entertaining and inspiring
