Agenda, 1985 **T.S. Eliot** William Cookson, Peter Dale, 1985 **T.S. Eliot and the Poetics of Evolution** Lois A. Cuddy, 2000 Guided by Eliot's own allusions and references to specific authors and historical moments Cuddy adds a feminist cultural and intertextual perspective to the familiar critical interpretations of Eliot's work in order to reread poems and plays through nineteenth century ideologies and knowledge set against our own time By considering the implications and consequences of Eliot's culturally approved assumptions this study further reveals how Eliot was trapped between the idea of Evolution as a unifying project and the reality of his own and his culture's hierarchical and fragmenting beliefs about class gender religion and race Cuddy concludes by exploring how this conflict undermined Eliot's mission of unity and influenced his and Modernism's place in history **BOOK JACKET** **A Life Composed** André Schüller, 2002 The modern literary critic T S Eliot wrote in 1929 must be an experimenter outside of what you might at first consider his own province there is no literary problem which does not lead us irresistibly to larger problems This book follows Eliot's principle and situates his literary and critical work in a wide context that reveals manifold links between aesthetics ethics politics and epistemology the historical context of early twentieth century idealism vitalism and pragmatism especially the intensely political Bergsonian controversy and the modern context of the philosophies of Charles Taylor Michel Foucault and Richard Rorty Knowledge it argues was verbalised in the modernist age individualised into the act of knowing an act with motives and goals and thus introduced into the realm of ethics a process central to twentieth century thought Eliot's poems especially constructed as a life composed a literary lifetime linking composition and composure ponder the virtue of precision the sins of pride and mental sloth the temptation of prejudice and the need for conviction Decidedly tentative Eliot's poems solve the problem of morally significant literature In a century of suspicion they ask the crucial question of where one should start to rely

a wide range of diverse contributors T.S. Eliot William Cookson, Peter Dale, 1985 **Sons of Ezra**, 2022-04-25 Sons of Ezra British Poets and Ezra Pound is about the impact of Ezra Pound upon British poets writing today It is the story of a presence then of a voice and latterly of an idea When Pound left London in 1920 after a stay of 12 years his early ascendancy had waned and during the 1930s his voice sounded more remotely in British ears The first poet represented here Edwin Morgan began to read Pound towards the end of that decade Pound's subsequent political reputation has meant that students now coming to university born after his death in 1972 have not opened a book of his poems in the way that several who testify here remember doing with pleasure There was a revival of British interest in Pound with the publication of the *Pisan Cantos* and then in the 1960s and early 1970s but since then there has been little public opportunity for British poets to reflect on Pound Michael Alexander and James McGonigal invited British poets to whom Pound has meant something to reflect and to testify To the older writers he was a presence but the youngest contributors were born at the time that Pound fell silent about 1960 and to them he is an historical figure the greatest poetic influence since Wordsworth whose ambition seems an example to avoid as much as to follow *Ezra Pound and the Career of Modern Criticism* Michael Coyle, Roxana Preda, 2018 Forty five years after his death and more than seventy years after his indictment for treason Ezra Pound remains a deeply controversial figure Today it is hard to imagine a poet sparking national debate but Pound did just that His receipt in 1949 of the first ever Bollingen Award for Poetry started a hue and cry that spread to every US periodical that made even a pretense of following cultural issues even *Time* weighed in It took two years for things to simmer down and when they finally did literary study looked profoundly different Everyone engaged in the study of poetry today professors and students alike works in an environment shaped by that national crisis of conscience The present book considers this untold story and investigates not just what critics have had to say about Pound but also why they have asked the questions they have asked It is routine for reception histories to distinguish between professional studies and more popular responses this book encourages us to consider why we make that distinction and what the costs of doing so might be Unprofessional responses to Pound have often been ideologically and politically embarrassing for Pound scholars who have in response policed the distinction between professional and popular readings with extraordinary vigilance As a result the history of Pound's reception unfolds as a kind of drama perhaps the last ongoing theater for McCarthyite cultural political anxieties Michael Coyle is Professor of English at Colgate University and has published widely on Pound Roxana Preda is Leverhulme Fellow in American Literature at the University of Edinburgh and President of the Ezra Pound Society *Reading F.T. Prince* William May, 2017 F T Prince 1912 2003 is now emerging as one of the most distinctive voices of twentieth century Anglophone poetry Born in South Africa he came to England in the 1930s where he studied alongside Stephen Spender and W H Auden First published by T S Eliot and celebrated in his day by poets as various as Siegfried Sassoon and John Ashbery his poems have long intrigued readers with their formal experiments Baroque influences and intellectual puzzles During his own

lifetime he found fame with the war poem *Soldiers Bathing* 1942 and was known chiefly as a Milton scholar However this collection of specially commissioned essays sheds new light on his achievements and reveals his central place in the story of modern poetry Enthralled by the canon yet embraced by the avant garde he has influenced poets from Geoffrey Hill to Susan Howe a unique conduit between the modernism and the Movement British regionalism and American cosmopolitanism Yet his poetry is not merely of interest for its continuing influence on wider tradition Subtle original and various F T Prince s poetry asks important questions about power responsibility and collective memory Peter Dale in Conversation with Cynthia Haven Peter Dale, Cynthia L. Haven, 2005 An interview with Peter Dale a leading contemporary poet **The Life of Metrical and Free Verse in Twentieth-Century Poetry** Jon Silkin, 2016-07-27 In a wide ranging and compelling account of the life of metrical and free verse in the twentieth century poet and critic Jon Silkin deepens our understanding of the way poetry works on us He begins from the premiss that two modes of verse free and metrical engage the creative energies of poetry now creating a rich fertile environment capable of yielding work valuable to poetry itself and to the society which has given it life With a practitioner s empathy Silkin reads the poetry of Whitman Hopkins Eliot Pound Lawrence Dylan Thomas Bunting and eight British poets from the post second World War period to illustrate how free and metrical verse create separately or together a poetic harmony Additionally he includes crucial statements on modern poetry from poets themselves concluding with a fine memoir of Basil Bunting by Connie Pickard published in book form for the first time T S Eliot Special Issue Agenda & Editions Charitable Trust, 2018-01-23 *The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950* George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature* The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

Basil Bunting Julian Stannard, 2014 This study explores Basil Bunting s poetry position as a point of inspiration for younger poets and describe the ways in which it acts as a platform to show that Anglo American modernism was not incompatible with native traditions T.S. Eliot Laura Cowan, 1990 **Acceptable words** Jeffrey Wainwright, 2013-07-19 Geoffrey Hill has said that some great poetry recognises that words fail us These essays explore Hill s struggle over fifty years with the recalcitrance of language This book seeks to show how all his work is marked by the quest for the right pitch of utterance whether it is sorrowing angry satiric or erotic It shows how Hill s words are never lightly acceptable but an ethical act how he seeks out words he can stand by words that are getting it right This book is the most comprehensive and up to date critical work on Geoffrey Hill so far covering all his work up to *Scenes from Comus* 2005 as well as some poems

yet to appear in book form It aims to contribute something to the understanding of his poetry among those who have followed it for many years and students and other readers encountering this major poet for the first time **Poetry & Translation**

Peter Robinson,2010-01-01 The conviction pleasures and gratitude of committed reading are evident in his affirmation of the poetic contract between readers and writers Andrea Brady Poetry Review David Jones and Rome Jasmine Hunter Evans,2022 This volume examines the reception of ancient Rome in the work of David Jones 1895 1974 Hunter Evans demonstrates how Jones s vision of Roman culture emerged from a concern with the decline of Western civilisation and a desire to use Rome to resist it In Black and Gold ,2022-06-08 In Black and Gold indicates that opposed styles of poetry reveal subterranean correspondences that occasionally meet and run together Austerity or tomfoolery are two of the many valid responses to the human condition that create the contiguous traditions that cannot help touching and reacting to each other The poetry discussed in this book deals with the relation of individuals to strange or to familiar landscapes and what this means to their own sense of displacement or rootedness with the use of history as an escape from or as a challenge to an apparently failing present and with the role of nationalism either as a refuge for angry frustration or as a weapon against the affronting world or as an ambivalent loyalty that needs to be scoured or as all three Here we find poetry as a means of discovering true or false allegiances and valid or invalid public and private identities poetry as a medium for exploring the uses of the demotic in confronting the breakdowns and injustices of modern democracy poetry as play in the midst of private and public woe poetry as a spiritual quest as a spiritual scourging as a wrestling with spiritual absences and poetry as an intermittent and sporadic commemoration of the triumphs and delights of epiphanic encounters with the physical world
