Agnes The Biography Of Lady Macdonald:

Agnes Louise Reynolds,1990 Agnes Macdonald's private papers are used for the detailed study of Canada's first lady who became Sir John A Macdonald's second wife on the eve of Confederation The author's well researched telling of Agnes's story paints a picture of a politically astute naturally adventurous woman who had to change her style due to her position in the public eye but who nevertheless retained her own opinions and lived her life with courage and integrity **Lord**

Strathcona Donna McDonald,2002-09-01 Donald Smith known to most Canadians as Lord Strathcona was an adventurer who made his fortune building railroads He joined the Hudson's Bay Company at age eighteen and went on to build the first railway to open the Canadian Northwest to settlement As his crowning achievement he drove the last spike for the nation building Canadian Pacific Railway In 1896 Smith became Canada's High Commissioner in London and was soon elevated to the peerage He became a generous benefactor to Canadian institutions This eminently readable biography brings to light new information including details about Strathcona's personal life and his scandalous marriage From Telegrapher to

Edgar Dewdney is a biographical study of a man who played a key role in the cataclysmic events which marked the political social and economic transformation of western Canada in the latter half of the nineteenth century An immigrant adventurer seeking his fortune in the colonies Dewdney was embroiled in the gold rushes of the 1860s the B C debates on Confederation the Riel Rebellion of 1885 political evolution in the North West Territories and the Klondike gold rush For several years Dewdney held important public offices such as Indian commissioner of the North West Territories and Minister of the Interior positions which allowed him to shape the course of events In many ways Dewdney's career is a metaphor for the maturing western frontier In following his exploits we follow the story of a region experiencing breathtaking change Brian Titley's purpose in this book is not to praise but to offer a critical appraisal of Dewdney as a type a representative of that class of adventurer who saw in the new land an unprecedented opportunity for self aggrandisement **Canada's Governors**

General, 1847-1878 Barbara Jane Messamore,2006-01-01 Oft ignored in the study of Canadian history or dismissed as a vestige of colonial status the governor general's office provides essential historical insight into Canada's constitutional evolution In the nineteenth century as today individual governors general exercised considerable scope in interpreting their approach to the office The era 1847-1878 witnessed profound changes in Canada's relationship with Britain and in this new

book Barbara J Messamore explores the nature of these changes through an examination of the role of the governor general Guided by outmoded instructions and constitutional conventions that were not yet firmly established the governors general of the time Lord Elgin Sir Edmund Head Lord Monck Lord Lisgar and Lord Dufferin all wrestled with the implications of colonial self government The imprecision of the viceregal role made the character of the appointee especially important and biographical details are thus essential to an understanding of how the new experiment of colonial self government was put into practice Messamore's book marries constitutional history and biography providing illumination on some of the key figures of nineteenth century Canadian politics *Choosing Canada's Capital* David B. Knight,1991 This collection of documents set in a framework of introductory and explanatory comments vividly portrays the vexatious issue and the disparate sectional tensions it bared Expanded analysis illustrations new documents and maps are provided in this revised edition **Dictionary of Canadian Biography / Dictionnaire Biographique Du Canada** Frances G. Halpenny, Jean Hamelin,1990-05 These biographies of Canadians are arranged chronologically by date of death Entries in each volume are listed alphabetically with bibliographies of source material and an index to names *Improved by Cultivation* R.G. Moyles,1994-09-28 This anthology combines some of the finest writing by such well known writers as Leacock Moodie Ernest Thompson Seton and Lucy Maud Montgomery with fascinating pieces by lesser known names such as George Copway the first Canadian native writer to have his work published in English and Lady Agnes Macdonald the wife of Canada's first prime minister and a popular writer of great verve and enthusiasm In addition to three genres of fiction the anthology includes two important varieties of non fiction in which early Canadians made a strong and distinctive contribution Travel and Exploration Narratives and Memoirs and Descriptive Sketches *Ballots and Brawls* Patrice Dutil,2025-02-14 In September 1867 a few short months after the formation of the Dominion of Canada voters went to the polls for the inaugural election to affirm that the new government was answerable to the people The outcome was chaotic sometimes violent and left no doubt that the new democracy was going to be a noisy one In *Ballots and Brawls* the first book dedicated solely to the 1867 election Patrice Dutil offers readers a region by region look at the summer of that year concluding with a close examination of the election results Citizens battled over issues of economic progress taxation and defence while fights at the local level pitted English against French Protestants against Catholics and regionalists against nationalists Dutil's account captures the drama and outright violence at the polls and provides an engrossing introduction to the shared ideals disparate interests and big personalities involved Drawing together archival research newspaper accounts and a thorough review of the results at the polls Dutil delivers an engaging and detailed look at the election that started the country Canadian Books in Print. Author and Title Index ,1975 **Mackenzie King** Louise Reynolds,2005 Dead men they say tell the most interesting tales In Mackenzie King's case that is certainly true While he did not write his own life story because time simply ran out he did leave behind his extensive diaries and personal letters which are an author's dream come true Many writers

accessed this material with the result that more has been written about King than about any other Canadian Prime Minister. The primary interest was in him as a politician and as a result the personal side of his life was either neglected or used to ridicule his memory. You need only mention his name and you are told of his intense love for his mother of his interest in spiritualism to the extent of talking to the departed including his little dogs and then there were the reconstructed ruins at his summer house in Kingsmere. It does not go much deeper than that. What might have been learned about King's personal life had he written his autobiography. At one time he had considered doing this saying I should write my own memoirs when the right time comes not lay bare my soul before others. Had he written it would surely have been a heavily censored story. It is difficult to think that he would have told the reader of his storms of passion or details of his sessions at the little table. This book Mackenzie King: Friends & Lovers takes the reader into its confidence introducing first his family background then his closest friends male and female. As well there is a chapter on his association with the various Governors General of Canada from 1900 to 1950. Yes knowing King's life story as we now do it would be interesting to learn how he would have written about it. Spiritualism seems to be on the decline but has anyone consulted the weegieboard recently?

Prime Ministers' Wives Lavona Fercho, 2021-01-06 Being the wife of a Canadian prime minister offers both rewards and challenges. In *Prime Ministers' Wives* author Lavona Fercho presents a look at the wives and their lives as public figures. Beginning with Isabella Clark Macdonald and ending with Sophie Gregoire Trudeau this collection of thirteen biographical sketches reveals how the role of the wife of Canadian prime ministers has developed throughout the years. Fercho depicts how each wife coped with the battles and intrusions they faced at the prime minister's residence at 24 Sussex Drive. She shares how some wives adopted a minimal public lifestyle while the more gregarious accepted roles of charitable chair positions, press conferences as well as campaigns to promote their husband. Frank and revealing *Prime Ministers' Wives* tells how each wife handled the extreme pressures of the position. Whether personal or public reported experiences were of marital challenges including infidelity, parentage, alcoholism and mental illness as well as public verbal and physical assault, death threats and unrelenting scrutiny while promoting a societal recognition of women for equal status.

[Women Who Made the News](#) Marjory Louise Lang, 1999 However by providing news about women for women they made a distinctly female culture visible within newspapers chronicling the increasing participation of women in public affairs. *Women Who Made the News* is the remarkable story of the achievements of those journalists who helped raise women's awareness of each other in the period ending with World War II.

BOOK JACKET **New Books on Women and Feminism**, 1991 [The John A. Macdonald Retrospective 2-Book Bundle](#) Ged Martin, 2014-10-29 This special 2 book bundle contains a number of perspectives on a man who was arguably Canada's most famous political leader, a figure of legendary proportions in the history of Canada's birth and development. Ged Martin's biography tells Macdonald's story. Shook by Canada's 1837 rebellions, Macdonald sought to build alliances and avoid future conflicts. Thanks to financial worries and an alcohol problem he almost quit politics in 1864.

The challenge of building Confederation harnessed his skills and in 1867 he became the country's first prime minister. He drove the Dominion's westward expansion rapidly incorporating the Prairies and British Columbia before a railway contract scandal unseated him in 1873. He conquered his drinking problem and rebuilt the Conservative Party to regain power in 1878. The centrepiece of his protectionist National Policy was the transcontinental railway but a western uprising in 1885 was followed by the controversial execution of rebel leader Louis Riel. Although dominant nationally this popular hero had many flaws. Macdonald at 200 presents fifteen fresh interpretations of Canada's founding prime minister published for the occasion of the bicentennial of his birth in 1815. Crisply written by recognized scholars and specialists the collection throws new light on Macdonald's formative role in shaping government promoting women's rights managing the nascent economy supervising westward expansion overseeing relations with Native peoples and dealing with Fenian terrorism. A special section deals with how Macdonald has or has not been remembered by historians as well as the general public. The book concludes with an afterword by prominent Macdonald biographer Richard Gwyn. Macdonald emerges as a man of full dimensions an historical figure that is surprisingly relevant to our own times. Includes John A. Macdonald. Macdonald at 200 *The Lieutenant Governors of British Columbia*, 2019-05-18. The office of lieutenant governor has been a constant in British Columbia from the province's colonial beginnings to the modern era. Originally tasked with selecting the province's premier giving royal assent to provincial legislation and invested with the power to dismiss governments the role of the Crown's representative has continually evolved to meet the needs of society. Today the office's constitutional powers largely focus on community functions but the role of lieutenant governor is more than ceremonial. This was demonstrated after the 2017 provincial election when then Lieutenant Governor Judith Guichon accepted Premier Christy Clark's resignation and asked NDP leader John Horgan to attempt to form government rather than call a new election. BC's early lieutenant governors were the force behind infrastructure initiatives such as building roads railways and ships and investing in electric utilities and the forest industry. Although most came from the ranks of the British elite and often espoused policies that denied First Nations land rights and opposed the immigration of Chinese and Japanese people over time the office became more representative of the province's diverse population. In recent years lieutenant governors have played an increasingly activist role celebrating cultural excellence and promoting literacy creativity environmental awareness. Chinese Canadian David Lam 1988-95 had a mandate of intercultural understanding. Iona Campagnolo 2001-7 the first woman to hold the position in BC focused on empowering youth and women and fostering a spirit of public inclusiveness at Government House. Steven Point 2007-12 BC's first Indigenous lieutenant governor worked to establish libraries in First Nations communities. Chronologically arranged and rich with photographs this work by historian Jenny Clayton paints a vivid picture of the lives of BC's thirty lieutenant governors. Clayton's biographical essays capture the distinct personalities and events that have characterized the office from 1871 to the present offering a unique perspective on the evolution of the province.
