Aguafuertes Portenas Buenos Aires Vida Cotidia:

Aguafuertes porteñas Roberto Arlt, 2000 **Borges, un escritor en las orillas** Beatriz Sarlo, 2019-11-20 La gloria literaria de Borges ha llegado a un punto en que genera más admiradores que lectores Este libro trabaja en la dirección contraria proponiendo claves de lectura que impulsan a recorrer los textos borgeanos sin reverencias Con su estilo habitual que resulta accesible aun cuando hable de cuestiones complejas Beatriz Sarlo cuenta que el punto de partida de su libro es la extraeza que experimenta al ver las obras de Borges en los anaqueles de las librerías europeas convertido en un grande entre los grandes sin nacionalidad y la sensación de que en ese proceso de triunfal universalización algo se pierde o se diluye ese algo que atraviesa todos sus textos con tanta intensidad como la erudición y las referencias librescas es la ciudad que llamamos Buenos Aires la tradición de la literatura gauchesca desde el Martín Fierro hasta Don Segundo Sombra el dilema sarmientino entre civilización y barbarie su relación con poetas y escritores marginales como Evaristo Carriego y Macedonio Fernández o con los consagrados como Leopoldo Lugones Dosificando la admiración y la distancia Sarlo construye una pieza maestra de la crítica que permite leer por primera vez a Borges o volver a sus textos con más recursos con una mirada ampliada capaz de advertir el conflicto permanente que ponen en escena entre la apuesta cosmopolita visible en las citas las apropiaciones las traducciones la red de libros reales o imaginarios que pueblan sus acciones y el destino sudamericano que sella la suerte de los compadritos los orilleros los duelos cuerpo a cuerpo Ese suelo inestable entre dos orillas define la propia posición de Borges como el escritor genial que accede al canon occidental desde un país periférico Borges un escritor en las orillas es por todo esto un libro indispensable para seguir leyendo el corpus borgeano más allá de los homenajes **Sex & Danger in Buenos Aires** Donna J. Guy, 1991-01-01 A study of prostitution necessarily examines questions of power class gender and public health In Sex and Danger in Buenos Aires these questions combine with particular force During most of the time covered in this provocative book from the late nineteenth century well into the twentieth prostitution was legal in Argentina Fears and anxieties concerning the effect of female sexual commerce on family and nation were rampant Donna J Guy looks at many aspects of the debate that followed an escalating demand for prostitutes by Argentines and European immigrants She discusses the widespread fear of white slavery the merits of medically supervised municipal houses of prostitution the rights of local governments to restrict the civil liberties of citizens and foreigners the censorship of literature and music dealing with the plight of prostitutes and the potential criminality of unsupervised working women who might abandon their families Guy also describes attempts to deal with female prostitution rehabilitation modifications of municipal bordello laws and medical programs to prevent the spread of venereal disease She makes clear that the treatment of marginal women by liberal politicians and doctors helped promoted policies of repression and censorship that would later be extended to other unacceptable social groups Her study of how both local and national government in Argentina dealt with these women reveals important links between gender politics and economics **Aguafuertes porteñas** Roberto

Arlt, 2024-08-21 Leer hoy a Roberto Arlt no es solo una ventana hacia una Buenos Aires distinta a la actual modificada profunda y velozmente por la inmigración y sujeta constantemente a todo tipo de cambios en sus espacios geográficos y culturales. Es también la oportunidad de acercarse a una forma de pensar la escritura que no es del todo periodística ni tampoco del todo literaria aunque tenga algo de ambas o nos marque justamente que a fin de cuentas estos mundos no son irreconciliables entre sí.

Through the Kaleidoscope Vivian Schelling, 2000 Modernity in Latin America is defined above all by its multi-layered kaleidoscopic quality. Reminiscent of Octavio Paz's labyrinth it is a modernity which has accommodated a piling on of new traditions to old a blending of external cultures with local and of high cultures with more popular ones mixes which allowed a rich and celebratory avant-garde movement for example to emerge in the 1920s and prompted the explosive growth of cities like Rio de Janeiro. Many such cultural as well as technological innovations have occurred without equivalent changes in social and political life however and so the region has also been at the mercy of what might be termed an uneven development in many of its civic institutions. In this prestigious volume of original essays many of the best writers on the region are brought together to examine the nature and manifestations of a specifically Latin American modernity. Beatriz Sarlo and Nicolau Sevcenko write about Buenos Aires and Sao Paulo in an exploration of twentieth-century urban experience and shifting patterns of migration and immigration. Renato Ortiz and Ana Lopez look at mass media and the ways in which radio television and cinema have shaped modernity. Jose Jorge de Carvalho Jose de Souza Martins and Nelson Manrique address questions of religion politics ideology and social movements. Gwen Kirkpatrick and Beatriz Rezende explore the intricacies of artistic and literary modernism and Nestor Canclini and Ruben Oliven open the collection with essays which unravel the many forces the legacy of slavery the freedom from an unquestioning faith in development and progress the impact of globalisation that have given rise to a characteristically hybrid modernity.

Urban Chroniclers in Modern Latin America Viviane Mahieux, 2013-11-06 An unstructured genre that blends high aesthetic standards with nonfiction commentary the journalistic crónica or chronicle has played a vital role in Latin American urban life since the nineteenth century. Drawing on extensive archival research Viviane Mahieux delivers new testimony on how chroniclers engaged with modernity in Mexico City Buenos Aires and São Paulo during the 1920s and 1930s a time when avant-garde movements transformed writers and readers conceptions of literature. *Urban Chroniclers in Modern Latin America: The Shared Intimacy of Everyday Life* examines the work of extraordinary raconteurs Salvador Novo Cube Bonifant Roberto Arlt Alfonsina Storni and Mário de Andrade restoring the original newspaper contexts in which their articles first emerged. Each of these writers guided their readers through a constantly changing cityscape and advised them on matters of cultural taste using their ties to journalism and their participation in urban practice to share accessible wisdom and establish their role as intellectual arbiters. The intimate ties they developed with their audience fostered a permeable concept of literature that would pave the way for overtly politically engaged chroniclers of the 1960s and 1970s. Providing comparative analysis as well as reflection on

the evolution of this important genre Urban Chroniclers in Modern Latin America is the first systematic study of the Latin American writers who forged a new reading public in the early twentieth century Roberto Arlt y el lenguaje literario argentino Volker Jaeckel Rolf Kailuweit, 2021-06-24 Los estudios aquí publicados ubican al autor porteño dentro de la literatura de la gran ciudad como el representante más innovador de una estética literaria argentina que da voz a los marginados y enfoca los rápidos cambios sociales tecnológicos y económicos de la época *A History of Argentine Literature* Alejandra Laera, Mónica Szurmuk, 2024-05-16 Argentine Literature continues to figure prominently in academic programs in the English speaking world and it has an increasing presence in English translation in international prizes and trade journals *A History of Argentine Literature* proposes a major reimagining of Argentine literature attentive to production in indigenous and migration languages and to current debates in Literary Studies Panoramic in scope and incisive in its in depth studies of authors works and theoretical problems this volume builds on available scholarship on canonical works but opens up the field to include a more diverse rendering as well as engaging with the full spectrum of textual interventions from travel writing to drama from popular gauchesca to celebrated avant guard works Working at the crossroads of disciplines languages and critical traditions this book accounts for the wealth of Argentine cultural production and maps the rich diverse and often overlooked history of Argentine literature **The Grid and the Park** Adrián Gorelik, 2022-02-07 Since its publication in Spanish in 1998 *The Grid and the Park* not only revitalized studies on the history of Buenos Aires but also laid the foundation for a specific type of cultural work on the city an urban perspective for cultural history as its author would describe it that has had a sustained impact in Latin America Public space embodied in the grid of city blocks and the park system here appears as a particularly productive category because it encompasses dimensions of the material city politics and culture which are usually studied separately From Domingo Faustino Sarmiento's figurations of Palermo Park in the mid nineteenth century to Jorge Luis Borges's discovery of the suburb in the 1920s from the modernization of the traditional center carried out by Mayor Torcuato de Alvear in the 1880s to the questioning of that centrality by the emergence of the suburban barrio the book weaves the changing ideas on public space with urban culture to produce a new history of the metropolitan expansion of Buenos Aires one of the most extensive and dynamic urban centers of the early twentieth century *Los siete locos* Roberto Arlt, 2020-04-07 Desesperado por sus fracasos la falta de dinero y la ausencia de perspectivas de una vida carente de sentido Remo Erdoesain decide unirse a una sociedad secreta que pretende destruir orden imperante mediante una violenta revolución social de la que lo único que conoceremos es que será terrible y financiada por una gigantesca red de prostibulos regentados por Haffner El Rufián Melancólico Considerada la mejor novela argentina de todos los tiempos en una de sus columnas periodísticas el propio autor dir de *Los siete locos* El plazo de acción de mi novela es reducido Abarca tres días con sus tres noches Se mueven aproximadamente veinte personajes De estos veinte personajes siete son centrales es decir constituyen el eje del relato Siete ejes mejor dicho que culminan en un protagonista Estos individuos canallas y tristes viles

so adores están atados o ligados entre sí por la desesperación La desesperación en ellos está originada más que por la pobreza material por otro factor la desorientación que ha revolucionado la conciencia de los hombres dejándolos vacíos de ideales y esperanzas Hombres y mujeres en la novela rechazan el presente y la civilización tal cual está organizada Odian esta civilización Quisieran creer en algo arrodillarse ante algo amar algo Aunque quieren creer no pueden Todos ellos saben perfectamente que la felicidad les está negada pero como bestias encadenadas se revuelven contra esta fatalidad quieren ser felices y como el bien les ha cerrado las puertas piensan monstruosidades que los llenan de remordimientos de más necesidades de cometer delitos para ahogar el grito de sus conciencias malditas Publicada en 1929 Los siete locos culminar en Los Lanzallamas editada dos años después

Latin American Adventures in Literary Journalism Pablo Calvi, 2019-06-05 Latin American Adventures in Literary Journalism explores the central role of narrative journalism in the formation of national identities in Latin America and the concomitant role the genre had in the consolidation of the idea of Latin America as a supra national entity This work discusses the impact that the form had in the creation of an original Latin American literature during six historical moments Beginning in the 1840s and ending in the 1970s Calvi connects the evolution of literary journalism with the consolidation of Latin America's literary sphere the professional practice of journalism the development of the modern mass media and the establishment of nation states in the region

La Inteligencia Artificial llegó a la escuela Mario Cwi, 2024-06-25

A partir del día en que la inteligencia artificial llegó a la escuela el autor se propuso explorar en las aulas las potencialidades y riesgos que conlleva el uso de los bots conversacionales chatbots basados en esta tecnología. Las experiencias desarrolladas a lo largo de la obra reflejan los momentos novedosos que surgen cuando docentes y estudiantes se involucran en el arte de preguntar en la era de las respuestas automáticas instantáneas. Los docentes enfrentan varios interrogantes cómo planificar propuestas de enseñanza para que los estudiantes conversen de manera crítica con la inteligencia artificial. Cómo alcanzar este desafío manteniendo un rol activo y protagónico del docente. Cómo favorecer aprendizajes autónomos mediante herramientas que ofrecen resultados un tanto impredecibles. Cómo comprender el detrás de escena de la inteligencia artificial. En base a una sólida formación tecnológica y a una amplia trayectoria como docente y capacitador el autor responde estos desafíos y propone decisiones didácticas para que la interacción con la inteligencia artificial sea pedagógicamente significativa para los estudiantes.
