Ahi Te Quedas:

Ahí te quedas Terry McMillan, 1996 Zora y Franklin tienen poco más de treinta años y son negros y ambiciosos. Cada uno a su manera quiere mucho más de lo que la vida habitualmente ofrece a gente de su raza y clase social. Él es alto, muy atractivo, sin estudios formales pero autodidacta y espera tener algún día su propio taller de muebles de artesano. Entretanto vive como puede de trabajos en la construcción y tras el fracaso de su matrimonio ha optado por una suerte de solitario celibato con aventuras ocasionales. Hasta que conoce a Zora. Ella es guapa e independiente, ha estudiado en la universidad, enseña música y va camino de convertirse en una destacada intérprete y compositora. Tiene también algún que otro fracaso sentimental a sus espaldas y un secreto que teme confiar a los hombres que podrá amar es epiléptica. Y quiere encontrar el amor aunque este venga sin un título universitario e incluso sin empleo fijo. La autora de *Esperando un respiro*, una de las voces más resonantes de la literatura norteamericana actual, nos brinda una historia de amor divertida y rabiosamente contemporánea en la que Nueva York, los códigos sociales y escalas de valores de la sociedad negra, la desintegración de la familia y la escasez de hombres matrimoniales con que se encuentran las jóvenes universitarias negras entre otras cosas, son el apasionante telón de fondo.

African American Women's Literature in Spain Sandra Llopert Babot, 2023-05-31 This volume brings forward a descriptive approach to the translation and reception of African American women's literature in Spain. Drawing from a multidisciplinary theoretical and methodological framework, it traces the translation history of literature produced by African American women seeking to uncover changing strategies in translation policies as well as shifts in interests in the target context and examines the topicality of this cohort of authors as frames of reference for Spanish critics and reviewers. Likewise, the reception of the source literature in the Spanish context is described by reconstructing the values that underlie judgements in different reception sources. Finally, this book addresses the specific problem of the translation of Black English into Spanish. More precisely, it pays attention to the ideological and the ethical implications of translation choices and the effect of the latter on the reception of literary texts.

Mexican Folk Narrative from the Los Angeles Area Elaine K. Miller, 2014-08-27 Urban Los Angeles is the setting in which Elaine Miller has collected her narratives from Mexican Americans. The Mexican folk tradition, varied and richly expressive of the inner life not only of a people but also of the individual as each lives it and personalizes it, is abundantly present in the United States. Since it is in the urban centers that most Mexican Americans have lived, this collection represents an important contribution to the study of that tradition and to the study of the changes urban life effects on traditional folklore. The collection includes sixty-two legendary narratives and twenty traditional tales. The legendary narratives deal with the virgins and saints as well as with such familiar characters as the vanishing hitchhiker, the headless horseman, and the llorona. Familiar characters appear in the traditional tales: Juan del Oso, Blancaflor, Pedro de Ordimalas, and others. Elaine Miller concludes that the traditional tales are dying out in the city because tale telling itself is not suited to the fast pace of modern urban life and the situations and characters in the tales are

not perceived by the people to be meaningfully related to the everyday challenges and concerns of that life The legendary tales survive longer in an urban setting because although containing fantastic elements they are related to the beliefs and hopes of the narrator even in the city one may be led to buried treasure on some dark night by a mysterious woman The penchant of the informants for the fantastic in many of their tales often reflects their hopes and fears such as their dreams of suddenly acquiring wealth or their fears of being haunted by the dead Miller closely observes the teller's relation to the stories to the duendes the nimas Death God the devil and she notes the tension on the part of the informant in his relation to their religion The material is documented according to several standard tale and motif indices and is placed within the context of the larger body of Hispanic folk tradition by the citation of parallel versions throughout the Hispanic world The tales transcribed from taped interviews are presented in colloquial Spanish accompanied by summaries in English
