Training Opportunities in Community-based Primary Care Designed for Health

Professionals-in-training, 1996 *Handbook of Pediatric Psychology in School Settings* Ronald T. Brown, 2003-09-12 In recent years the escalating costs of health care have caused managed care programs to shift the delivery of pediatric psychological services away from specialized medical centers and into primary care and school settings One result has been a radical expansion of school psychology into issues of clinical intervention health promotion and the assessment of psychotropic medications School psychologists are now expected to either deliver or more likely to provide consultation regarding a wide variety of pediatric psychological services Because this is a recent phenomenon very few school based psychologists or allied health practitioners school counselors and social workers have received training in pediatric psychology The mission of this book is to provide them with a comprehensive and authoritative guide to their newly acquired responsibilities in such areas as psychotherapy psychopharmacology health promotion and prevention of disease This book is appropriate for anyone concerned with issues of pediatric psychology in school settings school psychologists pediatric psychologists clinical child psychologists as well as pediatricians and child psychiatrists

Encyclopedia of Special

Education Cecil R. Reynolds, Elaine Fletcher-Janzen, 2007-02-26 The Third Edition of the highly acclaimed Encyclopedia of Special Education has been thoroughly updated to include the latest information about new legislation and guidelines. In addition, this comprehensive resource features school psychology, neuropsychology reviews of new tests and curricula that have been developed since publication of the second edition in 1999 and new biographies of important figures in special education. Unique in focus, the Encyclopedia of Special Education Third Edition addresses issues of importance ranging from theory to practice and is a critical reference for researchers as well as those working in the special education field.

Pediatric First Aid for Caregivers and Teachers, 2013 Caregivers and teachers need to know what to do when a child is injured or becomes suddenly ill. Most injuries that require first aid care are not life threatening. However, first aid can sometimes mean the difference between life and death. This course is designed to give caregivers and teachers the education they need to effectively care for children.

Pediatric Amplification Ryan W. McCreery, Elizabeth A. Walker, 2017-06-30 Pediatric Amplification: Enhancing Auditory Access is a comprehensive resource that focuses specifically on the process of fitting children with hearing aids, a population that is underrepresented in the scientific and clinical literature. The text is based on a theoretical framework that posits that well-fit consistently worn hearing aids can optimize the auditory access of children with hearing loss. This theoretical framework serves as the basis for providing clinical care to children with hearing aids and their families. The content is organized around using best practices to provide aided audibility, promote consistent hearing aid use, and engage in high-quality linguistic input for children who wear hearing aids. The text is unique in its focus on the clinical management of amplification in the pediatric population using cutting-edge research based on the needs of children who are hard of hearing. It includes chapters dedicated to hearing assistance technology and case studies to illustrate the concepts presented. Pediatric Amplification is a professional resource for clinicians and audiologists who serve children who wear hearing aids and their families and can also be used in graduate courses for students in audiology, deaf education, and speech language pathology.
