Aim High:

Aim High Shawn Pryor, 2021 Friends Kerry and Zack can't get enough of their favourite superhero a bow and arrow toting character named Brave Bowie His magic arrows always save the day But when the friends sign up for archery lessons they soon learn that practice and hard work make real life archers great in the sport not cartoon tricks **Aim High** Marc Y. Chenevert, 2009-11-23 Aim High is my true story of coming to terms with being gay most of which occurred while I was a member of the US Air Force as an air traffic controller This book serves as a prime example of why the military's Don't ask don't tell policy regarding gays in the military needs to and should be eliminated in favor of a fair and fully accepting one With the launch of Aim High I am also committing myself to do all that I can to further this cause until it becomes a reality Meanwhile fasten your seatbelts **Aim High, Achieve More** Yvette Jackson, Veronica McDermott, 2012-08-10 Many urban educators live in fear of their schools being labeled failures of increasingly punitive sanctions of loss of respect and livelihood This fear pervades the entire school community affecting the physical mental and emotional well being of its members The authors of this guide to transformation in urban schools are convinced that the key ingredient for school renewal is fearless leadership Fearless leaders work in schools under resourced and overburdened and serve disproportionately large numbers of children who live in poverty and face racism daily They are ordinary educators committed to proving that demographics need not be destiny This inspirational yet practical book will help you bridge the divide that separates urban students from their birthright of a high quality education You will learn how to Adopt a leadership approach consisting of affirmation inspiration and mediation AIM that will transform your school into a flourishing learning community Build a leadership team of important stakeholders including students that is committed to improvement Tap into the resources that already exist in your school and jettison institutional arrangements that prevent your school from becoming an enriching and creative community Create supports that enable teachers to nurture their students potential to meet high standards and become self actualized learners Each chapter closes with reflections and activities that will help your leadership team produce its own roadmap for change Succeeding in the tough landscape of urban schools requires more than just passion and a sense of urgency it requires real skills Aim High Achieve More provides insights gleaned from real world experiences that will enable you to create a successful vibrant learning environment **Flying Tigers Aim High and Think Big** Al Lopez, 2010-02-09 About the Author AL Lopez was born in Antonito Colorado and learned to fly during his last year in high school while being absent from school Principal George Schilthuis summoned AL to his office to expel him Upon learning what AL was doing during his absence Mr Schilthuis chose to give AL permission to miss school three afternoons a week to work at the airport and fly AL was a pilot for the Flying Tigers for 35 years Since retirement AL has been a Real Estate Broker Toastmaster Auctioneer Youth Motivational Speaker and is an author AL resides in Leesburg Florida **FIRST Robots: Aim High** Vince Wilczynski, Stephanie Slezkycki, Woodie Flowers, 2007-05-01 Personal robots are about as advanced today as personal

computers were on the eve of the first IBM PC in the early 1980s They are still the domain of hobbyists who cobble them together from scratch or from kits join local clubs to swap code and stage contests and whose labor of love is setting the stage for a technological revolution This book will deconstruct the 30 regional winning robot designs from the FIRST Robotics Competition in 2006 The FIRST Robotics Competition held annually and co founded by Dean Kamen and Woodie Flowers is a multinational competition that teams professionals and young people to solve an engineering design problem in an intense and competitive way In 2005 the competition reached close to 25 000 people on close to 1 000 teams in 30 competitions Teams came from Brazil Canada Ecuador Israel Mexico the U K and almost every U S state The competitions are high tech spectator sporting events that have gained a loyal following because of the high caliber work featured Each team is paired with a mentor from such companies as Apple Motorola or NASA NASA has sponsored 200 teams in 8 years This book looks at 30 different robot designs all based on the same chassis and provides in depth information on the inspiration and the technology that went into building each of them Each robot is featured in 6 8 pages providing readers with a solid understanding of how the robot was conceived and built There are sketches interim drawings and process shots for each robot
