J. P. Bergmeier,Rainer E. Lotz,1997-01-01 Jazz was banned from German broadcasting as soon as the Nazis came to power in 1933 Yet throughout World War II American jazz and swing were core components of the Third Reich's propaganda Jazz classics such as W C Handy's famous St Louis Blues their lyrics neatly tampered with came over the airwaves alongside the famous Germany Calling programmes directed at Britain and allied forces around the world      **The Airwaves of New York** Bill Jaker, Frank Sulek, Peter Kanze,2015-05-07 From its inception in New York City radio dramatically changed the city The five boroughs became in some ways more united through the medium as common concerns were aired and given wider attention But as radio focused more on entertainment the city lost the last of its small town origins as people left the front stoop for the living room This heavily illustrated history traces the development and influence of AM radio in the New York metropolitan area as well as providing technical data and program schedules of the stations      **Bootlegging the Airwaves** Eleanor Patterson,2024-02-06 How fan passion and technology merged into a new subculture Long before internet archives and the anytime anywhere convenience of streaming people collected traded and shared radio and television content via informal networks that crisscrossed transnational boundaries Eleanor Patterson's fascinating cultural history explores the distribution of radio and TV tapes from the 1960s through the 1980s Looking at bootlegging against the backdrop of mass media's formative years Patterson delves into some of the major subcultures of the era Old time radio aficionados felt the impact of inexpensive audio recording equipment and the controversies surrounding programs like *Amos n Andy* Bootlegging communities devoted to buddy cop TV shows like *Starsky and Hutch* allowed women to articulate female pleasure and sexuality while *Star Trek* videos in Australia inspired a grassroots subculture built around community viewings of episodes Tape trading also had a profound influence on creating an intellectual pro wrestling fandom that aided wrestling's growth into an international sports entertainment industry      *INFINITELY ARMED - FATE CHAPTER 55* Dang The Bao ,2025-08-01 *INFINITELY ARMED FATE CHAPTER 55* Under Shen Yi's insistence everyone raised their hands and launched an unprecedented frenzy of killing It was truly frenzy of killing every time a monster was killed it had to be chopped into ten thousand pieces leaving no intact corpse Even for adventurers this kind of behavior was extremely rare in the past let alone this time it would be a thousand monster pieces in one fell swoop The blood that hit the face bunch after bunch fell on the

face soaking the entire person in the blood water not to mention Li Xiaoyao and the others these characters who had experienced the plot of the main story even the adventurers themselves felt disgusted and uncomfortable the intense killing and slicing of corpses formed the world's top level blood horror film and were truly performed by their side **Hell's Faire** John Ringo, 2003-05-01 ONCE MORE UNTO THE BREACH With the defenses of the Southern Appalachians sundered the only thing standing between the ravaging Posleen hordes and the soft interior of the Cumberland Plateau are the veterans of the 555th Mobile Infantry Dropped into Rabun Pass with a couple of million Posleen behind them and fourteen million to the front the only question is which will run out first power bullets or bodies But they have a hole carfar to the north the shattered SheVa Nine nicknamed Bun Bun is undergoing a facelift Rising from its smoking ashes is a new weapon of war armed with the most advanced weaponry Terra has ever produced capable of facing both the Posleen hordes and their redoubtable space cruisers Capable of dealing out Hell as only SheVa Nine can But when push comes to vaporization if Mike O Neal and the other members of the 555th are going to survive it will come down to how much Posleen butt Bun Bun can kick Prepare to eat antimatter Posleen boy At the publisher's request this title is sold without DRM Digital Rights Management **Freedom of the Air and the Public Interest** Benjamin, Louise M, 2001 **Scientific and Technical Aerospace Reports**, 1979 Lists citations with abstracts for aerospace related reports obtained from world wide sources and announces documents that have recently been entered into the NASA Scientific and Technical Information Database
