Norvell,2014-03-13 Historians may have locked the box on the JFK assassination and the life of Lyndon Baines Johnson but in reading James Norvells riveting out of the box tale you will shiver with nagging thoughts of intrigue and doubt Norvells semi fictitious story bolstered with historical facts is a spellbinding masterpiece He has interacted with principal characters particularly Madeleine Brown and Billie Sol Estes and done so in a personal manner and over an extended period of time The more you read the more youll wonder Could this have happened Be careful once you pick it up you wont put it down Dynamite John H Jack Grubbs Ph D Brigadier General Ret U S Army author of Dryline and Bad Intentions Jim Norvells unique approach to explaining the assassination of President Kennedy leads the reader into this complex and often difficult subject from a fresh direction I recommend this book primarily because it exposes even the experienced student of the subject to information with which he may not have been familiar and to possible associations between competing theories about what happened in Dallas that may indicate many of them are not necessarily mutually exclusive after all Mr Norvell does not pull any punches and does not sugar coat the assassination story in any way An engaging read Douglas P Horne formerly Chief Analyst for Military Records Assassination Records Review Board B A in History Ohio State University and author of Inside the Assassination Records Review Board Vol I V My classmate from the Naval Academy Jim Norvell has put together a very shocking scenario that leads to a very different assassination event than the lone gunman lone event Oswald did it type answer Instead he constructs a list of timed events with key power brokers in 1963 that provides a hard core conspiratorial assassination plot And if you are not entirely convinced these diverse power brokers can mesh and team to make the killing of a President possible then go very slowly through the chapters that lay down the assassination time lines Point by point bullet by bullet the historical novel unfolds But I assure you that it will not end with a lone event a lone gunman Two additional assassinations follow with the shootings of Martin Luther King Jr and Robert F Kennedy Norvell drives you back in time to the 60s to piece together for you an entirely different assassination than the one focused on Oswald and defended as such by the Warren Commission This is a very good read for all and especially for those who to this day can remember where we were on November 22 1963 Alexander J Krekich Vice Admiral U S Navy Retired B S U S Naval Academy 1964 M S A George Washington University 1972 U S Army Command and Naval War College 1978 I extend personal thanks to Jim Norvell for his deep insights for connections not uncovered anywhere else and for

still hardly known to the public But as this study developed it led to a series of revelations which brought us to an unexpected interpretation of this phenomenon Indeed it became all too obvious that there was a connection between these abductions and the absurd path that today s human society is taking More and more measures are being implemented that are threatening the health well being and freedom of human beings the world over under the guise of security purposes Those responsible for this are not only our leaders but occult forces which are exposed in this book We were therefore led to unveil what we can indeed refer to as the greatest treachery in human history extremely powerful dark forces have been acting on Earth for a very long time unbeknownst to our population These forces identified in this book are directly interfering in the governance of our world and are directly opposed to the harmonious evolution of Humankind putting us all in grave danger This book sheds an unprecedented new light on how this all relates to the tragic events Humanity has been going through since 2020

There Will Always Be Tomorrow Vern Thornton,2010-07-22 If one could go back to the time of the Big Band era and walk into a ballroom where the orchestra was playing a dreamy ballad such as Well Be Together Again and listen closely to the lyrics No tears no fears there always will be a tomorrow Well be together again then you could see how and most importantly why the title of this book came about This book could also be an unforgettable love story of a romance that had everything going against it but one lasting over 60 years It could also be an adventure epic of world wide travel to include a trip on the now defunct Concorde It could also be a glimpse into the lives of people living in a small Connecticut town It could be all of these things and much more and in truth it is If you go back to the Roaring Twenties you can follow the life of this man who hails from Jewett City Connecticut a small textile manufacturing community Follow him as he gives up a secure government job to become a newspaper reporter bureau chief and then editor with dramatic and often humorous events of those times A telephone call from a state senator leads him off in another direction this time in law enforcement with careers both in Connecticut and Florida prison systems where he eventually gets his own command with the Broward Sheriffs Office His final journey takes him to the Florida Attorney Generals office where he becomes founder of a nationally acclaimed program Throughout this book you will meet and get to know some of the most fascinating people found anywhere
