Aging And Social Work:

Social Work with the Aging Carol H. Meyer, 1975 *Handbook of Social Work in Health and Aging* Barbara Berkman, 2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families The volume s 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging A truly monumental resource this handbook represents the best research on health and aging available to social workers today **Social Work, Ageing and Society** C Paul Brearley, 2023-03-31 First published in 1975 Social Work Ageing and Society provides a basic understanding of the needs of older people in society It deals with the role of the old person in society and attitudes to old age as well as the physical emotional and social needs of the ageing individual It shows that material resources and social work skills can make a great deal of difference to the quality of life and health of elderly citizens and is concerned therefore not only with the process of ageing but also with the validity of techniques of social intervention against a background of limited practical resources for the elderly This book will be of interest to social work students and to members of other caring professions Social Work Practice with Older People Rory Lynch, 2013-11-13 Older people are the biggest service user group for social workers and an increasing proportion of the population In this refreshingly positive and practical textbook Rory Lynch draws on years of practice and teaching experience to show how to achieve best social work practice with older adults He takes a person centred approach which fosters respect by valuing the fact that elderly people have more lived experience than others Exploring the key theoretical approaches and methods of intervention this book helps social workers to identify understand and facilitate their service users wishes for well being and a fulfilling older age Chapters are practice driven containing case studies drawn from a range of care settings reflective questions and exercises Mapping directly onto the key modules on the social work degree this is essential reading for all student social workers especially as they prepare to go on their practice placement It is also valuable reading for qualified social workers Rory Lynch is Lecturer in Social Work at Robert Gordon University Gerontological Social Work Practice Enid Opal Cox, Rosemary Chapin, Elizabeth Kelchner, 2014-02-25 What are the challenges facing gerontological social workers today and in the near future This book gives you an essential overview of the role status and potential of gerontological social

work in aging societies around the world Drawing on the expertise of leaders in the field it identifies key policy and practice issues and suggests directions for the future Here you ll find important perspectives on home health care mental health elder abuse older workers issues and death and dying as well as an examination of the policy and practice issues of utmost concern to social workers dealing with the elderly With Gerontological Social Work Practice Issues Challenges and Potential you ll explore the differences between real situations and what demographics lead one to expect the need for social workers to focus on economic political and social issues in order to promote positive change the long term care insurance issues facing elderly Japanese citizens a Canadian perspective on social work practice with aging people practice techniques to use with aging African Americans strengths based and empowerment oriented ways to work with frail elderly the impact of multiculturalism on social policy and much more

Social Work in Health and Ageing Barbara Berkman, Daniel B. Kaplan, K. L. Sharma, 2015 In light of alarming predictions of the difficulties the world will face due to population ageing and with experts across the globe highlighting the benefits of interdisciplinary practice and multidisciplinary considerations for health and ageing this book is both timely and telling The fields of healthcare ageing and social work are often treated as discrete entities while all social workers deal with issues of health and ageing on a daily basis regardless of practice specialization The book contains contributions by experienced and prominent scholars of gerontology It provides social workers with knowledge of evidence based practice guidelines for effectively assessing and treating older adults and supporting their families The book paints a rich portrait of a variety of populations that social workers serve followed by detailed recommendations of best practices for an array of physical and mental health conditions
