Agnes Dream:

Agnes's Broken Dreams Judy King, 2023-01-20 It has been thirty years since Agnes last visited the country of her birth and upbringing While it is at the request of her aging narcissistic mother she has her own reasons for making the journey to Australia from her home on Mallorca Something has blighted her life since childhood Something has cast such a long shadow over her existence that her ability to grasp at life fully to appreciate her own sense of self worth to attain any semblance of happiness to trust without reservation has been damaged Those whom she chooses and who choose her seem to want only to exploit her Having undergone a long period of psychotherapy Agnes can now return to re experience the places that featured in her youth in the hope that burning questions will be answered haunting mysteries solved and buried memories let out into the light This is the vibrant heartening and often amusing tale of a buoyant and irrepressible woman whose natural energy and determination continue to drive her forward Having reached middle age she is determined to grapple with and heal the ills that have beset her [A Concordance to the Poems of John Keats](#) Michael G. originally published in 1982 **Keats, Modesty and Masturbation** Dr Rachel Schulkins, 2014-04-28 Examining John Keats's reworking of the romance genre Rachel Schulkins argues that he is responding to and critiquing the ideals of feminine modesty and asexual femininity advocated in the early nineteenth century Through close readings of *Isabella or the Pot of Basil* *The Eve of St Agnes* *Lamia* and *La Belle Dame sans Merci* Schulkins offers a re-evaluation of Keats and his poetry designed to demonstrate that Keats's sexual imagery counters conservative morality by encoding taboo desires and the pleasures of masturbation In so doing Keats presents a version of female sexuality that undermines the conventional notion of the asexual female Schulkins engages with feminist criticism that largely views Keats as a misogynist poet who is threatened by the female's overwhelming sexual and creative presence Such criticism Schulkins shows tends towards a problematic identification between poet and protagonist with the text seen as a direct rendering of authorial ideology Such an interpretation neither distinguishes between author protagonist text social norms and cultural history nor recognises the socio-sexual and political undertones embedded in Keats's rendering of the female Ultimately Schulkins's book reveals how Keats's sexual politics and his refutation of the asexual female model fed the design plot and vocabulary of his romances

Inventing William of Norwich Heather Blurton, 2022-05-06 William of Norwich is the name of a young boy purported to have been killed by Jews in or about 1144 thus becoming the victim of the first recorded case of such a ritual murder in Western Europe and a seminal figure in the long history of antisemitism His story is first told in Thomas of Monmouth's *The Life and Miracles of William of Norwich* a work that elaborates the bizarre allegation invented in twelfth century England that Jews kidnapped Christian children and murdered them in memory and mockery of the crucifixion of Christ In *Inventing William of Norwich* Heather Blurton resituates Thomas's account by offering the first full analysis of it as a specifically literary work The second half of the twelfth

century was a time of great literary innovation encompassing an efflorescence of saints lives and historiography as well as the emergence of vernacular romance Blurton observes She examines The Life and Miracles within the framework of these new textual developments and alongside innovations in liturgical and devotional practices to argue that the origin of the ritual murder accusation is imbricated as much in literary culture as it is in the realities of Christian Jewish relations or the emergence of racially based discourses of antisemitism Resisting the urge to interpret this first narrative of the blood libel with the hindsight knowledge of later developments she considers only the period from about 1150 1200 In so doing Blurton redirects critical attention away from the social and economic history of the ritual murder accusation to the textual genres and tastes that shaped its forms and themes and provided its immediate context of reception Thomas of Monmouth s narrative in particular and the ritual murder accusation more generally were strongly shaped by literary convention Was it wise?
