largely based on Anne Brontë's own experiences as a governess for five years. Like her sister Charlotte's novel *Jane Eyre*, it addresses what the precarious position of governess entailed and how it affected a young woman.

Plot Summary Agnes Grey is the daughter of Mr Grey, a minister of modest means, and Mrs Grey, a woman who left her wealthy family and married purely out of love. Mr Grey tries to increase the family's financial standing but the merchant he entrusts his money to dies in a wreck, and the lost investment plunges the family into debt. Agnes, her sister Mary, and their mother all try to keep expenses low and bring in extra money, but Agnes is frustrated that everyone treats her like a child. To prove herself and to earn money, she is determined to get a position as a governess. Eventually, she obtains a recommendation from a well-placed acquaintance, is offered a position, and secures her parents' permission. With some misgivings, she travels to Wellwood House to work for the Bloomfield family. The Bloomfields are rich and much crueler than Agnes had expected.

Biography Anne Brontë (1820–1849) was an English novelist and poet, the youngest member of the Brontë literary family. The daughter of Patrick Brontë, a poor Irish clergyman in the Church of England, Anne Brontë lived most of her life with her family at the parish of Haworth on the Yorkshire moors. She also attended a boarding school in Mirfield between 1836 and 1837. At 19, she left Haworth and worked as a governess between 1839 and 1845. After leaving her teaching position, she fulfilled her literary ambitions. She published a volume of poetry with her sisters, *Poems by Currer, Ellis, and Acton Bell* (1846), and two novels: *Agnes Grey* (based upon her experiences as a governess, published in 1847) and her second and last novel, *The Tenant of Wildfell Hall*, which is considered to be one of the first sustained feminist novels (appeared in 1848). Like her poems, both her novels were first published under the masculine pen name of Acton Bell.

Anne's life was cut short when she died of what is now suspected to be pulmonary tuberculosis at the age of 29.

Extrait All true histories contain instruction though in some the treasure may be hard to find and when found so trivial in quantity that the dry shrivelled kernel scarcely compensates for the trouble of cracking the nut. Whether this be the case with my history or not I am hardly competent to judge. I sometimes think it might prove useful to some and entertaining to others but the world may judge for itself. Shielded by my own obscurity and by the lapse of years and a few fictitious names I do not fear to venture and will candidly lay before the public what I would not disclose to the most intimate friend. My father was a clergyman of the north of England who was deservedly respected by all who knew him and in his younger days lived pretty comfortably on the joint income of a small incumbency and a snug little property of his own. My mother, who married him against the wishes of her friends, was a squire's daughter and a woman of spirit. In vain it was represented to her that if she became the poor parson's wife she must relinquish her carriage and her lady's maid and all the luxuries and elegancies of affluence which to her were little less than the necessities of life. A carriage and a lady's maid were great conveniences but thank heaven she had feet to carry her and hands to minister to her own necessities. An elegant house and spacious grounds were not to be despised but she would rather live in a cottage with Richard Grey.
