The Tide of the Mermaid Tears

Marcia Lynn McClure, 2011-07 Ember Taffee had always lived with her mother and sister in the little cottage by the sea. Her father had once lived there too but the deep had claimed his life long ago. Still her existence was a happy one and Ember found joy, imagination and respite in the sea and the trinkets it would leave for her on the sand. Each morning Ember would wander the shore searching for treasures left by the tides. Though she cherished each pretty shell she found, her favorite gifts from Neptune were the rare mermaid tears: bits of tinted glass worn smooth and lovely by ocean. To Ember, in all the world, there were no jewels lovelier than mermaid tears. Yet one morning Ember was to discover that Neptune would present her with a gift more rare than any other, something she would value far more than the shells and sea glass she collected. One morning Ember Taffee would find a living, breathing man washed up on the sand, a man who would own claim to her heart as full as Neptune himself owned claim to the seas.

Coleridge and the Abyssinian Maid Geoffrey Yarlott,2016-06-17 First published in 1967 this book seeks to show the causes which led to Coleridge s breakdown in 1802 and to indicate how his views on poetry changed as a result of it The approach is selective in that it only focuses on one part of Coleridge s life roughly 1793 1810 however the author attempts to relate a number of different areas of his activity and to trace his emotional and moral development more closely than might be possible in a full scale biography The account of Coleridge s life ends in 1810 when his relationship with the two key figures in his life Asra and Wordsworth had ruptured as this reflected which of Coleridge s Notebooks were available at the time
