Agriculture in the postbellum South Stephen I. de Canio, 1974 **A Companion to the American South** John B. Boles, 2004-03-12 A Companion to the American South surveys and evaluates the most important and innovative writing on the entire sweep of the history of the southern United States Contains 29 original essays by leading experts in American Southern history Covers the entire sweep of Southern history including slavery politics the Civil War race relations religion and women s history Surveys and evaluates the best scholarship on every important era and topic Summarizes current debates and anticipates future concerns Agriculture in the Postbellum South Stephen J. DeCanio, 1974 Exposicion de la situacion en que los negros libertos del sur de los estados unidos se encontraban al final de la guerra Esta situacion considera el autor tras un riguroso examen de las diversas circunstancias de la epoca no era de explotacion pues en ningun caso los salarios fueron inferiores al valor del producto marginal de su trabajo Essays in Twentieth-Century Southern Education Wayne Urban, 2014-03-05 A comprehensive treatment of the defining issues race class reform regarding education in this century of the American South The approaches range from broad based historical comparisons to analyses of select case studies **The Efficiency of Post-bellum Southern Agriculture** Arden Random Hall, 1975 **The Road to Redemption** Michael Perman, 2004-01-21 One of the most dramatic episodes in American history was the attempt to establish a two party political system in the South during Reconstruction Historians however have never systematically analyzed the region s political process during that era Michael Perman undertakes this task arguing that the key to understanding Reconstruction politics can be found in the factions that developed inside the two parties Not only did these factions play a crucial role in determining each party s policies and electoral strategies but they also shaped the course of the South s overall political development during this critical period In the first section of Road to Redemption Perman offers a provocative and original analysis of the characteristics and priorities of the two parties explaining how the South s untried and volatile party system operated during Reconstruction By the mid 1870s this system had begun to collapse The book s concluding section explains how and why the Republican party and Reconstruction were overthrown and describes the Democratic ascendancy that replaced them Perman s innovative study integrates the history of Reconstruction and Redemption and challenges the prevailing interpretation of who the Redeemers were and how they rose to power The Roots of Southern Populism : Yeoman Farmers and the Transformation of the Georgia Upcountry, 1850-1890 San Diego Steven Hahn Associate Professor of History University of California, 1983-08-25 In this examination of the rise of agrarian radicalism in the late 19th century South Hahn focuses on social change and popular consciousness while exploring populism s kinship with other movements such as labour radicalism *Slavery and Freedom on the Middle Ground* Barbara Jeanne Fields, 1987-01-01 Examines the history of slavery in Maryland and discusses the conditions of life of Maryland s slaves and free Blacks **The Impact of the Civil War and Reconstruction on Arkansas** Carl H. Moneyhon, 2002-01-01 This

groundbreaking study first published in 1994 draws on a rich variety of primary sources to describe Arkansas society before and during and after the Civil War While the Civil War devastated the state this book shows how those who were powerful before the war reclaimed their dominance during Reconstruction Most importantly the white elite s postwar commitment to a cotton economy led them to set up a sharecropping system very much like slavery in which workers had little control over their own labor In arguing for both change and continuity Moneyhon reconciles contemporary accounts of the war s effects while addressing ongoing debates within the historical literature A - Airports British Library,2012-05-21 No detailed description available for A Airports Land, Labour and Tenure: the Institutional Arrangements of Conflict and Cooperation in Comparative Perspective Clara Eugenia Núñez,1998 **The Facts of Reconstruction** Eric Anderson,Alfred A. Moss, Jr.,1991-05-01 Thirty years after the publication of John Hope Franklin s influential interpretative essay Reconstruction After the Civil War ten distinguished scholars have contributed to a new appraisal of Reconstruction scholarship Recognizing Professor Franklin s major contributions to the study of the Reconstruction era their work of analysis and review has been dedicated to him Although most of the contributors studied with John Hope Franklin The Facts of Reconstruction is not a festschrift at least not the conventional sense The book does not offer a comprehensive assessment of Franklin s remarkably wide ranging work in southern and Afro American history but instead engages his influential interpretation of Reconstruction The essays in The Facts of Reconstruction focus upon questions raised in Reconstruction After the Civil War Was southern white intransigence the decisive influence in Presidential Reconstruction What as the role of violence in southern redemption How successful were the educational experiments of the Reconstruction era Why did southern Republicans fail to build an effective coalition capable of surviving the pressure of racism In addition several essays discuss questions not directly addressed in Franklin s book since his pathbreaking work indirectly stimulated study in a variety of new areas For example contributors to The Facts of Reconstruction examine the ante bellum origins of Reconstruction evaluate the development of racial segregation during the late nineteenth century analyze the political and legal ideas behind the Reconstruction debates and study the prospering minority among blacks Representing a variety of perspectives the authors have sought to follow John Hope Franklin s admonition that Reconstruction should not be used as a mirror of ourselves If they have succeeded this book in honor of a profound scholar and inspiring teacher will provoke new discussion about the facts of Reconstruction
