into the context of the wider cultural economic and political conditions that surround it Providing a critical mapping of ideas and practices that have shaped the development of Chinese art Gladston shows how these combine to bind it to the structure of power and state both within and outside of China Focusing principally on art produced by artists from mainland China including painting film video photography and performance he also discusses art created in Taiwan Hong Kong Macau and diasporic communities Illustrated with 150 images Contemporary Chinese Art unravels the complexities of politics artistic practice and culture in play in China's art scene *Art and AsiaPacific*, 2005 Modern Sculpture Douglas Dreishpoon, 2022-10-25 This tapestry of primary sources is an essential primer on sculpture and its makers Modern Sculpture presents a selection of manifestos documents statements articles and interviews from more than ninety sculptors including a diverse selection of contemporary sculptors With this book editor Douglas Dreishpoon defers to artists whose varied points of view illuminate sculpture's transformation from object to action concept to phenomenon over the course of more than a century Chapters arranged in chronological sequences highlight dominant stylistic philosophical and thematic threads uniting kindred groups The result is an artist centric history of sculpture as a medium of consequence and character

2000 and Beyond Valerio Terraroli, 2010 The fifth book in the series this volume concludes this extraordinary publishing project by analyzing the fascinating and controversial phenomena of contemporary art Volume V maintains the structure that characterizes the four previous publications namely a spectacular gallery of images essays by major contemporary critics and the clever juxtaposition of the most diverse objects and topics In contrast it abandons the historical and thematic reconstructions and reference to the most familiar names and scientific categories to which contemporary events by their very nature cannot be subject And it chooses to describe the multi faceted tendencies of the contemporary age as day to day events which as such directly concern readers
