Karate-do Kevin L. Seiler, Donald J. Seiler, 2006 Karate Do evolved as a martial art in Okinawa where it was nurtured by centuries of Okinawan culture and innovation What inspired the ancient masters to develop these martial techniques and practices was the human instinct for self preservation not a desire for entertainment or sporting competition Traditional karate do should be practiced with this in mind Here you will find a complete personal training handbook to supplement training in any karate do system or other martial art style The authors have systematically organized their experiences and research into easily digestible segments and have included numerous photographs throughout the text This book will inspire you to train even more diligently and the experiences and research shared here will be useful on the journey of any traditional martial artist KARATE-DO: Traditional Training for all Styles, 2Ed.
