Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office,2003 *The Air Force Blue Book* Tom Compere,1960 **When Duty Calls** Carol Vandesteeg,2013-03-22 In this unique and wonderfully thorough handbook a military wife and mom shares practical advice about preparing and dealing with deployment of a loved one Carol Vandesteeg helps families learn what to expect as they prepare for deployment how to communicate while separated helping children through the separation and reuniting at the end of the tour of duty When Duty Calls also addresses the subject that is so painful to face the possibility that the loved one may not return **Airman** ,1981 **Air University Review** ,1984-05
Gender Camouflage Francine J. D'Amico,Laurie L. Weinstein,1999-03 Controversy about women in the military continues yet women's relations with the military go far beyond whether they serve in the ranks Gender Camouflage brings together a diverse array of authors to explore the controversy surrounding women's military service to examine the invisibility of civilian women who support the institution and to expose the military's efforts to camouflage their support and contributions Contributors first consider nurses servicewomen military academy students female veterans and lesbians The focus then shifts to military wives women employed by the DoD and female civilian military instructors whose work is less visible but no less essential to the institution The book also examines the experiences of women outside of the military such as comfort women near U S bases women engaged in peacework and women workers affected by military spending in the federal budget Analytic chapters are juxtaposed with first person narratives by women who have actually been there including a member of the first gender integrated class at West Point the first female civilian instructors at the U S Naval Academy and an African American Air Force Nurse Corps veteran Contributors include Connie Reeves Georgia Clark Sadler Gwyn Kirk and Joan Furey What Every Air Force Wife Should Know Ester Wier,1958 **Policing Sex and Marriage in the American Military** Kellie Wilson-Buford,2018-11-01 The American military's public international strategy of Communist containment systematic weapons build ups and military occupations across the globe depended heavily on its internal and often less visible strategy of controlling the lives and intimate relationships of its members From 1950 to 2000 the military justice system under the newly instituted Uniform Code of Military Justice waged a legal assault against all forms of sexual deviance that supposedly threatened the moral fiber of the military community and the nation Prosecution rates for crimes of sexual deviance more than quintupled in the last quarter of the twentieth century Drawing on hundreds of court martial transcripts published by the Judge Advocate General of the Armed Forces Policing Sex and Marriage in the American Military explores the untold story of how the American military justice system policed the marital and sexual relationships of the

service community in an effort to normalize heterosexual monogamous marriage as the linchpin of the military's social order. Almost wholly overlooked by military social and legal historians, these court transcripts and the stories they tell illustrate how the courts' construction and criminalization of sexual deviance during the second half of the twentieth century was part of the military's ongoing articulation of gender ideology. Policing Sex and Marriage in the American Military provides an unparalleled window into the historic criminalization of what were considered sexually deviant and violent acts committed by U.S. military personnel around the world from 1950 to 2000.

Good Military Wives Stay

Monica Henry, 2007-10-15. Women and men are socialized to accept and perform certain gendered roles: generally, man as warrior/protector and woman as caretaker/protected. The United States Military depends on the wives of servicemen to embrace these gendered roles in order to carry out military operations such as Operation Iraqi Freedom (OIF). The conservative nature of the military, its demand for obedience and loyalty, the dependency of military wives on the military community for financial and social support to cope with the hardships of military life, contribute to the reluctance of those opposed to OIF to publicly express this opposition and/or contribute to their negative perceptions of the antiwar movement. Although large-scale opposition to OIF among military wives is unlikely to avoid further alienating military wives and potential allies, members of the antiwar movement should consider the impact that specific methods of protest have on military families and engage in antiwar activities accordingly.
