Bioethics and Biolaw through Literature Daniela Carpi,2011-10-27 In recent years the well established field of human anthropology has been put under scrutiny by the new data offered by science and technology Scientific intervention into human life through organ transplants euthanasia genetic engineering experiments connected to the genetic code and the genome and varied other biotechnologies have placed ethical beliefs into question and created ethical dilemmas These scientific inventions influence our views on birth and death on the construction of the body and its technical reproducibility and have problematized the concept of the human persona The purpose of bioethics the science of life is to find new values and norms which will be valid for a multicultural society Bioethics is today a well respected topic of research that has brought together philosophers and experts to discuss the limits of science and medicine The aim of this book is to merge the two fields of bioethics and law or biolaw through the literary text by taking into consideration the transformations of the concept of persona at which we have nowadays arrived The new meaning of the term persona represents in fact the final point of a long standing quest for man s sense of his own being and human dignity and of his capacity to live in social interrelations The volume presents a wide range of perspectives comprising methodological approaches legal and literary aspects

Becoming Ray Bradbury Jonathan R. Eller,2011-08-10 Becoming Ray Bradbury chronicles the making of an iconic American writer by exploring Ray Bradbury s childhood and early years of his long life in fiction film television radio and theater Jonathan R Eller measures the impact of the authors artists illustrators and filmmakers who stimulated Bradbury s imagination throughout his first three decades Unprecedented access to Bradbury s personal papers and other private collections provides insight into his emerging talent through his unpublished correspondence his rare but often insightful notes on writing and his interactions with those who mentored him during those early years Beginning with his childhood in Waukegan Illinois and Los Angeles this biography follows Bradbury s development from avid reader to maturing author making a living writing for the genre pulps and mainstream magazines Eller illuminates the sources of Bradbury s growing

interest in the human mind the human condition and the ambiguities of life and death themes that became increasingly apparent in his early fiction Bradbury s correspondence documents his frustrating encounters with the major trade publishing houses and his earliest unpublished reflections on the nature of authorship Eller traces the sources of Bradbury s very conscious decisions following the sudden success of *The Martian Chronicles* and *The Illustrated Man* to voice controversial political statements in his fiction Eller also elucidates the complex creative motivations that yielded *Fahrenheit 451* *Becoming Ray Bradbury* reveals Bradbury s emotional world as it matured through his explorations of cinema and art his interactions with agents and editors his reading discoveries and the invaluable reading suggestions of older writers These largely unexplored elements of his life pave the way to a deeper understanding of his more public achievements providing a biography of the mind the story of Bradbury s self education and the emerging sense of authorship at the heart of his boundless creativity
