

My Story

I had just turned 18 a couple of weeks before. I was in the middle of my A-levels and had just started seeing someone. I was naive and when the condom split, I didn't really know what to or where to go and so just left it. With hindsight that was a mistake!

I never told my parents as I didn't think they would understand and I thought they would make me keep it. But having an abortion was one of the best decisions of my life.

I now have a successful career and the opportunity to make a difference. I have the most amazing fiancé and I'm pregnant again and excited for the future.

I can't know what life would have been like if I hadn't had that opportunity 15 years ago. But it wouldn't have been the life I wanted. I never doubted that an abortion was the right choice for me and the person I was seeing at that time.

I passionately believe it's a choice all should be entitled to make.
